DEPARTMENT OF SCHOOL BUILDINGS.

INVITATION FOR GENERAL BIDS FOR NEW NURSE'S ROOM AT THE CHARLESTOWN HIGH SCHOOL, MONUMENT SQUARE, CHARLESTOWN, MASS.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass, hereinafter referred to as the Awarding Authority, invites sealed general bids for new nurse's room at the Charlestown High School, Monument square, Charlestown, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Monday, July 31, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$400. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and

Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The general bids and the subbids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Awarding Authority designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority at the office designated above before twelve o'clock noon (Eastern Daylight Saving Time), Monday, July 24, 1961, at which hour and place they will be publicly opened and read aloud. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid so furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount specified in the following list for the respective subtrade shall be submitted by each subbidder with his subbid as filed with the Awarding Authority:

Plumbing\$100

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the date fixed for the opening of the general bids. In addition, neither the subbids filed by (a) the three lowest responsible and eligible subbidders for a subtrade nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), after presentation of a subcontract to the subbidder selected for that subtrade, by the general bidder selected as the general contractor.

Plans and specifications and other documents may be obtained at the office of the Awarding Authority, 26 Norman street, Boston, Mass., on or after Wednesday, July 12, 1961.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that only one such subbid was received and that the price is not reasonable for acceptance without competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

Proposals will be received until 2 o'clock P.M. (Eastern Daylight Saving Time), Tuesday, July 18, 1961, at the office of the Commissioner, first floor, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the Engineer's office, Parks and Recreation Department, 33 Beacon street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,500, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to

herein. Copies of said schedule may be obtained, without cost, upon application therefor at the Engineer's office of the Parks and Recreation Department.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and each in the sum of 100 per cent of the contract price, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

INVITATION FOR GENERAL BIDS FOR REPAIRS TO BURNHAM BUILDING AND PAVILION BUILDING, BOSTON CITY HOSPITAL, BOSTON, MASS.

The City of Boston, acting by the Board of Trustees in charge of its Hospital Department, hereinafter referred to as the Awarding Authority, invites sealed general bids for repairs to Burnham Building and Pavilion Building, Boston City Hospital, Boston, Mass.

General bids will be received until two o'clock P.M. (Eastern Daylight Saving Time), Wednesday, August 2, 1961, at the office of the Director of Hospitals, Room 204, Administration Building, Boston City Hospital, 818 Harrison avenue, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$600. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids and subbids will be deemed to relate to that signed set of specifications for the project on file at the office of the Director of Hospitals designated above and bidders will act at their own risk if any variance exists between the aforesaid set of specifications and the set (or sets) of specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of specifications furnished to the bidder is a true and complete copy of the set of specifications on file as aforesaid.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the office designated above, before twelve o'clock noon (Eastern Daylight Saving Time), Wednesday, July 26, 1961, at which hour and place they will be publicly opened and read aloud. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount specified in the following list for the respective subtrade, shall be submitted by each subbidder with his subbid as filed with the Awarding Authority:

Painting Work.....\$450

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the date fixed for the opening of the general bids. In addition neither the subbids filed by (a) the three lowest responsible and eligible subbidders for a subtrade nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), after presentation of a subcontract to the subbidder selected for that subtrade, by the general bidder selected as the general contractor.

Specifications and other documents may be obtained at the office of the Awarding Authority, designated above, on and after Monday, July 10, 1961.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that only one such subbid was received and that the price is not reasonable for acceptance without competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

\$90 MILLION DEVELOPMENT PROGRAM MOVES AHEAD

Mayor Collins' \$90 million development program took a significant step forward this week when the Boston Redevelopment Authority made formal applications to the federal government for approximately \$25 million to move the entire South End into project planning stages, and approximately \$10 million to accomplish the same ends in Charlestown. These applications also request allocation of study and survey funds to formulate the final blueprints of the two projects.

Development Administrator Edward J. Logue estimates that restoration and demolition work on the South End project will begin by October of 1962 if nothing interferes with the present schedule, and the Charlestown project should be under way long before that date. Both undertakings will require many months of intensive survey and planning, during which time the residents of the areas will be fully informed and encouraged to play an active role in formulation of the plans as they affect their own neighborhoods. Citizen committees, representing all segments of the South End and Charlestown communities, are now being formed to work closely with the BRA project directors. South End has a population of about 48,000 and Charlestown's is about 23,000.

Washington Park

Mr. Logue urged the Redevelopment Authority on Wednesday to approve extension of the proposed rehabilitation and renewal project in the Washington Park area of Roxbury—the city's first of that particular type—to embrace the area from Dudley to Seaver street, near Franklin Park. He predicted that the speed-up on renewal of the larger Roxbury area could see plans completed by the end of the year and ready for presentation to the local residents at a public hearing. An actual start on rehabilitation of homes—and clearance where necessary—could then get under way early in 1962.

Government Center

Paul J. Cifrino, president, along with the directors of Boston Center, Inc., met with the members of the Redevelopment Authority on July 12 to discuss their plan to erect a \$5 million, 18-story building alongside of the Government Center plaza. This group intends to file formal application with the BRA for approval of a "121A Charter" taking advantage of legislation passed by the 1960 Legislature designed to encourage private participation in redevelopment projects within the state.

Mr. Cifrino stated: "We hope to locate the building in the heart of the new Government Center area,

and present plans call for a building with approximately 180,000 square feet to house modern banking facilities, a nationally-known restaurant, and first-class office facilities. It will be contemporary in design and will have handsome plaza areas. Boston Center, Inc., is proud to join in the reconstruction of downtown Boston and to be considered a part of the Government Center project."

Mr. Logue informed the Redevelopment Authority that final plans for the \$28 million new federal office building will be submitted to the BRA by July 13, 1962, and that construction should be ready to proceed shortly afterward as part of the Government Center. The Authority was also urged by Mr. Logue to engage a business relocation officer to help in settling small businesses forced to move from the Government Center area when land takings are made. He suggested a Boston man experienced in real estate locally.

Joel Frisch, of Irvington, New Jersey, was approved by the Authority as chief planning analyst at \$10,000 a year. He will be paid entirely from project funds. Ten students were appointed as junior transportation aids on a temporary basis. Several secretarial and clerical appointments were also approved.

CITY SAVES \$107,000 BY READVERTISING CONTRACT

Mayor John F. Collins announced, on July 9, that a saving of \$107,000 will result from the re-advertisement and rebidding of the conversion of Boston City Hospital from D. C. to A. C. electric current.

The Mayor stated:

¶ On November 15, 1960, bids were opened for this work, and the apparent low bidder appeared to be Nager Electric Company, Inc., with a bid of \$955,000. However the Nager bid was not accompanied by plans and specifications for the project and the hospital trustees voted to award the contract to M. B. Foster Electric Company as the lowest eligible bidder in the amount of \$964,500.

¶ As a result of litigations in which the city's Law Department was one of the chief participants, the Massachusetts Supreme Court ruled that the contract with the Foster Company was null and void. Thus the contract was readvertised and on June 21 of this year bids were opened reflecting a saving of \$107,000 of the previous low bid.

Following is a list of the June 21 bids which shows M. B. Foster Company is the lowest:

Kenworthy & Taylor, Inc., \$1,-041,230.

William Gens & Sons, Inc., \$1,038,888.

Nager Electric Company, Inc., \$940,000.

M. B. Foster Electric Company, \$848,000.

Fire House Demolition

Acting Fire Commissioner Henry A. Scagnoli stated, on July 9, he will advertise for bids for demolition of the former fire house at 761 Saratoga street, East Boston.

Mr. Scagnoli said demolition is necessary in order to prevent the structure from becoming blighted and a hazard to children. He said it is expected that bids will be opened within two weeks and the contract awarded soon after.

City Registrar's Report for June, 1961

City Registrar Charles H. Mackie publishes the monthly figures on Boston births, marriages, and deaths for June as follows:

	1961	1960
Births.....	2,128	2,191
Marriages.....	766	826
Deaths.....	1,049	1,079

Totals for six months, January to June, are as follows:

	1961	1960
Births.....	11,689	11,594
Marriages.....	3,367	3,474
Deaths.....	6,199	6,641

The above figures refer to births, marriages, and deaths which occurred in Boston regardless of official places of residence.

POLICE DEPARTMENT ORDERS

June 29.

General Order No. 917.

The Boston Retirement Board having approved of same, the following-named police officers are retired from active duty under the provisions of the State-Boston Retirement System, effective at the close of business Friday, June 30, 1961:

Sergt. Bernard W. Fay, Division 17.
Patrolman James F. Hanley, Division 4.

July 10.

General Order No. 918.

A trial board, consisting of Captains Dennis F. Dalton, Herbert F. Mulloney, and John J. O'Keefe, having heard by reference a complaint made by Captain Charles J. Deignan, Division 13, against Patrolman John J. Kennedy and Allen J. Malloy, both of Division 13, charging them with violation of the rules and regulations of the Police Department, has reported a finding of guilty, recommending punishment duty of 70 hours each.

This recommendation is accepted and it is ordered that the said Patrolmen John J. Kennedy and Allen J. Malloy each perform 70 hours' punishment duty.

July 10.

General Order No. 919.

Patrolmen Gerald R. Bulman and Warren S. DeLaria, Special Service Squad, Superintendent's Office, are hereby commended for the performance of meritorious police duty, and each is granted three days' additional vacation.

At about 10.30 P.M. on Friday, June 9, 1961, Richard Conway and Joseph Bohan, employees of the First National Store,

22 Eliot square, Roxbury, were assaulted on the premises by an armed bandit and robbed of \$356.76, property of the First National Stores.

Patrolmen Bulman and DeLaria, on hearing the alarm sent out by the department dispatcher, proceeded to the area of Dudley and Warren streets, having in mind their knowledge of the section and the persons of questionable character who frequent it. Here they observed one Joseph Charlebois, 19 years, 18 Hillside road, Hull, Mass., who, on seeing the officers, fled before they could question him. Determined in their efforts to clean up this crime, the officers returned to the location at one o'clock the next morning. Here they again saw Charlebois and at that time were successful in taking him into custody and brought him to Headquarters for questioning regarding this and other crimes of robbery.

Charlebois stated that about 8.30 the previous evening, while in the Roxbury section with one James McDevitt, 19 years, 4008 Washington street, Roslindale, the latter displayed a .38 calibre revolver and asked him if he would like to go on a score. When Charlebois refused, McDevitt asked him for the use of his brown sport jacket for the purpose of concealing the revolver and Charlebois gave it to him. They then made plans to meet at 9 P.M. that same evening, but McDevitt failed to appear.

On Saturday, June 10, 1961, Patrolmen Bulman and DeLaria, with a woman witness to the crime, appeared in Roxbury Court. Warrant was secured for the arrest of James McDevitt, charging him with the crime of robbery while armed. At the same time Charlebois was arraigned as an accessory before the fact to this crime and held in \$2,000 bail for trial.

Investigation continued during the day of June 10, through Sunday, June 11. On Monday, June 12, 1961, Patrolmen DeLaria and Bulman, as a result of information received, went in their own automobile and on their own time to Falmouth, Mass. Here they contacted the local police, as well as summer real estate offices where they could learn of recent rentals. As a result of this tedious investigation they located a cottage on Riverside road, Snug Harbor, Mashpee, about ten miles from Falmouth, and with the local police set up surveillance of the premises. After several hours, McDevitt, unaware of their presence, came out of the cottage and was apprehended before he could offer resistance. In the following search of the cottage, one James Iggoe, 21 years, of 100 Chapel street, Norwood, was apprehended. In the cottage was found Charlebois' brown sport jacket, worn by McDevitt during the above robbery, and \$78.85 which he stated was part of the currency taken.

Lengthy interrogation of McDevitt brought out the fact that shortly after noon on Friday, June 9, 1961, he had committed an armed assault on a man in Gerry's Market at 147 Highland avenue, Roxbury, and took from him about \$40 in U. S. currency. No record of this robbery appeared on the records of the division. Patrolmen Bulman and DeLaria immediately contacted this man, one Gerry Clevenson, at his home. He confirmed McDevitt's story about the holdup and stated that he did not report it to the police because of threats on his life made by the bandit, if he should do so. Clevenson also stated that on March 9, 1961, at his Highland avenue store, he had been the victim of an armed holdup by the same bandit and robbed of \$125 in U. S. currency.

At the lineup at Headquarters on June 13, 1961, McDevitt was identified by all witnesses and admitted the above crimes. Later that morning, in Roxbury District Court, McDevitt, Charlebois, and Igoe were arraigned before Judge Tracey who, after hearing all the evidence, held them for the grand jury in substantial bail. They have since been indicted and are presently awaiting trial in Suffolk Superior Court.

The Police Commissioner is pleased to recognize the conscientious police work of Patrolmen Gerald R. Bulman and Warren S. DeLaria performed in the above case. By their intelligent and unremitting investigation, much of which was carried out on their own time, they effected the solution of the First National Store case, as well as two previous armed holdups, and the prompt apprehension of three criminals who were menacing the community.

In further recognition of this meritorious police duty, the commissioner is pleased to promote Patrolmen Bulman and DeLaria to the rating of detective third grade, effective at 7.45 A.M., Wednesday, July 12, 1961.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor approved the award of contracts, without advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

Fire Alarm Equipment

DEAR MR. MAYOR:

This office is in receipt of requisitions from the Fire Department for Gamewell Fire Alarm Equipment. Informal written quotations have been received from the Gamewell Company who is the manufacturer of the equipment requested.

Inasmuch as the Gamewell Company is the manufacturer and only source of supply of the equipment requested, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to the Gamewell Company. In this way, it is my opinion that the best interests of the city will be served.

Approximate total amount of contract will be \$6,704.44, net.

Respectfully yours,

MICHAEL A. DESIMONE,
Purchasing Agent.

GOVERNMENT CENTER COMMISSION.

Consultant Services

DEAR MR. MAYOR:

The Government Center Commission was created by chapter 624 of the Acts of 1958, as amended, to contract in the name and on behalf of the City of Boston for the preparation of a suitable site and the planning and construction thereon and the original equipping and furnishing of a new City Hall for said city.

The Government Center Commission has formally voted that James Edward Enright be employed for a period not to exceed six months to render services to the Commission as a consultant, which services are to include a systems and organization review and advice in connection with the transfer of operations from the old City Hall to the proposed new City Hall and the installation of equipment in said new City Hall. Such consultant is to receive compensation in the amount of \$2,450 which is to be paid from this Commission's appropriation for the period of his employment.

However, inasmuch as the type and nature of the work and services to be rendered by Mr. Enright entail ability and training of unusual character, such as do not, understandably, lend themselves to a public solicitation of bids therefor, the undersigned, for and on behalf of the Commission, respectfully requests that your written authority be granted to dispense with public advertising in the City Record for the subject services and to enter into a contract for the same with James Edward Enright in the aforesaid amount of \$2,450.

Respectfully yours,

GOVERNMENT CENTER COMMISSION,
By ROBERT M. MORGAN,
Chairman.

PUBLIC WORKS DEPARTMENT.

Garage Lift

DEAR MR. MAYOR:

On May 16, 1961, this department received bids for furnishing and installing a twin post lift at the Hancock Street garage, Dorchester, after publicly advertising in the City Record on May 6, 1961. This twin post lift is to be used for the lubrication of our equipment in Area Three, the Dorchester district. The installation of this lift will enable us to more efficiently service our automotive equipment and will cut down loss of time on trucks waiting to be serviced at the Highland Street and Forest Hill garages.

Two bids were received as follows:
L. and T. Construction Company, Inc., \$3,329; Hunt Marquardt, Inc., \$3,399.

Both bids were improper in form. As a result, I respectfully request authority to reject both bids and award a contract, without further advertising, to L. and T. Construction Company, Inc., for their bid price of \$3,329.

Respectfully,

JAMES W. HALEY,
Commissioner of Public Works.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor approved the award of contracts, without advertising, based on the following communications:

BUILDING DEPARTMENT. Demolitions

DEAR MR. MAYOR:

The houses numbered 66, 70, and 72 Fisher avenue, 56 Chestnut avenue, Ward 10, have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. The buildings are a menace to the neighborhood.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938 as amended, particularly section 116d thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

U. S.—66 Fisher avenue, \$920; 70 and 72 Fisher avenue, \$920; 56 Chestnut avenue, \$620; total, \$2,460.

Mystic.—66 Fisher avenue, \$1,825; 70 and 72 Fisher avenue, \$1,475; 56 Chestnut avenue, \$925; total, \$4,225.

Central.—66 Fisher avenue, \$1,000; 70 and 72 Fisher avenue, \$1,490; 56 Chestnut avenue, \$1,490; total, \$3,980.

Allstate.—66 Fisher avenue, \$1,650; 70 and 72 Fisher avenue, \$1,500; 56 Chestnut avenue, \$1,050; total, \$4,200.

Berardi.—66 Fisher avenue, \$1,700; 70 and 72 Fisher avenue, \$1,800; 56 Chestnut avenue, \$1,200; total, \$4,700.

L. & L.—66 Fisher avenue, \$820; 70 and 72 Fisher avenue, \$820; 56 Chestnut avenue, \$820; total, \$2,460.

N. Y.—66 Fisher avenue, \$1,700; 70 and 72 Fisher avenue, \$1,700; 56 Chestnut avenue, \$900; total, \$4,300.

The U. S. Wrecking Corporation and L. & L. Building Wrecking submitted the lowest aggregate bids. Lots were drawn and the U. S. Wrecking Corporation won the bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bidders were requested to submit an aggregate bid for the entire lot of houses, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

Bids for the demolition of individual houses were not requested because it would be a practical physical impossibility for several different wreckers to conduct efficient working operations simultaneously in individual houses. Under such conditions, there would be much mutual interference, and each wrecker would be exposed to severe hazards not under his control, by the operations of adjacent wreckers. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the lot, and that handling the houses as one unit results in lower administrative costs to the city than would result from handling three separate bids and contracts. Unit handling results, however, in this case, in a contract price higher than the \$2,000 statutory limitation upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety requiring immediate action, I ask your Honor's approval for the awarding of a contract to the U. S. Wrecking Corporation in the sum of \$2,460, without advertising, as required in the city charter.

Very truly yours,

ROBERT E. YORK,
Building Commissioner.

DEAR MR. MAYOR:

The houses numbered 25 Cook street, 88 Ferrin street, 64 Walker street, 20 Wall street, Ward 2, have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. The buildings are a menace to the neighborhood.

Accordingly in conformity with the provisions of chapter 479, Acts of 1938 as amended, particularly section 116d thereof, I have asked and

have received your Honor's permission to enter these various premises and to raze the structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Central.—25 Cook street, \$1,250; 88 Ferrin street, \$1,100; 64 Walker street, \$1,350; 20 Wall street, \$1,250; total, \$4,950.

Allstate.—25 Cook street, \$1,250; 88 Ferrin street, \$1,250; 64 Walker street, \$1,000; 20 Wall street, \$1,400; total, \$4,900.

U. S.—25 Cook street, \$700; 88 Ferrin street, \$700; 64 Walker street, \$900; 20 Wall street, \$900; total, \$3,200.

Mystic.—25 Cook street, \$1,290; 88 Ferrin street, \$1,440; 64 Walker street, \$1,400; 20 Wall street, \$1,390; total, \$5,610.

Berardi.—25 Cook street, \$1,700; 88 Ferrin street, \$2,900; 64 Walker street, \$1,698; 20 Wall street, \$1,700; total, \$7,298.

The U. S. Wrecking Corporation has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

The U. S. Wrecking Corporation has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bidders were requested to submit an aggregate bid for the entire lot of houses, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

Bids for the demolition of individual houses were not requested because it would be a practical physical impossibility for several different wreckers to conduct efficient working operations simultaneously in individual houses. Under such conditions, there would be much mutual interference, and each wrecker would be exposed to severe hazards not under his control, by the operations of adjacent wreckers. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the lot, and that handling the houses as one unit results in lower administrative costs to the city than would result from handling the houses as six separate bids and contracts. Unit handling results, however, in this case, in a contract price higher than the \$2,000 statutory limitation upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety requiring immediate action, I ask your Honor's approval for the awarding of a contract to the U. S. Wrecking Corporation in the sum of \$4,100, without advertising, as required in the city charter.

Very truly yours,

ROBERT E. YORK,
Building Commissioner.

PUBLIC WORKS DEPARTMENT. Water Supply Survey

DEAR MR. MAYOR:

As you know, one of the more serious problems found in the Public Works Department last year was water losses. In 1959 we had purchased 42,330,766,000 gallons from the MDC and sold to consumers only 26,720,132,000 gallons, a difference of 37 per cent. Of course, a considerable quantity of this difference is accounted for in unmetered use for municipal purposes, including public buildings, schools, parks and playgrounds and fire protection. Unavoidable leakage losses too would be attributed to the 37 per cent difference. Nevertheless, by comparison with other large cities, it appeared our unaccounted for water is excessive.

As part of a program to reduce water losses, the Pitometer Associate Engineers of New York City were engaged to conduct a water waste survey in a selected area of the city. This survey covering 155 of our total of 1,035 miles of pipe will soon be completed. Its cost is approximately \$18,000. Up through December, 1960, 97.1 miles of pipe were checked. Thirty-three hidden leaks accounting for 1,990,000 gallons were found.

In checking 19 large MDC meters, over-registration in three and a flow reversal in the fourth indicated a further loss of 2,346,000 gallons per day. Of large industrial meters checked, five were found under-registering to the total of 814,000 gallons per day. In all, losses representing 5,150,000 gallons per day or \$150,380 per year were found. While some of these leaks and losses would have been discovered in our normal Water Division operation, it is apparent that many would not have been. In my opinion, the results of the Pitometer survey has proven that it should be continued.

The Pitometer Associates are particularly qualified in this field. At my request they have submitted a proposal to extend their survey to do the remaining 190 miles of water line of Public Works Area No. 1. The charge will be the same as 1960, ninety dollars (\$90) per day for engineer and equipment with a guarantee of completing the 190 miles in 245 days, making the total maximum cost for this service no more than \$22,050.

Inasmuch as I know of no other firm offering comparable services and since the proposed charges are not excessive, your permission is requested to dispense with the public advertising of bids and to award a contract to Pitometer Associates, Inc., for a water waste survey in Public Works Area 1 at a cost not to exceed \$22,000 at the rate of \$90 per each work day.

Respectfully,

JAMES W. HALEY,
Commissioner of Public Works.

CHELMSFORD ST. WIDENING

Dorchester

The Mayor and Public Improvement Commission have approved the widening and construction of Chelmsford street, Dorchester district, at the northwesterly corner of Charlemont street.

The project is described as follows:

NORTHWEST CORNER OF
CHARLEMONT STREET

The highway named Chelmsford street is hereby widened at the northwesterly corner of Charlemont street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Penelope Anagnos, bounded:

Northeasterly by Charlemont street, twelve and 77-100 feet; southeasterly by the northwesterly line of Chelmsford street as it existed prior to this order, twelve and 77-100 feet, and northwesterly by the northwesterly line of Chelmsford street as widened under this order, twenty and 19-100 feet on a curve of thirteen and 00-100 feet radius, containing thirty-five square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Chelmsford street as hereby widened is bounded:

Northeasterly by Charlemont street, twelve and 77-100 feet; southeasterly by the northwesterly line of Chelmsford street as it existed prior to this order, twelve and 77-100 feet, and northwesterly by the northwesterly line of Chelmsford street as hereby widened, twenty and 19-100 feet on a curve of thirteen and 00-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

SOUTHWEST CORNER OF
CHARLEMONT STREET

The highway named Chelmsford street is hereby widened at the southwesterly corner of Charlemont street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Mary E. Walsh, bounded:

Northeasterly by Charlemont street, thirteen and 24-100 feet; northwesterly by Chelmsford street as it existed prior to this order, thirteen and 24-100 feet, and southwesterly by the southwesterly line of Chelmsford street as widened under this order, twenty and 65-100 feet on a curve of thirteen and 00-100 feet radius, containing thirty-eight square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Chelmsford street as hereby widened is bounded:

Northeasterly by Charlemont street, thirteen and 24-100 feet; northwesterly by Chelmsford street as it existed prior to this order, thirteen and 24-100 feet, and southwesterly by the southwesterly line of Chelmsford street as hereby widened, twenty and 65-100 feet on a curve of thirteen and 00-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

ACTION ON DAMAGES

Noted, That this commission determines that the undermentioned persons sustain damages in their estate by the making of the public improvement consisting of the widening and construction of Chelmsford street, Dorchester district, under an order of the commission of June 14, 1961, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Mary E. Walsh, 38 square feet, \$1.

Penelope Anagnos, 35 square feet, \$1.

INVITATION FOR GENERAL BIDS FOR REPAIRING
FURNITURE AT VARIOUS SCHOOLS, DISTRICT
1, BOSTON, MASS.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairing furniture at various schools, District 1, Boston, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Thursday, July 27, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Superintendent of Construction of the Department of School Buildings designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

Specifications and other documents may be obtained at the office of the Awarding Authority.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do, in accordance with section 44D, chapter 149, of the General Laws, as amended.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairing furniture at various schools, District 2, Boston, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Thursday, July 27, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Superintendent of Construction of the Department of School Buildings designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

Specifications and other documents may be obtained at the office of the Awarding Authority.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do, in accordance with section 44D, chapter 149, of the General Laws, as amended.

INVITATION FOR GENERAL BIDS FOR FURNISHING AND INSTALLING NEW CAST IRON BOILERS AND NEW OIL BURNING EQUIPMENT AT THE SAMUEL W. MASON SCHOOL, NORFOLK AVENUE, ROXBURY, MASS.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for furnishing and installing new cast iron boilers and new oil burning equipment at the Samuel W. Mason School, Norfolk Avenue, Roxbury, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Thursday, August 3, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,500. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The general bids and the subbids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Awarding Authority designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority at the office designated above before twelve o'clock noon (Eastern Daylight Saving Time), Thursday, July 27, 1961, at which hour and place they will be publicly opened and read aloud. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

All such subbids must be submitted on the form for subbid furnished by the Awarding

Authority, and any such subbid not filed on the form for subbid so furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount specified in the following list for the respective subtrades shall be submitted by each subbidder with his subbid as filed with the Awarding Authority:

Heating	\$500
Covering	\$100
Oil Burning Equipment, Oil Piping, etc.	\$300
Electrical Work	\$100

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the date fixed for the opening of the general bids. In addition, neither the subbids filed by (a) the three lowest responsible and eligible subbidders for a subtrade nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), after presentation of a subcontract to the subbidder selected for that subtrade, by the general bidder selected as the general contractor.

Plans and specifications and other documents may be obtained at the office of the Awarding Authority, 26 Norman Street, Boston, Mass.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that only one such subbid was received and that the price is not reasonable for acceptance without competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

INVITATION FOR GENERAL BIDS FOR CONSTRUCTION OF A NEW LABORATORY WITHIN THE MALLORY BUILDING AT THE BOSTON CITY HOSPITAL, BOSTON, MASSACHUSETTS.

The City of Boston, acting by the Board of Trustees in charge of its Hospital Department, hereinafter referred to as the Awarding Authority, invites sealed general bids for construction of a new laboratory within the Mallory Building at the Boston City Hospital, Boston, Massachusetts.

General bids will be received up until twelve o'clock noon (Eastern Daylight Time), Wednesday, August 9, 1961, at the office of the Director of Hospitals, Room 204, Administration Building, Boston City Hospital, 818 Harrison Avenue, Boston, Massachusetts, at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,750. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Massachusetts. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws, (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of

compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids and the subbids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Director of Hospitals designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the office designated above, before twelve o'clock noon (Eastern Daylight Time), Wednesday, August 2, 1961, at which hour and place they will be publicly opened and read aloud. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, through Shepley Bulfinch Richardson & Abbott, 1 Court Street, Boston, Massachusetts, and any such subbid not filed on the form for subbid so furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount specified in the following list for the respective subtrades, shall be submitted by each subbidder with his subbid as filed with the Awarding Authority:

Roofing and Sheet Metal.....	\$100
Metal Furring, Lathing and Plastering.....	\$100
Paint, Painting, Finishing and Epoxy Coating.....	\$110
Plumbing.....	\$580
Heating, Ventilating and Air Conditioning.....	\$700
Electrical Work.....	\$330
Acoustical Treatment.....	\$100

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the date fixed for the opening of the general bids.

In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), after presentation of a subcontract to the subbidder selected for that subtrade, by the general bidder selected as the general contractor.

Plans and specifications and other documents may be obtained at the office of the Architect, Shepley Bulfinch Richardson & Abbott, 1 Court Street, Boston, Massachusetts, upon deposit of a certified check in the amount of \$15 per set of plans and specifications, payable to the City of Boston. The amount of the deposit, per set of plans and specifications, will be refunded upon return thereof in good condition to the Awarding Authority with the general bid, or upon return thereof in good condition to Shepley Bulfinch Richardson & Abbott, not later than 30 days after the opening of general bids (Saturdays, Sundays, and legal holidays excluded).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that only one such subbid was received and that the price is not reasonable for acceptance without competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

CITY OF BOSTON.

BOARD OF ELECTION COMMISSIONERS.

INVITATION FOR BIDS FOR THE TRANSPORTATION AND DELIVERY OF VOTING MACHINES FROM TIME TO TIME WITHIN THE CITY OF BOSTON, DURING THE CALENDAR YEAR 1961, WHEN, AND AS ORDERED BY AND ON NOT LATER THAN THE DATE OR DATES TO BE DESIGNATED BY THE AWARDING AUTHORITY.

The Board of Election Commissioners of the City of Boston, Room 111, City Hall Annex, invites bids from citizens of the United States and corporations or other legal associations wherein the controlling interest, to the extent of at least one half thereof, is owned by a citizen or citizens of the United States, for the transportation and delivery of voting machines from time to time within the City of Boston, during the calendar year 1961, when, and as ordered by and on not later than the date or dates to be designated by the Awarding Authority. A bond will be required for doing the work of a surety company approved by the Board in the sum of \$1,000, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 111, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Transportation of Voting Machines," and left at Room 111, first floor, City Hall Annex, before 12 M. (Eastern Daylight Saving Time) on Thursday, July 27, 1961, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then be publicly opened and read in Room 111, City Hall Annex.

The proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder, with the City Auditor previous to the time named for opening the bids.

The Contractor must prove to the satisfaction of the Board that he has complied with all the rules and regulations of the Department of Public Utilities relating to the carrying on of the work under the contract. Before commencing the performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

BOARD OF ELECTION COMMISSIONERS,
DAVID LASKER,
Chairman.

PARKING METER INCOME \$125 MILLION

Parking meters are doing a thriving business, the American Municipal Association reported. A survey by the association showed that about 2 million meters collect \$125 million a year at curbs and in parking lots of 3,850 cities and towns in the nation.

A survey, reported in Traffic Quarterly, showed that nearly two thirds of the meters are set at 5 cents an hour and most of these sell twelve minutes' parking for a penny.

"STRETCH AREA" IN PROPERTY APPRAISALS CRITICIZED

July 19, 1961.

To the Honorable the Mayor.

The effect of real estate appraisal practice in land taking cases has been a costly drain on the City. The total of the awards and settlements which the City has had to pay, in whole or in part, and which have been influenced by the extraordinarily high appraisals set by property owners, is enormous.

The amazing aspect of this matter is the extent to which the appraisal made for the property owner so often runs far ahead of the appraisal for the Government (city or state). The unfortunate result is the fact that the midpoint, which is usually the point of settlement, is thus set very high.

An Incredible Difference

There is an incredible difference in appraising judgment when one appraiser sets a figure which is more than three times greater than that set by the Government. How can professional appraisers be so far apart? Six cases of property takings by the City in recent years illustrate the kind of widespread difference between the appraisal for the City and that for the owner. The percentages by which the owner's appraisal exceeded that of the appraisal made by the City were, respectively, 43 per cent, 78 per cent, 82 per cent, 68 per cent, 80 per cent, 100 per cent.

The City feels the effect, not only of awards and settlements made on strictly municipal cases, but also MTA and MDC takings, since

Boston is billed for the lion's share in meeting the costs of these agencies. One of the cases referred to in the preceding paragraph was an MTA case. In this case the MTA had submitted expert evidence valuing the property between \$225,000 and \$290,000; the owners' appraisal set the value between \$900,000 and \$980,000. The court found the value to be \$420,000. This case illustrates vividly how wide the spread in appraisals can be.

Appraisals involve a lengthy series of purposes and jurisdictions, including, off-street parking, urban renewal, MTA, Appellate Tax Board, MDC., *et al.*

Gigantic Boston Landtakings

Boston has embarked on the most gigantic property-taking program in the history of the City. The Government Center and the rest of the urban renewal program will involve tens of millions of dollars in property takings. It is estimated that about \$20 million will be involved in land takings in the Government Center alone and probably several times that figure in the entire urban renewal program. It is obviously imperative, therefore, that awards made by the City or by agencies which ultimately levy part of such costs on the City be kept to a fair minimum. To accomplish this, appraisals between the contending parties must fall within reasonable limits.

If it is the contention that appraisals involved in property

takings are conscientiously and professionally arrived at, then there is an obvious need for appraisal standards. If this is the case, it is high time for agreement on principles.

The City can not afford to be victimized, directly or indirectly, by this "rubber band" sequence. The longer the stretch between appraisers, the higher the midpoint, which is the customary approximate point of compromise.

"Stretch Area"

In many cases of settlement, and in the trial of cases before juries and in jury-waived sessions, the method followed is to divide the opposing appraisals by two, resulting in the City's paying more than the true value of the property.

The Finance Commission believes that only by the development of an attitude of objectivity on the part of appraisers, without an exaggerated loyalty to the client involved, and by a set of recognized standards, can this "stretch area" be minimized.

The Finance Commission, therefore, as a first step in this direction, respectfully suggests that you call a conference of the local members of the American Institute of Real Estate Appraisers and the Boston Bar Association, in the interest of moving in the direction of the development of uniform standards. This is no mere academic matter when the City has so much at stake.

FANEUIL HALL ORATOR APPRAISES FREEDOM'S DESTINY

Edward M. Kennedy,* Assistant District Attorney of Suffolk County, delivered the annual Independence Day Oration at Faneuil Hall.

He spoke as follows:

To speak in this hall of halls, on this day of days, is an honor to which I make no pretense of being equal. What orator would not be awed to speak where Webster spoke—and Everett and Choate and Garrison and Wendell Phillips? What patriot would not be moved to stand where Otis stood—and Hancock, Warren, Quincy, and John Quincy Adams?

It was here, just 200 years ago, that the first sparks of independence were fanned by James Otis in his eloquent denunciation of the colonial writs of assistance.

It was here in 1774, one year before Lexington and Concord, that John Hancock, in saluting the fourth anniversary of the Boston Massacre, vowed his eternal enmity to tyranny.

I could go on. The list is endless. My hope was to select one speaker and one speech as a keynote to my own. But the wisest historian would be hard put to name the most memorable event that has occurred in this "cradle of liberty," less than 200 years ago a meeting place of the revolution, more than 100 years ago the fountainhead of anti-slavery sentiment. And the most erudite scholar of rhetoric would be equally hard put to judge who, of the many orators heard in this hall, deserves to be called the most eloquent.

Was it Horace Mann, 119 years ago today, urging the establishment of schools "for the education of the whole people"? "Pour out light and truth," he declared, in words still meaningful today, "as God pours out sunshine and rain. Collect whatever of talent, or erudition, or eloquence, or authority the broad land can supply—and go forth and teach this people."

Or was it Daniel Webster, in 1826, with this great hall draped in black, paying a moving tribute to John Adams and Thomas Jefferson, whose lives had fittingly ended a month earlier on the same day, on the 50th anniversary of the independence they had struggled to achieve?

Or should this distinction be awarded to Charles Sumner's famous address on the Emancipation Proclamation—or Edward Everett's eulogy to Lafayette—or Wendell Phillips' biting attack on those who compromised with slavery?

If our search is for words which have meaning today—if we want above all to recall some

message which befits our generation in our time, then perhaps we should go back to July 4, 1793, and young John Quincy Adams. The nation was brand new. Its wars at last seemed over. But, said John Quincy, "Should the voice of our country's calamity ever call us to her relief, we swear by the precious memory of the sages who toiled and of the heroes who bled at her defense that we will prove ourselves not unworthy of the prize which they so dearly purchased."

From such moving annals of eloquence, from so famed a roster of patriots, how can one be selected above others? Massachusetts is proud of all her forebears—enriched by the history they made—inspired by the grandeur of their language. But I would recall to you today one who was not a son of Massachusetts or any American state—who made no history here—and who was not at home in either our city or our language. And yet his words, spoken here in Faneuil Hall, have a meaning for Americans today that is worthy of any ever uttered from this platform.

The time was 1852. The speaker was Louis Kossuth. His cause was the freedom of his native Hungary, then—as now—trampled by Russian tyranny. Kossuth had fled into exile, traveling this nation to plead for help. He came to Boston, and to Faneuil Hall, and he was given a tremendous ovation in what was then called the "cradle of American liberty."

He began slowly, quietly, referring to this historic title. "It is," he said, "a great name—but there is something in it which saddens my heart. You should not say 'American liberty.' You should say 'liberty in America.' Liberty should not be either American or European—it should just be 'liberty'."

For when the liberty of one is snuffed out, he said, the liberty of all is in peril. Freedom could not long survive in America if we regarded it as our own exclusive blessing—if we were indifferent to its denial in other lands.

He spoke more than a century ago; and yet his words are even truer now than then. In 1852 liberty was still a series of islands in a sea of kingdoms. In 1961 liberty is indivisible.

We live in an age Kossuth could not foresee—the age of intercontinental ballistic missiles, supersonic bombers, and push-button warfare. We live in an age of common markets and common defense, of far-flung alliances and far-off bases.

Just as our own independence was secured only through the active collaboration of its thirteen colonies, so today the preservation of free nations is determined by their mutual interdependence. Just as the appeals of our own revolution have been contagious for many new nations, so now the erosion of freedom becomes a common peril.

The independence of West Berlin, now newly threatened in the jaws of a Communist vise—the independence of Laos and Vietnam, so newly won after years of colonial rule and yet so desperately endangered by Communist pressure—the independence of new nations and poor nations and small nations all over the globe, weakened by internal decay and external disorder—the independence of all these nations, far-off, foreign, sometimes unfriendly, is unbelievably essential to our own.

For Kossuth was right, “You should change ‘American liberty’ into ‘liberty,’” he said at this historic hall. “And then that which found a cradle in Faneuil Hall would never find a coffin through all the coming days.”

The sad facts of the matter are that America in 1852, in that stormy decade before brother fought against brother, was too caught up with its own problems to give Kossuth much more than its sympathy. But what of America today? The liberty and independence of other nations have become our problem. Are we too caught up in other matters to see our duty and do it? Are we too immersed in petty affairs, daily tasks and human comforts to heed the call to greatness? Are we too blind, too narrow, too selfish to realize that the fall of Berlin could be a prelude to the fall of Boston—that the despair of homeless masses in Chile could ignite a chain of events bringing despair to Massachusetts—that guerillas infiltrating South Asia could be the forerunner

of missiles devastating South Boston?

I know there is no shortage of patriotism, no lack of courage. There is no dearth of latter-day Paul Reveres, who ride through the streets shouting “To arms, to arms, the Russians are coming!” But arms are not enough. And shouting is not enough.

We must support the President in his every move and request which better prepares us for an era of trial for an age of crisis. No mind should go untrained. No hands or machines should be idle. No racial or religious crisis should slow our efforts.

As in 1775 our own example and our own achievements will be the most important measure of our influence abroad. Unless we sustain high levels of initiative and excellence at home, our stature abroad will be stunted and the growth of free nations interrupted. It is a fact of history that America’s world role and influence have been greatest in those moments when we have shown imagination and achievement in our own nation.

We must be fit, in mind and body. We must build an example for all—in the health and housing of our people, in the fruit of our farms and factories, in our generosity at home and abroad. And we must, as the President has reminded us, be “as a city upon a hill” in the conduct of our government at every level. Surely we can say in 1961, as John Hancock said in this very hall in

1774: “I thank God that America abounds in men who are superior to all temptation, whom nothing can divert from a steady pursuit of their country’s interest, who are at once its ornament—and its safeguard.”

America does abound in such men today. The spirit of Hancock and Adams and Otis and all the rest is not dead, though sometimes silent. But today every voice should be heard. Every hand should be raised. Every heart should speak out—not on Independence Day alone, but until all are independent—not on behalf of American liberty alone, but liberty for all mankind.

There is inscribed on the portals of our Capitol the words that inspired Kossuth: “Remember that there is a community in mankind’s destiny—and we belong to that community. And so do the citizens of Berlin—and the peasants in Laos—and the villagers in Angola and Peru. We are all citizens of that community. We are all caught up in that destiny. And as Sumner said here 100 years ago: “If ever there was occasion when our country might claim the best effort of us all—it is now. Each in his way must act. Each must do what he can.”

And to his words I can only add: Each of us will labor—and together we shall prevail.

**Attorney Kennedy was the third member of his family to deliver the Independence Day oration at Faneuil Hall. His brother, John F. Kennedy, then Congressman, now President of the United States, was the orator in 1946, and the orator’s grandfather, the late Mayor John F. Fitzgerald, delivered the oration in 1896 while a member of Congress.*

We believe that property owners should be paid fair cash value; but merely because the Government (city or state) is the purchaser is no reason for the Government to pay several times the value, or even one dollar more. This is the taxpayers' money.

Plan Worked Out To Insure Proper Fire Alarms In Schools

At a conference in the office of Mayor John F. Collins, on July 19, attended by the Fire Commissioner, the School Buildings Commissioners, and the Corporation Counsel, a plan was worked out whereby a three-phased inspection procedure will be followed in each of the city's 195 school buildings to insure the proper operation of fire alarms.

Mayor Collins announced that the city intends to solicit bids for a private fire alarm service company to make monthly checks on every master box at schools, and make systematic checks on all auxiliary boxes. This service will cost an estimated \$12,000 to \$15,000 a year.

The second phase is a quarterly check by the Fire Department on the private firm's monthly inspections, this check to be made in the course of routine fire egress inspections.

In the third phase, fire alarm signal boxes will be moved from custodians' quarters to the headmaster's or principal's office. The principal will make his own check with Fire Headquarters at prescribed intervals to assure the system registers on a test.

This conference was called by the Mayor as the result of disclosures in an engineering survey published last week by the School Buildings Commission that 160 of the city's 195 schools had, in varying degrees, defective fire alarm systems.

DISABLED VETS' ABATEMENTS

Commissioner of Assessing Robert A. Grimes, on July 18, requested all disabled veterans to forward applications for abatement to City Hall. Abatement applications along with certificates of disability were mailed to veterans by the city and Veterans' Administration early last month. Mr. Grimes noted that under the law, veterans who receive 10 per cent or more disability compensation are entitled to a \$2,000 abatement on their property tax. The applications should be mailed to Assessing Department, third floor, City Hall Annex, Boston.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor approved the award of contracts, without advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

Tractor Mower

DEAR MR. MAYOR:

This office is in receipt of a requisition for one (1) 1961 Worthington Park Chief, Model G, Tractor Mower, to be delivered to the Parks and Recreation Department. An informal written quotation has been received from Sawtelle Brothers.

Sawtelle Brothers holds the exclusive franchise from Worthington Mower Company for Worthington tractors and gang mowing combinations in the State of Massachusetts east of and including Worcester County. Owing to this fact, it is my opinion that no advantage would be gained by publicly advertising for prices.

Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Sawtelle Brothers. Approximate total amount of contract will be as follows: list price, \$2,450, less trade-in allowance, \$100—\$2,350, less 2 per cent discount, 15 days.

Respectfully yours,

MICHAEL A. DESIMONE,
Purchasing Agent.

Sewer Pump Parts

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Sewer Service of the Public Works Department for parts for Worthington pumps. Worthington Corporation, the manufacturer of the parts requested, has submitted an informal written quotation.

Inasmuch as the aforementioned company is the manufacturer as well as the only source of supply for the pump parts, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Worthington Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$8,051.46, f.o.b. Harrison, New Jersey, net, 30 days.

Respectfully yours,

MICHAEL A. DESIMONE,
Purchasing Agent.

BUILDING DEPARTMENT

Steeple Work

DEAR MR. MAYOR:

On May 15, 1961, I secured your Honor's approval for the awarding of a contract, without advertising, in the sum of \$4,300, to the Corey Steeplejacks, Inc., 1500 Middlesex street, Lowell, Mass., for the removal of a portion of the steeple of the Clarendon Street Baptist Church, 2 Clarendon street, Ward 4.

As I then stated, the major portion of the steeple was in an unsafe and dangerous condition and was, in fact, in imminent danger of falling into the

street, and it was urgently necessary to begin its demolition without avoidable delay. Two steets had been closed.

We took bids at the site, and a contract was awarded to the Corey Company upon the assumption that the steeple was 150 feet in height, as shown in the department atlases. The company delivered a crane with a 200-foot boom, but upon commencing the work the company found that the steeple actually was 200 feet in height and it became necessary to extend the boom to a length capable of reaching above that height. A 30-foot boom extension, together with a counterweight, had to be brought from Lowell. Meanwhile, the contractor lost over a day's time awaiting delivery of the boom extension, and in reregging the crane.

The Corey Company has now submitted an additional bill for \$440 to cover this unanticipated contingency. I regard this additional charge as reasonable and just, and the extra cost was not due to the fault of neglect of the contractor. Accordingly, I request your Honor's approval of an amendment to the original contract, by adding the sum of \$440 to it. The gross amount of the contract will then be \$4,740, a charge which is extremely reasonable in the circumstances.

Very truly yours,

ROBERT E. YORK,
Building Commissioner.

DEPARTMENT OF SCHOOL BUILDINGS Gas Ranges

DEAR MR. MAYOR:

I respectfully request your Honor's permission to make an award of contract, without advertising, based upon the following conditions:

It is the opinion of the school officials that certain types of gas ranges are necessary for the proper education of students in the field of Domestic Science and Arts. These particular ranges are distributed by the Boston Gas Company, 100 Arlington street, Boston, who have given a special price to the City of Boston due to the fact that the ranges are to be used for educational purposes and are in unison with their modernization program for schools and colleges.

Requisition No. 3359, dated May 18, 1961, requesting that twelve ranges of a specific manufacturer and type be provided in various schools, was forwarded to this department by Dr. Frederick J. Gillis, Superintendent of Schools, and it is the intention of this department, with your approval, to purchase these ranges on the basis of the unit prices set forth in the letter from the Boston Gas Company, copy attached.

Based on the foregoing, your Honor's approval is requested to enter into a contract, without advertising, with the Boston Gas Company, 100 Arlington street, Boston, Mass., for the purchase of these gas ranges, in the amount of \$2,301.93.

In making this request I feel that under the circumstances no advantage would be gained by publicly advertising, the School Department will have the ranges that they believe necessary for the proper training of the students, and in every respect the best interests of the City of Boston will be preserved.

Respectfully yours,

WILLIAM A. McPHERSON,
Acting Superintendent of Construction.

GOVERNMENT CENTER COMMISSION Architectural Competition

DEAR MR. MAYOR:

On June 9, 1961, following my communication of May 8, 1961, your Honor authorized the award of a contract in the sum of \$75,000, without advertising, to Lawrence B. Anderson to direct the conducting of a national competition looking toward the city's selection of an architect for the new City Hall.

At this time, I would like, on the behalf of the Government Center Commission, to supplement my aforesaid earlier letter by proposing to your Honor that the costs of drafting, reproduction of drawings, and miscellaneous supplies, incident to the preparation of the competition program and the conduct thereof, be considered as part of and as included within, the estimated \$15,500 competition expenses.

Respectfully yours,

GOVERNMENT CENTER COMMISSION,
By ROBERT M. MORGAN,
Chairman.

PUBLIC BOND ISSUES AT ALL-TIME HIGH

Voters in November elections throughout the nation approved approximately \$3.2 billion in state and local bond issues. This was a record in terms of dollar volume, but only because of a \$1.75 billion issue for water works construction approved by California voters in a close election.

INVITATION FOR GENERAL BIDS FOR NEW RETAIL SALES ROOM AT THE DORCHESTER HIGH SCHOOL, PEACEDALE ROAD, DORCHESTER, MASS.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for new retail sales room at the Dorchester High School, Peacedale road, Dorchester, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Monday, August 7, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Superintendent of Construction of the Department of School Buildings designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

Plans and specifications and other documents may be obtained at the office of the Awarding Authority on or after July 26, 1961.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do, in accordance with section 44D, chapter 149, of the General Laws, as amended.

DEPARTMENT OF SCHOOL BUILDINGS.

INVITATION FOR GENERAL BIDS FOR REPAIRING FURNITURE AT VARIOUS SCHOOLS, DISTRICT 5, BOSTON, MASS.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairing furniture at various schools, District 5, Boston, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Monday, July 31, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Superintendent of Construction of the Department of School Buildings designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

Specifications and other documents may be obtained at the office of the Awarding Authority.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do, in accordance with section 44D, chapter 149, of the General Laws, as amended.

(2) The fine the payment of which shall operate under Section 20A of Chapter 90 of the General Laws as a final disposition of an offense subject to said section committed in the city of Boston shall be as follows:

A. IN DOWNTOWN BOSTON.

(a) For every offense subject to said section committed by the offender within the jurisdiction of the court and in the aforesaid downtown area of the city of Boston—

(i) If such offense is a violation either of clause (5) or clause (6) or clause (10) or clause (12) of section 1 of Article IV of these rules and regulations, or of clause (5) or clause (6) or clause (10) or clause (12) of section 2 of Article IVA of these rules and regulations, which clauses respectively prohibit in the parts of said downtown area respectively covered by said Articles parking near a fire station, parking near a hydrant, parking so as not to leave a clear and unobstructed lane at least ten feet wide, and parking in such a manner as to obstruct the movement of a streetcar, trackless trolley or bus—Fifteen Dollars.

(ii) If such offense is a violation either of clause (1) or clause (11) or clause (16) of section 1 of Article IV of these rules and regulations or of clause (1) or clause (11) or clause (16) of section 2 of Article IVA of these rules and regulations, which clauses respectively prohibit in the parts of said downtown area respectively covered by said Articles parking within an intersection, parking on the roadway side of a vehicle stopped or parked at the curb or edge of a roadway, and parking where signs have been placed for the purpose of facilitating street cleaning or snow removal—Ten Dollars.

(iii) If such offense is a violation of section 15A of Article IV of these rules and regulations prohibiting,

with certain exceptions, parking between 12.01 A.M. and 8 A.M.—Two Dollars.

(b) For every other such offense so committed—

(i) If it is the first, second or third other such offense so committed in any one calendar year—Three Dollars.

(ii) If it is the fourth, fifth, sixth, seventh, eighth or ninth other such offense so committed in such calendar year—Five Dollars.

(iii) If it is the tenth or subsequent other such offense so committed in such calendar year—Ten Dollars.

B. OUTSIDE DOWNTOWN BOSTON.

(a) For every offense subject to said section committed by the offender within the jurisdiction of the court and in the city of Boston but not in the aforesaid downtown area thereof—

(i) If such offense is a violation of clause (5), or of clause (6), or of clause (10), or of clause (12), of section 1 of Article IV of these rules and regulations prohibiting, respectively, parking near a fire station, parking near a hydrant, parking so as not to leave a clear and unobstructed lane at least ten feet wide, and parking in such a manner as to obstruct the movement of a streetcar, trackless trolley or bus—Three Dollars.

(b) For every other such offense so committed—Two Dollars.

(3) Whenever it becomes necessary to ascertain whether a person owning two or more motor vehicles is chargeable as such owner with a first, second, third, fourth, fifth, sixth, seventh, eighth, ninth, tenth or subsequent offense, such question shall, in the case of vehicles singly registered, be determined separately with respect to the particular vehicle involved in such violation and, in the case of vehicles subject to Section 5 of said Chapter 90, with respect to the particular number plate or plates used on the vehicle involved in such violation at the time thereof.

(4) For the purposes of this section the period beginning with September 1, 1961, and ending with December 31, 1961, shall not be deemed to be a part of the calendar year 1961, but shall constitute a separate calendar year.

GROUNDWORK LAID FOR BIG ANTI-LITTER DRIVE

Mayor John F. Collins is determined to solve on a permanent basis the problem of litter-strewn streets in Boston.

Early this fall the city will place 500 trash baskets in business and shopping districts in the first phase of a long-range civic cleanup.

Distribution of the metal baskets will coincide with the launching of an educational program by the Citizens' Committee for a Cleaner Boston. This committee represents a wide variety of interests throughout the city—church, civic, business, labor, and professional.

Three hundred of the baskets will be small and adapted to mounting on utility poles. The other 200 will be large sidewalk receptacles.

The Mayor's cleanup director, Salvatore J. Messina, promises that more baskets will follow. He says he is aiming at a goal of a basket on all four corners of busy pedestrian intersections, and several on the sidewalks in the middle of city blocks. He cites New York where 25,000 baskets were originally distributed, several of them in each block. Mr. Messina says one of the many reasons Boston's streets are so full of litter is that the pedestrians have had insufficient receptacles to dispose of their trash. The baskets, bids for which will be opened on July 31, will be accompanied by a colorful sign designed by the Bresnick Advertising Agency, the firm working with the Citizens' Committee.

Assisting the nongovernment committee's campaign will be radio and television stations, newspapers, schools, churches, and community groups. A pamphlet containing a readable paraphrase of current health and sanitary ordinances, will be distributed early in the campaign.

A similar campaign in New York, directed by a nongovernmental group, transformed that city from one of the dirtiest to a national award winner for its cleanliness, states Mr. Messina.

A key to the success of the New York anti-litter campaign was the all-out cooperation of the police who handed out "litterbug" tickets left and right to persons seen dropping trash on streets and sidewalks. A similar police drive is planned in Boston in an effort to make all citizens aware of their responsibility to make Boston a cleaner city.

Meanwhile the Public Works Department has geared its activity to the anti-litter drive. Sanitary Division trucks and crews are fully prepared to service the new litter baskets in addition to the ones already in place on downtown street corners.

Public Works Commissioner James W. Haley has been given a sizeable share of the recent \$3 million equipment loan to strengthen his street-sweeper fleet and provide more trucks for cleanup crews. Public alleyways, particularly in the

South End, are getting close attention. A South End civic group recently wrote to Commissioner Haley commending him for his efforts, stating that the alleyways in that area have not looked so clean in years.

Serving as a good right arm to the Public Works Department in the rooming house and kitchenette apartment sections of the city are the policemen and the Health Department inspectors who are becoming increasingly active in bringing people into court for the flagrant dumping of paper bags filled with garbage and refuse on public streets and alleyways. The law enforcement officers have been noticeably encouraged in their efforts by a pronounced attitude of cooperation on the part of the municipal court judges. The judges, too, are showing keener interest in the cleaner Boston campaign. There has also been a marked stepping up of law enforcement with regard to landlords who fail to provide proper garbage and refuse disposal containers for their tenants.

The aggravations caused to the city's street cleaners by parked automobiles on residential streets are also being mitigated through the cooperation of the Public Works and Police Departments. The Public Works men post signs announcing that the street sweepers are coming through, and the police tag and cause many cars to be towed whose owners fail to observe the parking regulations.

WATCHMEN AT DISCONTINUED LAUNDRY SUBJECT OF SECOND NOTE FROM FIN. COM.

July 20, 1961.

DEAR MAYOR COLLINS:

On June 23, 1961, the Finance Commission sent a communication to the City Council, a copy of which was forwarded to your office, which discussed the matter of the disposition of the Dover Street bath and laundry.

In the course of this communication, the Finance Commission pointed out:

"The City has spent over \$30,000 in providing a continuous watchman service on these premises since the facilities were closed in *April, 1960*, notwithstanding the fact that the laundry equipment, which would be the principal object of protection, is valued at far less than that figure." (italics added.)

In fact, apart from the heating equipment in the basement, the laundry equipment has an estimated market value of less than \$10,000.

The Finance Commission recommended "that the premises in question be closed and boarded up, carefully secured against vandalism, and that the present watchman service be discontinued immediately."

This recommendation has not been adopted and the expensive watchman service still continues. Each week this watchman service means an unnecessary expenditure of close to \$500.

The Finance Commission respectfully calls this condition to your attention and strongly urges that action be taken to discontinue this watchman service.

Respectfully,

EDWARD W. BROOKE, *Chairman,*
The Finance Commission.

THOMAS J. MURPHY,
Executive Secretary.

Mayor Opposes City Taking Over MDC Responsibilities

Mayor John F. Collins, on July 21, stated that the transfer of the care, control, and policing of Metropolitan District Commission recreation facilities to the City of Boston is definitely not desirable to the city's point of view.

The Mayor said, "rather than transfer these facilities to the city, I would expect that the MDC improve the maintenance, function, and facilities of these playgrounds, as a small contribution to the City of Boston for the tremendous sums which are levied on Boston in ever-increasing MDC assessments."

Reports on File of Out-of-Town Meetings

Filed with the Mayor

The following reports are on file in the Mayor's Office on the attendance of city officials at out-of-town meetings or conventions pertaining to their respective fields of endeavor:

Report of John F. McCarthy, Sealer of Weights and Measures, on his attendance at the 46th National Conference on Weights and Measures in Washington, June 12-16, 1961.

Report of City Clerk Walter J. Malloy on his attendance at the Fifteenth Annual Conference of the International Institute of Municipal Clerks in New York City, May 15-18, 1961.

Report of Assistant Fire Chief John E. Clougherty on his attendance at the National Fire Protection Association Convention in Detroit, May 14-19, 1961.

Filed with the School Committee

The following reports are on file with the School Committee on the attendance of School Department personnel at out-of-town meetings or conventions:

Report of Eugene G. Branca, Head of Department, Boston Latin School, and Daniel F. O'Connell, Head of Department, Dorchester High School, on their attendance at

the Mathematics Curriculum Development Conference at North Andover, Mass., April 26 to 28, 1961.

Report of Joseph McKenney, Director of Physical Education, Boston Public Schools, on his attendance at the 76th Anniversary Convention of the American Association for Health-Physical Education-Recreation at Atlantic City, March 17-21, 1961.

Northeast Airlines Has City Support In Florida Run Plea

Mayor John F. Collins, on July 21, directed Corporation Counsel Arthur G. Coffey to intervene on behalf of Northeast Airlines in the New York-Florida renewal case now pending before the Civil Aeronautics Board.

Northeast is petitioning the Board to grant permanent rights to certain routes between Boston and Florida points which were granted to it on a five-year basis in 1956. The Mayor indicated that he considered the retention of these rights as a vital importance to Boston and New England.

"Not only are the Florida runs important in themselves," the Mayor said, "but loss of them could have a detrimental effect on the amount and quality of the local service which Northeast will be able to furnish in New England."

FIRE DEPARTMENT ORDERS

July 19.

General Order No. 31.

I. EDWARD P. CONLEY.

It is with deep regret that the Fire Commissioner announces the death on July 12, 1961, of Fire Fighter Edward P. Conley of Engine Company 53. Fire Fighter Conley was appointed to the department on January 26, 1949.

The funeral was held from the F. J. Higgins Funeral Home, 4236 Washington street, Roslindale, at 8 A.M., Saturday, July 15, 1961, followed by a Solemn Requiem Mass in St. Thomas Aquinas Church, 95 South street, Jamaica Plain, at 9 A.M.

The chief of department made the customary detail to act as funeral escort, and members of Engine Company 53 were excused from duty in order to attend the services.

II. CHARLES J. HURLEY.

It is with deep regret that the Fire Commissioner announces the death on July 14, 1961, of Fire Fighter Charles J. Hurley of Engine Company 8. Fire Fighter Hurley was appointed to the department on April 3, 1946.

The funeral was held from the John J. O'Connor Funeral Home, 740 Adams street, Dorchester, at 9 A.M., Tuesday, July 18, 1961, followed by a Solemn Requiem Mass in St. Andrew's Church, Forest Hills, at 10 A.M.

The chief of department made the customary detail to act as funeral escort, and members of Engine Company 8 and Ladder Company 1 were excused from duty in order to attend the services.

III. CHANGE IN DESIGNATION OF FIRE ALARM BOXES.

Due to the change in street name of Nelson street to Reynolds street, Hyde Park, the designation of Fire Alarm Box 3844 will be changed to read as follows:

3844, Como road and Reynolds street.

The designation of Fire Alarm Box 3832 will be changed to read as follows:

3832, River street, opposite No. 1609.

POLICE DEPARTMENT ORDERS

July 17.

General Order No. 921.

Sergeant-Detective Matthew F. King, Detective George W. Curley, and Patrolman Horace C. Prefontaine, Division 10, and Sergt. Jerome P. McCallum, Homicide Unit, Bureau of Criminal Investigation, are hereby commended for the performance of meritorious police duty and each is granted three days' additional vacation.

At about 6 o'clock on the morning of Tuesday, June 27, 1961, on dispatch from the turret, officers of Division 10 went to the grounds of Notre Dame Academy, Washington street, Roxbury, and there

found the body of an unidentified female, her clothing in disarray with some scattered on the ground nearby, and her face covered with blood, giving the appearance of having been beaten badly with a fist or a blunt instrument. Shortly after 1 o'clock that day, the subject was identified as one Lillian Carlson, 74 years, a widow, of 245 Roxbury street, Roxbury.

On being assigned to this case, Sergeant-Detective King with Sergeant McCallum, Detective Curley and Patrolman Prefontaine started an immediate investigation with the questioning of all residents within a three-quarter mile radius of the scene, in an effort to reconstruct this vicious assault and murder. They received information that the deceased had been employed during the past seven years as a nurse's aid, from 11 P.M. to 7 A.M., at a nursing home on Howland street, and was accustomed to walk there from her home by way of Highland and Marcella streets. Investigating this area, the officers found on Marcella street a pair of eyeglasses covered with blood stains. The sidewalk nearby also bore several blood stains.

Continuing their investigation both day and night, these officers questioned over two hundred residents of the area. Finally, they obtained their first clue from a witness who had seen Lillian Carlson that night walking on Marcella street, holding her hand to her face, with no eyeglasses, and with blood on her white uniform. At the same time this witness gave the police a description of a young man who was walking on the opposite side of Marcella street but appeared to be following Mrs. Carlson.

In a group of over forty suspects brought to Station 10 for questioning was one James W. Martin, 18 years, single, 149 Centre street, Roxbury. Martin denied any knowledge of the crime, explained how he had received certain scratches and abrasions on his face and arms, and was released. However, the above officers, not being satisfied with his story, later went to his home. Here, during further questioning and in the presence of his mother, Martin confessed to this heinous crime.

Martin gave the officers a full account of his actions that night. He related how he had beaten his victim about the face, on Marcella street, knocked her down, snatched her handbag, and fled, leaving her lying on the sidewalk. On finding that the bag contained nothing but two packages of cigarettes, he returned to the scene, assisted the moaning woman to her feet, at the same time removed from the pocket of her uniform dress a small purse which he found to contain only thirty-seven cents. As his victim stumbled along the sidewalk he followed her and again struck her in the face, at which time she fell unconscious. He stated he then dragged her along Washington street to the site of Notre Dame Academy, where he pushed her over the wall, followed over the wall and, in a frenzy, began tearing her clothing from her body, being deterred from criminally attacking

her when he thought he heard someone approaching. He then fled the scene.

Following this confession on the evening of Friday, July 7, 1961, James W. Martin was booked on suspicion of the murder of Mrs. Lillian Carlson. The next morning, in Roxbury Court, before Judge Charles I. Taylor, the prisoner was arraigned on three counts, namely, murder, robbery, and assault with intent to rape. His case was continued to Monday, July 24, 1961, and he was held without bail.

The commissioner is pleased to recognize the devotion to duty of Sergeant-Detective King, Sergeant McCallum, Detective Curley, and Patrolman Prefontaine. Without regard to hours, these officers persevered in their investigation of this case and by their diligence brought about an early solution of a vicious crime with the apprehension of a murderer who might otherwise still be at large.

July 18.

General Order No. 923.

The Police Commissioner having heard the complaint of Captain Charles J. Deignan of Division 13 against Patrolman Allen J. Malloy of the same division, on Monday, July 17, 1961, at Police Headquarters, charging him with violation of the rules and regulations of the Police Department, has made a finding of not guilty.

Therefore, it is hereby ordered that the complaint against the said Patrolman Allen J. Malloy be dismissed.

July 18.

General Order No. 924.

Detective First Grade John E. Connell, Detective Bureau, honorably discharged veteran, having arrived at the age of sixty-eight years, having been in the service of the City of Boston for thirty-five years, and having requested retirement under the provisions of section 58, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, The Boston Retirement Board having approved the same, Detective First Grade John E. Connell will be retired from active duty in the Police Department, effective Tuesday, July 18, 1961, at 5:45 o'clock P.M.

July 19.

General Order No. 925.

Sergt. Salvatore J. Ingenere and Detective Stephen E. Flaherty, Division 9, are hereby commended for the performance of meritorious police duty and each is granted three days' additional vacation.

Shortly after midnight on June 6, 1961, Sergeant Ingenere, in plain clothes, and Detective Flaherty were cruising in an unmarked department car. When nearing 208 Blue Hill avenue, they observed three youths acting in a suspicious manner at the entrance to the Kenney Brothers Bottled Goods Store. Stopping the vehicle a short distance away, they watched the youths remove a protective steel grating from the doorway and then start

to pry open the door lock with an instrument which was later identified as a pinch bar. As the officers approached to make arrests, the youths fled through an alley at the rear of the building, the officers in pursuit. One of the three, Robert T. Gelzer, 20 years, single, No. 51 Holborn street, Roxbury, was apprehended. The other two escaped.

Having in mind the number of burglaries reported since January 1, 1961, by stores and other business establishments in that area, Sergeant Ingenere and Detective Flaherty subjected Gelzer to lengthy and intensive questioning throughout the early morning and day of June 6, regarding other burglaries. As a result the officers located at their homes and brought to the station the two boys who had made their escape the previous night. Interrogation of these two resulted in the apprehension of four more juveniles.

In the presence of these six boys, the above Robert T. Gelzer admitted to being the instigator of a series of breaks, 22 in number, on Division 9, since January 3, 1961, and the attempted break described above. Gelzer stated that he did advise and instruct these juvenile accomplices as to the means and methods to be used in breaking into and entering business places on that division. With Sergeant Ingenere and Detective Flaherty, he and the six juveniles pointed out the 22 stores and business places where they had committed these burglaries.

On June 7, 1961, Robert Gelzer was complained of in Roxbury Court on two charges of attempting to break and enter in the nighttime. Judge Philip Tracy continued these cases for the purpose of having him present in Roxbury Juvenile Court on June 15, 1961, when the six juveniles were to appear, holding Gelzer in \$3,000 bail.

On June 15, 1961, the six juveniles were arraigned before Judge Tracy on 22 counts of being delinquents by reason of nighttime burglaries. Four were sentenced to the Youth Service Board and two placed on probation. On the same date, probable cause was found by Judge Tracy in regard to the defendant Gelzer and he was held for the grand jury with instructions to have the remaining counts of breaking and entering against him presented to that body. Gelzer was indicted on thirteen counts of nighttime burglaries and on June 30, 1961, before Judge Edward J. Voke, who termed him a "Fagin," he was found guilty and sentenced to five years and a day at Concord Reformatory.

The commissioner is pleased to recognize the devotion to duty of Sergeant Ingenere and Detective Flaherty. By their detection and prompt apprehension of the youths attempting to burglarize a store, followed by diligent investigation and questioning, these officers brought about the solution of 22 robberies and the sentencing of a twenty-year-old subject who had been engaged in the detestable occupation of training juveniles in the commission of crimes.

STUDY SHOWS ZOOS ARE POPULAR

Zoos are among the most popular recreational and educational facilities that a city can offer according to a recent study of the American Society of Planning Officials. Most zoos are municipally owned and operated although zoological societies in some cities help in their support by donations and contributions. Many cities are planning large-scale improvement and expansions in zoos. Boston's Franklin Park Zoo is now operated as an MDC facility.

BUILDING DEPARTMENT.

Building Demolition

DEAR MR. MAYOR:

The houses numbered 223, 225, 229, and 231 Eustis street, Roxbury, Ward 8, have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. The buildings are a menace to the neighborhood.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938 as amended, particularly section 116d thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the structures.

We have solicited invitation bids, awards to be made to the lowest qualified bidder, and have received the following:

The Awlrite Construction and Demolition Company has submitted the lowest aggregate bid. While the principal individual in this company does not have a good record in this department for full and satisfactory execution of work under several permits issued to him, nevertheless I recommend award of this contract to the low bidder on the understanding that award of future business to him for which he might be low bidder will depend upon his satisfactory performance on the job.

Bidders were requested to submit an aggregate bid for the entire lot of houses, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

Bids for the demolition of individual houses were not requested because it would be a practical physical impossibility for several different wreckers to conduct efficient wrecking operations simultaneously in individual houses. Under such conditions, there would be much mutual interference, and each wrecker would be exposed to severe hazards not under his control, by the operations of adjacent wreckers. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the lot, and that handling the houses as one unit results in lower administrative costs to the city than would result from handling the houses as four separate bids and contracts. Unit handling results, however, in this case, in a contract price of the \$2,000 statutory limitation upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety requiring immediate action, I ask your Honor's approval for the awarding of a contract to the Awlrite Construction and Demolition Company in the sum of \$2,000, without advertising, as required in the City Charter.

Very truly yours,

ROBERT E. YORK,
Building Commissioner.

Fire Alarm Survey

DEAR MR. MAYOR:

On April 4, 1961, the City of Boston entered into an emergency contract with the American Service Company, Inc., 251 Adams street, Dorchester, Mass., in the sum of not to exceed four thousand (4,000) dollars, to conduct a survey of the fire alarms and fire alarm systems in all of the public school buildings in the city. The survey was conducted by the aforementioned firm, whose personnel were accompanied by technicians from the Fire Alarm Division of the City of Boston Fire Department while conducting the survey. The very comprehensive report of that survey has just been filed with me. The report discloses that 164 public school buildings and 5 of the system's administration buildings, contain fire alarms which require a considerable amount of repairs, replacements, and corrections, in order to restore them to a proper and efficient operating condition.

The American Service Company, Inc., was retained to carry out the study and furnish the subject report because of its experience and proficiency in this line of work. Furthermore, this company has conducted similar surveys in Providence; and now having carried out the study for us and submitted its report, this firm is particularly well acquainted with the fire alarm set-ups in all of the Boston schools and the additional administration buildings covered in the report.

Therefore, as it is of the utmost urgency that these fire alarm repairs and replacements be carried out as rapidly and as efficiently as possible due to the fact that some of the schools are to be used immediately for summer classes, etc., and the remainder will again be in active use early in September, and since the above firm is likewise skilled and experienced in making fire alarm system repairs and replacements, it is my considered opinion that it would best serve the interests of the city to enter into a contract with the American Service Company, Inc., in a sum not to exceed twenty thousand (20,000) dollars, and to dispense with advertising in connection therewith, for the reasons appearing in the foregoing. It is further to be noted that public advertising in any case would not necessarily assure that we would obtain as the low bidder a firm having the knowledge, ability, trained staff, and experience which is so vital to the successful performance of these services.

The contractor will be paid for his services and for materials and parts, etc., which it is necessary to furnish and install as prescribed in the contract specifications.

In view of the foregoing, therefore, your Honor's authorization is respectfully requested to dispense with a public solicitation of proposals in the *City Record* and to enter into a contract, in the sum of not to exceed twenty thousand (20,000) dollars with the American Service Company, Inc., for the performance of the aforementioned repair, replacement, and corrective work on the aforementioned fire alarm installations.

Respectfully submitted,

W. A. McPHERSON,
Acting Superintendent of Construction.

POLICE DEPARTMENT.

Radio Communication System

DEAR MR. MAYOR:

Notification has been received from the office of the Supervisor of Budgets that the sum of three hundred and fifty thousand (350,000) dollars has been allocated for the purchase of items properly chargeable to the Departmental Equipment Loan. The cost of replacement of the Police Radio Communications System will constitute the largest and most important expenditure from this fund. Because of the immediate and long-range significance of this program from the standpoint of police efficiency and public service, it is imperative that the procurement and installation of the new radio equipment be governed by the highest standards of technical competence and integrity.

Lacking departmental personnel with adequate technical training and experience to direct this program, I have undertaken negotiations with the Communications Division of Itek, Inc., formerly the Hermes Electronics Company of Cambridge, Mass., to assume the responsibility for determining the specifications and providing the inspection and supervisory services related to the installation of the new police radio system.

Itek's proposal is incorporated in three (3) letters, copies of which are attached, dated November 14, 1960, November 23, 1960, and April 25, 1961. It is my intention to accept the proposal as stated in their letter of November 23 and award two (2) distinct contracts, one covering the services captioned, "Area I—Pre-Procurement" for an agreed compensation not to exceed seventy-five hundred (7,500) dollars; the other covering the item captioned, "Area II—Procurement," the agreed compensation for which will not exceed twelve thousand five hundred (12,500) dollars.

Because of the unquestioned competence of Itek personnel for such an undertaking and, in particular, their familiarity with the unusual and urgent requirements of the department acquired through recent experience, it is respectfully requested that you give your approval to the award of the two (2) proposed contracts, without competitive bidding, in conformity with section 30 of the City Charter.

Very truly yours,

LEO J. SULLIVAN,
Police Commissioner.

PUBLIC WORKS DEPARTMENT.

Tire and Tube Repair

DEAR MR. MAYOR:

On July 5, 1961, bids were received by this department for repairing tires and tubes after advertising in the *City Record*.

The following proposals were received:
C and L Tire Company, \$2,326.54; Capitol Tire and Rubber Company, \$2,970.03; Edward S. Quirk Company, \$3,136.44.

The low bidder, C and L Tire Company's bid was informal in that he did not insert the bid price written in words in both the Auditor's copy of the proposal and the Public Works Department's copy.

The third bidder, the Edward S. Quirk Company, submitted a counter proposal in the Auditor's copy under Items 13 and 14 by inserting "plus 15 cents per mile." There was also a minor defect under Items 1, 2, and 3 in the Public Works Department's copy.

As a result, I respectfully request authority to reject all bids and award a contract, without further advertising, to the low bidder, C and L Tire Company of 915 Massachusetts avenue, Boston, for their bid price of \$2,326.54.

Respectfully yours,

JOHN F. FLAHERTY,
Acting Commissioner of Public Works.

ACTING MASTER HOUSE OF CORRECTION

The Mayor has approved the following:

DEAR SIR:

Under the provisions of section 22 of the Revised Ordinances I shall, with your approval, designate Edgar L. Shepard, deputy master, to serve as Acting Master at the Suffolk County House of Correction, effective July 18, 1961. Mr. Shepard is to succeed Mr. William P. Kelley.

Very truly yours,

JOSEPH V. McBRINE,
Penal Institutions Commissioner.

NEW SIDEWALKS ORDERED

The Public Improvement Commission voted as follows:

That artificial stone sidewalks with granite edgestone, at an estimated cost of \$3,650, be constructed in Kenmare road, Dorchester district, between Gallivan Boulevard and Minot street.

That this commission estimates that the under-mentioned parcels of land situated on the easterly and westerly sides of Kenmare road, as shown on a plan marked "City of Boston, Kenmare road, Dorchester, Assessment Plan, June 19, 1961, John J. McCall, Division Engineer, Engineering Division, Public Works Department," and on file in the office of this department, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, in the amounts hereinafter mentioned.

Total.....	\$729 99

ADDITIONS TO CONTRACT

DEPARTMENT OF SCHOOL BUILDINGS.

James S. Kelliher, Inc., in connection with work at the Dwight District, has been directed to do additional excavation, rock removal, and sheet shoring caused by discrepancy in overall figures on plot plan; erect protective board fence, all in accordance with drawing and proposal, for an additional sum of \$1,730.38.

SKIN DIVING LOBSTERMEN A THREAT

Lobsters are classed as the most valuable single species of seafood caught by Massachusetts fishermen, valued at about \$1.5 million annually.

Skin divers now constitute one half the licensed lobstermen and accounted for half a million pounds in 1958, or 12 per cent of the total catch, a fact that has disturbed the trap lobstermen very much.

ELY ROAD WIDENING*Dorchester*

The Mayor and Public Improvement Commission have approved the widening and construction of Ely road, Dorchester, at the southwesterly corner of Kenmare road.

The project is described as follows:

SOUTHWEST CORNER OF KENMARE ROAD

The highway named Ely road is hereby widened at the southwesterly corner of Kenmare road, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Edmund F. and Mary C. Daly, bounded:

Northeasterly by Kenmare road, twelve and 75-100 feet; northeasterly by the southwesterly line of Ely road as it existed prior to this order, twelve and 75-100 feet, and southwesterly by the southwesterly line of Ely road as widened under this order, twenty and 17-100 feet on a curve of thirteen and 00-100 feet radius, containing thirty-five square feet, more or less.

The other copy of the bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the day named above for the opening of bids.

No bidder may withdraw his bid within thirty days after the opening of bids.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide for insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and contract documents may be obtained at the office of the Awarding Authority designated above, on and after Monday, July 31, 1961.

A bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority in the sum of 100 per cent of the contract price will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do, in accordance with section 44D of chapter 149 of the General Laws, as amended.

DEPARTMENT OF SCHOOL BUILDINGS.

INVITATION FOR GENERAL BIDS FOR REPAIRING BOILER AND INCINERATOR MASONRY IN DISTRICT No. 2, IN VARIOUS SCHOOLS, BOSTON, MASS.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairing boiler and incinerator masonry in District No. 2, in various schools, Boston, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Wednesday, August 9, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$750. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five

(5) days (Saturdays, Sundays, and legal holidays excluded), from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide for insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Superintendent of Construction of the Department of School Buildings designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

Plans and specifications and other documents may be obtained at the office of the Awarding Authority.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do, in accordance with section 44D, chapter 149, of the General Laws, as amended.

CHANGES IN URBAN POPULATION

Central cities of the 12 largest metropolitan areas in the United States lost 2 million white residents and gained 1 million nonwhite residents during the decade of the 1950's. Outside the central cities, on the other hand, 93 to 99 per cent of the population of these 12 areas remained white—a proportion basically unchanged for 30 years.

These findings were presented recently in a paper on the Population Association of America by Harry P. Sharp, director of the University of Michigan's Detroit Area Study.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 53

SATURDAY, AUGUST 5, 1961

No. 31

8/7/61

MAYOR NAMES NEW CIVIL DEFENSE DIRECTOR

Brigadier General Charles W. Sweeney, M.N.G., was sworn in, August 1, as Director of the Civil Defense Agency.

The new director succeeds John G. Pickett who retired after the expiration of his term of office on July 1.

Outstanding War Record

General Sweeney is best known for his exploits during World War II. He entered the Air Force as a lieutenant in December, 1941, and, as a major, piloted a photographic and observer B-29 when, in August, 1945, his unit carried out the world's first atomic mission over Hiroshima, Japan. On August 9, 1945, Major Sweeney piloted the B-29 which dropped an atomic bomb on Nagasaki, Japan.

At present, General Sweeney is commander of the 102d Air Defense Wing of the Massachusetts National Guard. In civilian life he is a partner in the Kelley and Sweeney Leather Company, Boston, leather merchants. A native of Lowell, he resides at 23 Courtland Circle, Milton, with his wife, Dorothy, and their nine children.

Function of Civil Defense

The Civil Defense Agency in Boston has a staff of 11 persons, including the director, a secretary, a senior account clerk, a deputy director, and seven assistant directors. Headquarters are at 115 Southamp-ton street.

The duties of the agency are defined in the City Budget as follows:

"The Civil Defense activities consist of the preparation for carrying out all emergency functions, except those for which military forces other than the National Guard are primarily responsible, for the purpose of minimizing and repairing damage resulting from disasters caused by attack or other hostile action, or by natural causes."

Civil Defense Appropriation

Civil Defense personnel and mobile equipment have, in the past, rendered valuable service to Boston residents in time of floods and hurricanes.

Appropriations for Civil Defense this year totaled \$79,696. Of this amount \$62,252 was allocated for salaries and \$15,392 for contractual services. The greatest portion of the contractual services expense was for maintenance of stand-by communications and air-raid warning equipment. The agency, at present, receives no revenue outside the city appropriation.

Following the swearing-in ceremony in the office of Mayor Collins on Tuesday, General Sweeney stated as follows:

General Sweeney's Statement

"It is premature to make specific comment on my plans for Civil Defense in Boston. First, I must study the specifics of the present organization—to see where it stands in the light of today's situation.

"Generally, however, I think that some things are quite obvious and might as well be understood right from the start. The government—

and I mean federal, state, and local—can only do so much and no more. We hope for timely warning from the military—but we may never get it. We shall press to provide adequate shelters for that part of the population which is concentrated in congested areas, either residential, industrial, or commercial. We shall have a working disaster control force with an independent communications system, wholly apart from telephone or other wired facilities, through which the recovery forces shall be directed.

Individual Responsibility

"In the final analysis, however, and to a very great degree, survival from enemy attack depends upon the individual. It is just as simple as that—and there is very little that the government can do about it beyond hammering home the simple instructions as to what the citizen can do—must do—for himself and his family. Because, and I can't emphasize this too much, if we are attacked, millions will live because they took the simple, common-sense precautions to have a fall-out shelter. And other millions will die because they were too lazy, too foolish, or too stupid to take this precaution. My job, as I see it, is to be sure that every one knows this. And I will need the help of the press, radio, and TV to get that message home. I shall never cease to be amazed by people who insure their houses, their cars, their cats and their dogs but lack the interest to insure preservation of their own lives.

POLICE DEPARTMENT ORDERS

July 21.

General Order No. 926.

Patrolman Charles E. Harding of the Bureau of Criminal Investigation is hereby commended for good police work and is granted three days' additional vacation.

About 10.15 P.M., Tuesday, July 11, 1961, while on duty in the Identification Section of the Bureau of Criminal Investigation located on the third floor of Police Headquarters, Patrolman Harding was attracted to the sound of cries for help coming from the street. Upon investigation, he observed an elderly man being assaulted by a younger man in front of the Prudential Insurance Company Building at 142 Berkeley street. Patrolman Harding immediately raced down two flights of stairs and started pursuit. On reaching the street he found the culprit was out of sight. He questioned persons in the area, continued the search and located the individual in the vicinity of Arlington and Boylston streets, who identified himself as one George Paul, 23 years of age, single, of 8 Pine street, Boston, formerly of Cape Breton, Nova Scotia, Canada.

Paul was arrested and brought to the Bureau of Criminal Investigation where Albert Burlone, 69 years of age, single, of 923 Tremont street, Boston, identified him as the man who had accosted him in Berkeley street, demanded money and when Burlone refused, struck him with his fists about the face and removed \$1.50 in change from his pants pocket, which he dropped on the sidewalk while Burlone struggled with him.

The victim, Albert Burlone, was removed to the Boston City Hospital and after examination by Dr. Jacobson was found to be suffering from contusion of the maxilla (jawbone), treated and released.

On Wednesday, July 12, 1961, George Paul was arraigned in Boston Municipal Court before Judge Elias Shamon on charge of unarmed robbery. Probable cause was found and the defendant was held for the grand jury with bail set at \$5,000.

This subject had been arrested on Division 4 on February 18, 1956, under the alias of Andrew Stevens, 57 Warren street, Boston, on charge of being a suspicious person, to wit, breaking and entering in the nighttime, on which charge he was released upon signing a waiver.

The Police Commissioner is pleased to recognize the prompt and intelligent action in this case by Patrolman Harding who demonstrated his devotion to duty by racing from the third floor of Police Headquarters to effect the arrest of the person who had committed a serious crime. This type of police work is worthy of notice.

Respectfully yours,

JOHN F. CONLIN, M.D.,
Director of Hospitals
and Superintendent.

COURT BLOCKS WHITE FUND SALE

A petition of the White Fund trustees to sell two pieces of property in the Back Bay was recently denied by Superior Court Judge John V. Mahoney.

The trustees planned to sell them to John Druker & Son, real estate operators, for \$150,000. The Drukers said they planned to build a 16-story motel on the site.

The property is on Boylston street.

CHARLEMONT ST. WIDENING

Dorchester

The Mayor and Public Improvement Commission have approved the widening and construction of Charlemont street, Dorchester district, at the southwesterly corner of Delmont street.

The project is described as follows:

SOUTHWEST CORNER OF DELMONT STREET

The highway named Charlemont street is hereby widened at the southwest corner of Delmont street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Donato and Mary Spinelli *et al.*, bounded:
Northwesterly by Delmont street, thirteen and 24-100 feet; northeasterly by the southwesterly line of Charlemont street as it existed prior to this order, thirteen and 24-100 feet, and southwesterly by the southwesterly line of Charlemont street as widened under this order, twenty and 65-100 feet on a curve of thirteen and 00-100 feet radius, containing thirty-eight square feet.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Charlemont street as hereby widened is bounded:

Northwesterly by Delmont street, thirteen and 24-100 feet; northeasterly by the southwesterly line of Charlemont street as it existed prior to this order, thirteen and 24-100 feet, and southwesterly by the southwesterly corner of Charlemont street as hereby widened, twenty and 65-100 feet on a curve of thirteen and 00-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

NORTHWEST CORNER OF MINOT STREET

The highway named Charlemont street is hereby widened at the northwesterly corner of Minot street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Thomas J. and Ellen A. Nolan, bounded:

Southeasterly by Minot street, twelve and 78-100 feet; southeasterly by the northwesterly line of Charlemont street as it existed prior to this order, twelve and 78-100 feet, and northwesterly by the northwesterly line of Charlemont

street as widened under this order, twenty and 20-100 feet on a curve of thirteen and 00-100 feet radius, containing thirty-five square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Charlemont street as hereby widened is bounded:

Southeasterly by Minot street, twelve and 78-100 feet; southeasterly by the northwesterly line of Charlemont street as it existed prior to this order, twelve and 78-100 feet, and northwesterly by the northwesterly line of Charlemont street as hereby widened, twenty and 20-100 feet on a curve of thirteen and 00-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

NORTHEAST CORNER OF MINOT STREET

A highway named Charlemont street is hereby widened at the northeasterly corner of Minot street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Catherine Agnes Moore, bounded:

Southeasterly by Minot street, thirteen and 22-100 feet; southwesterly by the northwesterly line of Charlemont street as it existed prior to this order, thirteen and 22-100 feet, and northeasterly by the northeasterly line of Charlemont street as widened under this order, twenty and 64-100 feet on a curve of thirteen and 00-100 feet radius, containing thirty-eight square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Charlemont street as hereby widened is bounded:

Southeasterly by Minot street, thirteen and 22-100 feet; southwesterly by the northwesterly line of Charlemont street as it existed prior to this order, thirteen and 22-100 feet, and northeasterly by the northeasterly line of Charlemont street as hereby widened, twenty and 64-100 feet on a curve of thirteen and 00-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

ACTION ON DAMAGES

Voted, That this commission determines that the undermentioned persons sustain damages in their estates by the making of the public improvement consisting of the widening and construction of Charlemont street, Dorchester district, under an order of the commission of June 14, 1961, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Catherine Agnes Moore, 38 square feet, \$1.
Thomas J. and Ellen A. Nolan, 35 square feet, \$1.

Donato Spinelli *et al.*, 38 square feet, \$1.

VETERANS' RETIREMENTS

The Mayor has approved the following veterans' applications for retirement:

William H. Connolly, 20 Beacon street, Dedham, superintendent of automotive maintenance, Central Office, Public Works Department.

Edward F. Kelly, 37 Codman Hill avenue, Dorchester, patrolman, Police Department.

John G. Pickett, 35 Newcroft Circle, Mattapan, director, Civil Defense.

TRAFFIC TICKETS FOR CHILDREN

Public safety officers in Oak Park, Michigan, have instituted a plan to give children traffic tickets for safety violations. A total of 115 tickets were issued in one month to youngsters for jaywalking, running from between parked cars, playing ball in the street, and riding bicycles across busy intersections. Any child who receives a ticket must take it to his parents who are required to sign it and mail it to the police department. The parents are called in for an interview if a child receives three such tickets. The plan has brought a substantial reduction in traffic accidents involving children.

BUILDING PERMITS

The Building Department has issued the following permits for the week ending July 22.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor approved the award of contracts, without advertising, based on the following communications:

BOSTON TRAFFIC DEPARTMENT.

Counting of Coins

DEAR SIR:

Late in 1958, the First National Bank of Boston was engaged to count the city parking meter collections which are made daily throughout the city by personnel from the Traffic Department. The collections as made are placed in locked containers and deposited each day at the bank, receipted for, counted, and then the bank sends the city a check each day in the amount of the prior day's total collection.

This arrangement has proven very satisfactory; it promotes efficiency, increases security, allows us to cut personnel, and is otherwise financially advantageous to the City of Boston because hitherto some of our employees had to spend a number of hours each day counting the collections.

Last year this department asked for informal bids on this work and proposals were sent to the First National Bank of Boston, the National Shawmut Bank of Boston, and the Rockland-Atlas National Bank of Boston. The only company who returned the proposal was the First National Bank of Boston who offered to do the work for \$294 per month. I feel that this banking institution's monthly charge is a fair one and that public advertising would not be of any avail to the city in the present case.

The First National Bank has agreed to continue the work at the same price as aforementioned and I therefore request your permission to award a contract to the First National Bank of Boston covering the daily counting by it of the city parking meter receipts during the period July 1, 1961, to March 31, 1962, at a monthly cost of \$294, and without public solicitation for proposals in the *City Record* for this service.

Respectfully submitted,

THOMAS J. GRIFFIN,
Traffic Commissioner.

BUILDING DEPARTMENT.

Building Demolition

DEAR MR. MAYOR:

The houses numbered 610 Dudley street, 612 Dudley street, 28 and 30 Robey street, and 37 and 39 Robey street, Ward 8, have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. The buildings are a menace to the neighborhood.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116d thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

U. S.—610 Dudley street, \$930; 612 Dudley street, \$930; 28-30 Robey street, \$1,090; 37-39 Robey street, 1,090; total, \$4,040.

All State.—610 Dudley street, \$1,450; 612 Dudley street, \$1,450; 28-30 Robey street, \$1,800; 37-39 Robey street, \$1,800; total, \$6,500.

Mystic.—610 Dudley street, \$1,225; 612 Dudley street, \$1,225; 28-30 Robey street, \$1,175; 37-39 Robey street, \$1,375; total, \$5,000.

Central.—610 Dudley street, \$1,197; 612 Dudley street, \$1,197; 28-30 Robey street, \$1,698; 37-39 Robey street, \$1,398; total, \$5,490.

Lyons.—610 Dudley street, \$800; 612 Dudley street, \$800; 28-30 Robey street, \$999; 37-39 Robey street, \$999; total, \$3,598.

N. Y.—610 Dudley street, \$1,600; 612 Dudley street, \$1,600; 28-30 Robey street, \$1,000; 37-39 Robey street, \$1,200; total, \$5,400.

Berardi.—610 Dudley street, \$1,790; 612 Dudley street, \$1,790; 28-30 Robey street, \$800; 37-39 Robey street, \$800; total, \$5,180.

L & L.—610 Dudley street, \$1,495; 612 Dudley street, \$1,495; 28-30 Robey street, \$975; 37-39 Robey street, \$975; total, \$4,940.

The Lyons Wrecking Company has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bidders were requested to submit an aggregate bid for the entire lot of houses, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

Bids for the demolition of individual houses were not requested because it would be a practical physical impossibility for several different wreckers to conduct efficient wrecking operations simultaneously in individual houses. Under such conditions there would be much mutual interference, and each wrecker would be exposed to severe hazards not under his control, by the operations of adjacent wreckers. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the lot, and that handling the houses as one unit results in lower administrative costs to the city than would result from handling the houses as six separate bids and contracts. Unit handling results, however, in this case, in a contract price higher than the \$2,000 statutory limitation upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety requiring immediate action, I ask your Honor's approval for the awarding of a contract to the Lyons Wrecking Company in the sum of \$3,598, without advertising as required in the city charter.

Very truly yours,

R. E. YORK,
Building Commissioner.

INVITATION FOR GENERAL BIDS FOR REPAIRING OF METAL LOCKERS IN VARIOUS SCHOOLS IN BOSTON, MASS.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairing of metal lockers in various schools in Boston, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Monday, August 21, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the

Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$300. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Superintendent of Construction of the Department of School Buildings designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

Specifications and other documents may be obtained at the office of the Awarding Authority.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do, in accordance with section 44D, chapter 149, of the General Laws, as amended.

Each copy of the general bid shall be completely filled in, signed, and enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority at the office of the Superintendent designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$600. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, as amended, a schedule of which rates appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The general bids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Superintendent, Sanatorium Division, and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

Specifications and other contract documents may be obtained at the office of the Superintendent, Sanatorium Division, 249 River street, Mattapan, Mass., on Monday, August 7, 1961, upon payment of the sum of two dollars (\$2), NOT REFUNDABLE.

A performance bond and also a payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of one hundred (100) per cent of the contract price will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities. The Awarding Authority also reserves the right to reject any or all general bids if it be in the public interest so to do in accordance with section 44D of chapter 149 of the General Laws, as amended.

ORAL POLIO VACCINE PROGRAM COMPLETED

A total of 2,050 persons, ranging in age from 7 months to 40 years, were participants in Boston's tryout of the new Sabin polio vaccine.

Dr. F. Robert Freckleton, Boston's Health Commissioner, has announced the completion of the program after three months of intensive effort on the part of health authorities to enlist the cooperation of the public. Authorities had hoped for a total participation of 3,000 persons. The town of Brookline, a partner in the program, with an original goal of 1,000 participants, helped to take up the slack by processing some 600 extra participants.

Procedure at the Clinics

The oral vaccine was given on a voluntary basis at six clinics located in various parts of the city. After a preliminary test for immunity the liquid vaccine was given in three doses, Types I, II, and III; by mouth, one month apart. Laboratory tests were necessary in each case. Those receiving the new type of vaccine were asked to consent to the taking of blood samples and rectal swabs.

Over-all results of the program will be announced at a later date.

Public Interest Aroused

The program was officially announced on April 6. After consultation with the Mayor's office, the Medical Society, Federal and State health officials; initial publicity material was prepared setting forth the basic facts pertaining to Sabin oral polio vaccine. This was done in order to develop a scientific interest in the program on the part of

the general public. People were informed of the locations and the time schedules of the various clinics in various parts of the city.

On the day prior to the public announcement, letters were sent to 1,800 Boston physicians giving the details of the program.

A fact sheet was distributed to all persons who were interested. Many families living near the clinics were contacted personally by public health educators and nurses to stimulate interest in the new immunization method. An average of 15 minutes was spent on each visit.

Press, TV, Radio Cooperate

Business establishments, schools, and institutions which had their own medical facilities were encouraged to invite the teams of physicians and nurses to come and make the prescribed tests and administer the vaccine. Meanwhile, the public information media were doing their effective work in publicizing the program. Radio and TV spot announcements on clinic hours and locations were widely disseminated. TV news coverage was given to the vaccine's arrival at Logan Airport from New York; special photos with the Boston Red Sox, and feature articles in each of the three Boston Sunday papers by feature medical writers all helped to boost the program. Careful coverage was given by all media to opening day of the clinics.

On August 24 the program was officially launched. Initially, the public responded in sizeable numbers at the various clinics. To bolster interest more letters went

8/14/61
out to physicians requesting their active cooperation. For the second time, initial participants were notified by letter, thanking them for their cooperation, and setting the dates for their next appointments.

Participants Notified

In the third phase, through May and June, participants received another notification; special letters going to those definitely wanted back; giving greater stress on the importance of returning due to lack of immunity. Newspapers, radio, and TV continued to play an important role with feature stories, spot announcements, interviews with health officials involved in the program, and picture spreads of families going through the clinic procedures.

Those who, according to serological studies had immunity to the three polio viruses at the program's beginning were given wallet-size cards with their names, attesting to that fact. Participants learned how much protection they have against the three polio viruses by expensive laboratory tests not readily available on blood samples and rectal swabs.

Follow-Up

In the fourth and last phase of the program participants having to return for a follow-up blood test were notified by letter of their next appointment. They were told that serological studies indicated they had no immunity to one or more of the three polio viruses when they began the program and this blood

FIRE EXAM, OCT. 7

A Massachusetts Civil Service examination for Fire Fighter in the Boston Fire Department will be held October 7, 1961. Last date for filing applications is Monday, September 18. The minimum salary is \$4,880 a year; the maximum, \$5,500. Vacancies occur from time to time.

Applicants shall be not less than twenty-two or over thirty-five years of age at the time of filing the application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Any veteran who will have attained the age of twenty-one within six months of the date of any scheduled examination for fire service shall not be deemed ineligible for examination and appointment provided that he meets all other pertinent requirements of the Civil Service laws and rules.

Complete information and application blanks may be obtained at the Division of Civil Service, Rooms 145-152, State House.

OUT-OF-TOWN MEETING REPORT

A report is on file in the Mayor's office on the attendance of three staff members of the Administrative Services Department at the conference of Municipal Accountants and Auditors Association of Massachusetts held at West Harwich, June 25-27.

Those attending were: John L. Glynn, James B. Goldrick, and William P. McNeill.

JEWISH HOLIDAY TIME OFF

The Mayor, on August 4, sent the following communication to all department heads:

GENTLEMEN:

Leave of absence, without loss of pay, is granted to all city employees of the Jewish faith for the observance of Rosh Hashana, September 11, 12, 1961, and Yom Kippur, September 20, 1961.

POLICE DEPARTMENT ORDERS

August 1.

General Order No. 933.

The Boston Retirement Board having approved the same, the following-named police officer is retired from active duty under the provisions of the State-Boston Retirement System, effective as of June 7, 1960, at the close of business:

Patrolman Joseph F. Norton, Division 17.

August 1.

General Order No. 934.

Patrolman Stephen W. Green, Division 6, is hereby commended for the performance of meritorious police duty and is granted three days' additional vacation.

At about 1.45 A.M. on Saturday, July 22, 1961, while patrolling his route and engaged in trying the front door of Kennedy's Butter and Egg Store, 643 East Broadway, Patrolman Green noticed that a light regularly left on over the refrigerator in the store was not lighted. Knowing that this was normally left on for the purpose of affording easy observation of the safe next to the refrigerator, the officer made a closer inspection. Peering into the store until his eyes became accustomed to the darkness, he observed the silhouette of a person near the safe and also heard slight noises emanating from inside.

His suspicions aroused that all was not in good order, Patrolman Green proceeded to call the station for assistance in making a further investigation. As he started for the call box a short distance away, a division ambulance came by. Requesting the officers to call for the sector car, notify the station, and themselves remain at the front entrance of the store, Patrolman Green went to the rear door, where he was joined by officers from the sector car. This door had been forced and the hasp broken off. On entering the store the officers found that the safe had been tampered with and the dial combination knocked off. On the floor in front of the safe were three chisels, a sledge hammer, and a crowbar. Continuing their search of the premises the officers found hiding in the store cellar one

WELFARE CASELOAD UP; EXPENDITURES DOWN

Following is the Welfare Department report for June, 1961:

¶ Although there was an increase in the caseload, departmental expenditures showed a decrease of \$143,167. The total expended for public assistance was \$3,228,986 which was shared by 26,753 cases for an average of \$119.65 for the month. There were 1,871 applications processed of which 1,419 or 75.8 per cent were approved. The remaining 452 applications serviced were rejected or withdrawn. During the month, 1,344 cases closed bringing the caseload down to 25,985 as of the end of the month.

¶ Old Age Assistance: Payments for this category amounted to \$1,046,887, a decrease of \$97,289 as compared to the previous month. This was caused by fewer medical payments. Although more lenient eligible requirements resulted in the approval of 223 applications, there were 236 cases closed showing a net decrease of 13 cases. Transfers to Medical Assistance for the Aged was an important factor.

¶ Medical Assistance for Aged: The cost for this program was \$740,446, an increase of \$32,327 for an average of \$208.16 for 3,553 recipients. Even though 483 requests were processed, there were 847 applications pending at the end of the month. Of the 168 rejections, the major portion voluntarily withdrew or had sufficient resources.

¶ Aid to Dependent Children: A noticeable increase in the activity of Aid to Dependent Children was motivated by Federal legislation under Public Law 87-31, "an act to amend Title IV of the Social Security Act to authorize Federal financial participation in Aid to Dependent Children of unemployed parents, and for other purposes." With 286 approvals and 120 closings, there was a net increase of 166. The caseload reached a new peak of 5,448 cases receiving assistance during the month.

¶ Disability Assistance: A net decrease of 56 cases was experienced during the month due primarily to transfer to Old Age Assistance and Medical Assistance for Aged. Grants for those approved for Disability Assistance amounted to \$434,105 of which approximately half was paid to clients and the balance to vendors for medical care. It is interesting to note that 14 cases were closed due to the procurement of employment which demonstrates the effect of rehabilitation.

¶ General Relief: The caseload continued to drop with 472 applications approved and 531 cases closed, a decrease of 59. It is predicted that this downward trend will continue with referrals being made for "A. D. C. for the Unemployed" as well as job opportunities. During the month, \$148,670, or 4.7 per cent of the total cost was expended for the care of 2,115 cases, representing 7.9 per cent of the total number of cases aided.

POLICE DEPARTMENT ORDERS

(Continued from previous page.)

Richard Johnson, alias One-Arm Johnson, 32 years of age, married, 835 East Second street, South Boston. Johnson was arrested at once on suspicion of breaking and entering a building in the nighttime with intent to commit a felony. It was later revealed that he had a previous criminal record.

Later the same morning in South Boston District Court before Judge Linehan complaints were lodged against Johnson on three counts, namely, breaking and entering in the nighttime with intent to commit a felony therein; possession of burglarious tools, and tampering with a safe. The defendant waived examination and was held for the Au-

gust sitting of the grand jury, with bail set at \$25,000.

The commissioner is pleased to recognize the devotion to duty of Patrolman Stephen W. Green. His thorough observation of the establishments along his route, resulting in immediate awareness of the irregularity at the Kennedy Store, as well as the manner in which he initiated his subsequent investigation, were consistent with the highest standards of patrol procedures.

FIRE DEPARTMENT ORDERS

August 2.

General Order No. 33.

I. RETIREMENT.

The following retirement, in accordance with section 7, chapter 32 of the General Laws, as amended, which became effective at 8 A.M., Monday, July is hereby announced:

3rd alarm: Drop Engine 10; add Engine 53 to fire.

GRAND JURY CENSURES OFFICIAL

In Miami, Florida, the county grand jury criticized a city commissioner for what it termed tossing legal roadblocks in the path of a \$46 million expressway program.

The jury added that it questions that a commissioner can properly and adequately represent his constituents, who are overwhelmingly on record as approving the bond issue, when he brings law suits to fight the program.

That this commission, having passed the order of notice relating to the public improvement hereinafter described, and having caused a copy of said order to be published April 15 and April 18, 1961, in the Boston American and the Boston Globe, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public necessity and convenience require, does hereby order that specific repairs be made in Maverick square, East Boston district, consisting of the elimination of the existing traffic island at the intersection of Maverick street and Meridian street; the removal of the existing traffic island between Henry street and Winthrop street; and the installation of a traffic divisional island between Henry street and Maverick street, as shown on a plan marked "City of Boston, Public Works Department, Specific Repair Plan, Maverick Square, East Boston, June 5, 1961, John J. McCall, Division Engineer, Engineering Division," and on file in the office of said department.

Commonwealth Avenue

That this commission, having passed the order of notice relating to the public improvement hereinafter described, and having caused a copy of said order to be published May 27 and May 29, 1961, in the Boston American and the Boston Herald, two daily newspapers published in the City of Boston, and having given the public

hearing, notice of which was given in said order, and being of the opinion that public necessity and convenience require, does hereby order that specific repairs be made in Commonwealth avenue, Brighton district, consisting of the installation of a traffic divisional island at the northwest corner of Chestnut Hill avenue, as shown on a plan marked "City of Boston, Public Works Department, Specific Repair Plan, Commonwealth Avenue, Brighton, June 5, 1961, John J. McCall, Division Engineer, Engineering Division," and on file in the office of said department.

CURFEW LAW

In St. Louis, increased attention is being given to the enforcement of the curfew ordinance. Children under seventeen must not be on the streets after 11 P.M. with the exception of Friday and Saturday when the curfew is extended to midnight. The enforcement of this law, it is believed, in addition to being a crime deterrent, will keep youngsters from possible harm.

KENMARE ROAD WIDENING

Dorchester

The Mayor and Public Improvement Commission have approved the widening and construction of Kenmare road, Dorchester district, at the northwesterly corner of Minot street.

The project is described as follows:

NORTHWEST CORNER OF MINOT STREET

The highway named Kenmare road is hereby widened at the northwesterly corner of Minot street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Michael C. Driscoll, bounded:

Northwesterly by Minot street, nine and 46-100 feet; northeasterly by Kenmare road as it existed prior to this order, nine and 46-100 feet, and northwesterly by the northwesterly line of Kenmare road as widened under this order, sixteen and 35-100 feet on a curve of thirteen and 00-100 feet radius, containing seventeen square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Kenmare road as hereby widened is bounded:

Northwesterly by Minot street, nine and 46-100 feet; northeasterly by Kenmare road as it existed prior to this order, nine and 46-100 feet, and northwesterly by the northwesterly line of Kenmare road as hereby widened, sixteen and 35-100 feet on a curve of thirteen and 00-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

NORTHEAST CORNER OF MINOT STREET

The highway named Kenmare road is hereby widened at the northeasterly corner of Minot street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to City of Boston, bounded:

Northwesterly by Minot street, four and 12-100 feet; southwesterly by the northeasterly line of Kenmare road as it existed prior to this order, four and 12-100 feet, and northeasterly by the northeasterly line of Kenmare road as widened under this order, five and 65-100 feet on a curve of three and 00-100 feet radius, containing four square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Kenmare road as hereby widened is bounded:

Northwesterly by Minot street, four and 12-100 feet; southwesterly by the northeasterly line of Kenmare road as it existed prior to this order, four and 12-100 feet, and northeasterly by the northeasterly line of Kenmare road as hereby widened, five and 65-100 feet on a curve of three and 11-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

ACTION ON DAMAGES

Voted, That this commission determines that the undermentioned person sustains damages in his estate by the making of the public improvement consisting of the widening and construction of Kenmare road, Dorchester district, under an order of the commission of June 14, 1961, in the amount hereinafter respectively set against it, and awards said amount therefor:

PROPOSALS FOR FURNISHING AND INSTALLING 600 TRAFFIC SIGNS AT VARIOUS LOCATIONS IN THE CITY OF BOSTON, MASS.

The City of Boston, acting by the Traffic Commissioner, hereinafter referred to as the Commissioner, with offices at 112 Southamptown street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for furnishing and installing 600 traffic signs at various locations in the City of Boston, Mass. A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner and each in the sum of 100 per cent of the contract price will be required of the successful contractor. Forms of proposals may be obtained at 112 Southamptown street. Each proposal should be filled out, signed, enclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing 600 Traffic Signs at Various Locations in the City of Boston, Mass.," one copy of which is to be left at 112 Southamptown street before 12 M. (Eastern Daylight Saving Time), on Monday, August 21, 1961, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the unit price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefore, at the office of the Commissioner. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall

continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or any item of a proposal.

UNDERGROUND GARAGE SUCCESSFUL

Chicago's Grant Park North underground garage has been so successful financially that an addition is being planned, the Chicago Park District has reported.

Opened in 1954, the 2,359-car parking facility has exceeded net earnings estimated at the time that \$8.3 million in revenue bonds were offered.

The park district now is talking of a 1,000- to 1,200-car addition a block south of the Grant Park garage.

Dow Road, Public Works District
6, West Roxbury.**

The Commissioner of Public Works of the City of Boston, Room 511 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sidewalk repairs in Dow road, Public Works District 6, West Roxbury. A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and each in the sum of 100 per cent of the contract price, less the amount of \$750, will be required of the successful contractor. Forms of proposals may be obtained at Room 511 (Contract Office), City Hall Annex. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Sidewalk Repairs in Dow Road, Public Works District 6, West Roxbury," and left at Room 511 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. (Eastern Daylight Saving Time) of FRIDAY, AUGUST 25, 1961, with a certified check for TWO HUNDRED AND FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 511, City Hall Annex. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract, shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. CITY OF BOSTON.****FIRE DEPARTMENT.**

INVITATION FOR GENERAL BIDS FOR ERECTING
AND COMPLETING A NEW FIRE STATION
(FABRICATED) AT GREEN AND CHARDON
STREETS, WEST END DISTRICT, BOSTON,
MASS.

The City of Boston, acting by the Fire Commissioner, hereinafter referred to as the Awarding Authority, invites sealed general bids for erecting and completing a new fire station (fabricated) at Green and Chardon streets, West End district, Boston, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Monday, August 28, 1961, at the office of the Awarding Authority, second floor, 115 Southampton street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids shall be submitted in duplicate on the form for general bids obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$4,000. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter

152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The general bids and the subbids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Awarding Authority designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority at the office designated above before twelve o'clock noon (Eastern Daylight Saving Time), Monday, August 21, 1961, at which hour and place they will be publicly opened and read aloud. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority and any such subbid not filed on the form for subbid so furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount specified in the following list for the respective subtrades shall be submitted by each subbidder with his subbid as filed with the Awarding Authority:

Electrical	\$600
Heating	\$1,000
Plumbing	\$650

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the date fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of a subcontract to the subbidder selected for that subtrade, by the general bidder selected as the general contractor.

Plans and specifications and other contract documents may be obtained at the office of the Awarding Authority upon deposit of a certified check in the amount of \$50 per set of plans and specifications, payable to the City of Boston. The amount of the deposit per set of specifications will be refunded upon return thereof in good condition to the Awarding Authority with the general bid or upon return thereof to the Awarding Authority in good condition not later than thirty (30) days after the opening of general bids (Saturdays, Sundays, and legal holidays excluded).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that only one such subbid was received and that the price is not reasonable for acceptance without competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

CITY OF BOSTON,
THOMAS J. GRIFFIN,
(Aug. 12.) Fire Commissioner.

The Commissioner of Public Works of the City of Boston, Room 511 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for highway reconstruction in Ballard street, Burroughs street, Cornwall street (part), Fawndale road, Hadwin way, Kenton road, Leshner street, Mosgrove avenue, Murray Hill road, St. Ann street, Washington street (part), Wenham street, and Woodlawn street, Public Works District 2, West Roxbury. A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and each in the sum of 100 per cent of the contract price, less the amount of \$7,500, will be required of the successful contractor. Forms of proposals may be obtained at Room 511 (Contract Office), City Hall Annex. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Highway Reconstruction in Ballard Street, Burroughs Street, Cornwall Street (Part), Fawndale Road, Hadwin Way, Kenton Road, Leshner Street, Mosgrove Avenue, Murray Hill Road, St. Ann Street, Washington Street (Part), Wenham Street, and Woodlawn Street, Public Works District 2, West Roxbury," and left at Room 511 (Contract Office) fifth floor, City Hall Annex, before 2 P.M. (Eastern Daylight Saving Time) of WEDNESDAY, AUGUST 16, 1961, with a certified check for FIVE THOUSAND (5,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 511, City Hall Annex. *There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out.* If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract, shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such

insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 316 OF THE ACTS OF 1959, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals, or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

JAMES W. HALEY,

(Aug. 12.) Commissioner of Public Works.

HOSPITAL DEPARTMENT.

INVITATION FOR BIDS FOR REPAIRS TO TWO
HUNDRED-FOOT RADIAL BRICK CHIMNEY,
BOSTON CITY HOSPITAL.

The City of Boston, by the Board of Trustees, Hospital Department, hereinafter referred to as the Awarding Authority, invites sealed proposals for repairs to two hundred-foot radial brick chimney, Boston City Hospital, in accordance with the specifications.

Bids will be received until two o'clock P.M. (Eastern Daylight Saving Time), Wednesday, September 6, 1961, at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, at which time and place they will be publicly opened and read aloud.

Bids must be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the bid, which shall not be detached from the contract form and specifications to which it is attached, shall be filed with the Awarding Authority at the office designated above, accompanied also by a bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$600. The other copy of the bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the day named above for the opening of bids.

No bidder may withdraw his bid within thirty days after the day named above for the opening of bids.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and contract documents may be obtained at the office of the Awarding Authority, designated above, on and after Monday, August 14, 1961.

A bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority in the sum of 100 per cent of the contract price will be required of the successful bidder.

The Awarding Authority reserves the right to reject any or all bids if it be in the public interest so to do, in accordance with section 44D, chapter 149, of the General Laws, as amended.

LAST DAYS OF BOWDOIN SQUARE FIRE STATION

PHOTO COURTESY OF THE BOSTON HERALD

The Bowdoin Square fire station will be reduced to a vacant lot by October 31 in order to make room for the Government Center project. The city has been ordered by the State Office Building Commission to vacate the building by October 1.

When this station was erected 31 years ago, at a cost of about \$400,000, it was regarded as the last word in Fire Department accommodations. It now houses Engine Company 4 and Ladder Company 24, and provides headquarters for a district chief.

Awaiting construction of a modern fire station to be part of the Government Center complex, the city will erect a temporary station at Green and Chardon streets, in order to continue vital fire protection for downtown and Beacon Hill areas. The temporary fire house will be of prefabricated construction designed to provide a minimum two-year period of comfortable, efficient accommodation for two fire companies. Cost of the temporary structure will be an estimated \$65,000. This building will be dismantled and put to other city

Veterans Benefit By New Retirement Act

Paul L. Carty, Executive Officer of the Boston Retirement Board, on August 2, sent the following notice to all city departments:

¶ On July 24, 1961, the City Council accepted, and on July 26, 1961, the Mayor approved the acceptance of chapter 490 of the Acts of 1961.

¶ This act provides for the retirement (with the approval of the Retiring Authority) of certain veterans whose service with the City of Boston, County of Suffolk, or Commonwealth of Massachusetts, or other city, town, or county within the Commonwealth, first began prior to July 1, 1939, and who have attained age 65 at the time of application.

¶ The retirement allowance under this act shall be 65 per cent of the salary at the time of retirement.

¶ This act is similar to section 58 of chapter 32 of the General Laws with the exception that only 25 years of service is required rather than 30 years under section 58 and further that the veteran must have attained age 65.

¶ Applications for retirement under chapter 490 will be made as is presently the custom under section 58 of chapter 32, in the department concerned. The forms will, for the time being, be the regular seven-copy application as is used for section 58 retirements. The words "Ch. 32 Sec. —" shall be stricken out and the words "Chapter 490, Acts 1961" inserted.

¶ Applications when completed with birth certificate and photo copy of military service certificate shall be forwarded to the Boston Retirement Board, directly. In cases where part of the 25 years' aggregate service is in other department(s) than that from which the applicant is seeking retirement, a certificate of such other service must be attached to the application.

¶ The sections of the application concerning incapacity and income should be stricken out.

¶ The option for surviving spouse is not applicable under chapter 490.

¶ All applications under sections 57 and 58 of chapter 32 as well as under chapter 490 of 1961 will be

acted upon by the Boston Retirement Board, which since July 1, 1961, is the Retiring Authority for these types of retirements, having replaced the Mayor (in the case of city employees) and the City Council (as County Commissioners in the case of county employees).

¶ Further advice may be had by contacting the undersigned or Mr. Vaughan at the Retirement Board.

PAUL L. CARTY,
SECRETARY,
EXECUTIVE OFFICER.

MAYOR REQUESTS LIBRARY TO MAKE FRANK W. BUXTON A TRUSTEE EMERITUS

Mayor John F. Collins, on August 9, asked the Library Department to designate Frank W. Buxton as Trustee Emeritus of the Public Library. Mr. Buxton retired last month after 33 years as a library trustee.

In a message to Mr. Buxton, Mayor Collins said:

"Thirty-three years of faithful and honorable service in the capacity of Trustee certainly merits our profound thanks for a job well done. I am sure a sense of pride and satisfaction must be yours for having participated for so many years in this service to the people.

"For this dedication and perseverance, and in recognition of extraordinary accomplishment, I am

uses when the permanent facility is opened. Cost of land acquisition is estimated at \$80,000. This land will be later bought back from the city by the Redevelopment Authority.

Mayor Collins stated, August 14, that the city would prefer to build a permanent station before abandoning the existing facility, but this is impossible because of the State Office Building construction schedule. He explained that demolition schedules call for the Bowdoin square area to be cleared by November 1, and the city cannot start construction of a permanent station because the exact street layout of the project is not known.

PUBLIC RESPONSE TO SABIN VACCINE PROGRAM REGARDED AS EXCELLENT

Public response to the Boston-Brookline Sabin Oral Polio Vaccine Program was, on August 15, described by Dr. John T. Foley, acting health commissioner, as excellent and that published reports that the program had fallen short on volunteers was inaccurate.

There is still a final phase of the program which will not be completed before September. This phase involves some 500 persons of the 2,050 who volunteered to participate in the program and who have yet to make the last of their three prescribed clinic visits.

With respect to the program to date, Dr. Foley stated as follows:

¶ A preliminary look at data indicates that the joint program with Brookline is a success, and the co-operation from residents of both communities has been excellent.

¶ The two-community program called for participation by 3,000 to 4,000 volunteers. Some 2,050 Boston residents and 1,600 Brookline residents between the ages of seven months and forty years are still participating in the program which concludes in September. The num-

ber of Boston volunteers exceeded expectations, and the number of Boston participants was limited only by laboratory facilities. Reports on laboratory tests are still coming in, and data on the program is in the process of being compiled.

ACTING CITY REGISTRAR

The Mayor has approved the following:

DEAR SIR:

You are advised that during the absence on annual leave of Charles H. Mackie, City Registrar, from July 31 to August 25, 1961, inclusive, I have designated Mary E. Manning to be Acting City Registrar.

Yours very truly,

F. ROBERT FRECKLETON, M.D.,
Health Commissioner.

PRUDENTIAL CENTER PLAN APPROACHES LAST HURDLE

A petition for a declaratory judgment to determine the validity of a Prudential Center lease with a prospective tenant was filed on August 16 with the Supreme Judicial Court.

The petition was filed by a Boston law firm in an effort to speed up construction on the insurance company's \$100 million Back Bay center.

The Boston Redevelopment Authority, on August 14, ruled the Back Bay site of the center a blighted area making Prudential eligible for the usual tax concessions if the Supreme Judicial Court agrees. Favorable court decision on the petition filed yesterday would validate the BRA's blighted area declaration.

Only the court decision, due sometime this fall, stands in the way of the project now.

FIVE CREDIT UNION SHARES OPEN FOR PURCHASE

Members of the Boston Employees Credit Union were notified on August 15 as follows:

"In accordance with a vote of the Board of Directors, August 8, 1961, all members will be allowed to purchase additional shares, not to exceed five (5), during the period commencing August 15, 1961, and ending September 15, 1961.

"Shares may be purchased by mail. All requests for additional shares must be accompanied by Pass Book.

PAUL L. CARTY, Clerk."

BOOM IN SCHOOL BOND SALE

More school bonds were sold in January, 1961, than in any month during the seven years the United States Office of Education has reported national monthly sales. Recent statistics show the January total of \$351,000,000 as more than twice the \$165,000,000 monthly average of the last seven years. The \$32,600,000 bond sale by New York City, together with large sales by California, Pennsylvania, and the city of Los Angeles, accounted for more than half the January total.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor approved the award of contracts, without advertising, based on the following communications:

BUILDING DEPARTMENT.

Building Demolitions

DEAR MR. MAYOR:

The houses numbered 314, 316, 318, 320, 322, and 324 Main street and 423 Main street, Ward 2, have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. The buildings are a menace to the neighborhood.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116d thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Mystic.—314 and 316 Main street, \$790; 318 and 320 Main street, \$790; 322 and 324 Main street, \$790; 423 Main street, \$890; total, \$3,260.
U. S.—314 and 316 Main street, \$1,000; 318 and 320 Main street, \$1,000; 322 and 324 Main street, \$1,000; 423 Main street, \$1,475; total, \$4,475.

Berardi.—314 and 316 Main street, \$790; 318 and 320 Main street, \$790; 322 and 324 Main street, \$790; 423 Main street, \$1,125; total, \$3,495.

The Mystic Building Wrecking Company has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bidders were requested to submit an aggregate bid for the entire lot of houses, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

Bids for the demolition of individual houses were not requested because it would be a practical physical impossibility for several different wreckers to conduct efficient wrecking operations simultaneously in individual houses. Under such conditions there would be much mutual interference, and each wrecker would be exposed to severe hazards not under his control, by the operations of adjacent wreckers. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the lot, and that handling the houses as one unit results in lower admin-

istrative costs to the city than would result from handling the houses as six separate bids and contracts. Unit handling results, however, in this case, in a contract price higher than the \$2,000 statutory limitation upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety requiring immediate action, I ask your Honor's approval for the awarding of a contract to the Mystic Building Wrecking Company in the sum of \$3,260, without advertising, as required in the city charter.

Very truly yours,

R. E. YORK,
Building Commissioner.

Demolition of Buildings

DEAR MR. MAYOR:

Due to the razing of 20 Wall street and 64 Walker street, Ward 2, Charlestown, by this department with the approval of your Honor, the sidewalks at 21 Wall street and 62 Walker street will be in need of extensive repair if they are to be left in a weather-tight condition.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116d thereof, I have asked and have received your Honor's permission to enter these premises and to repair the structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Dolan.—21 Wall street, \$2,140; 62 Walker street, \$2,140; total, \$4,280.
White.—21 Wall street, \$1,365; 62 Walker street, \$1,280; total, \$2,645.
Vicari & Salvo.—21 Wall street, \$2,120; 62 Walker street, \$1,845; total, \$3,965.
Donahoe.—21 Wall street, \$1,537; 62 Walker street, \$1,200; total, \$2,737.
Rossano.—21 Wall street, \$1,675; 62 Walker street, \$2,800; total, \$4,475.

Mr. Joseph White has submitted the lowest aggregate bid. Mr. White is thoroughly familiar with this work; he has done satisfactory work for this department in the past.

Bidders were requested to submit an aggregate bid for both houses, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing costs incurred against the individual property owner of each house.

Bids for the repair of the individual houses were not requested because it would be a practical physical impossibility for different contractors to conduct efficient repairs simultaneously in individual houses. Under such conditions, there would be much mutual interference, and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the both houses, and that handling the houses as one unit results in lower administrative costs to the city than would result in the handling of the houses as two separate bids and contracts. Unit handling results, however, in this case, in a contract price higher than the \$2,000 statutory limitation upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety requiring immediate action, I ask your Honor's approval for the awarding of a contract to Mr. Joseph White in the sum of \$2,645, without advertising, as required in the city charter.

Very truly yours,

R. E. YORK,
Building Commissioner.

FIRE DEPARTMENT.

Renting of Tabulating Machines

DEAR SIR:

Permission is hereby requested to dispense with public advertising and to enter into a contract with the Remington Rand Division of the Sperry Rand Corporation, 631 Commonwealth avenue, Boston, for rental of four tabulating machines at an annual cost of \$4,056.

At the present time, we are using in our Fire Prevention Division one alphabetical punch, one interfling reproducing punch, one

punched card interpreter, and one sorter. These machines are used in connection with the annual preparation, issuance, and filing of approximately 125,000 inflammable fluid and other permits by the Fire Department. Fees received for these permits during 1960 amounted to approximately \$260,000 and it is expected that permits to be issued under the new fire code will result in an increase in the annual receipts of the Fire Prevention Division.

The use of the foregoing machines have resulted in a much more efficient and faster operation in the issuance of permits than under the previous system in use in the department.

In my opinion no advantage would accrue to the city in publicly advertising for the rental of tabulating machines inasmuch as I believe that the present rental rates are reasonable; also, the machines on rental are an essential and integral part of the punch card permit system now installed.

Respectfully yours,

THOMAS J. GRIFFIN,
Fire Commissioner.

Fire Uniforms

The Mayor has approved the following:

DEAR SIR:

On Friday, June 30, 1961, at 12 o'clock noon (Eastern Daylight Saving Time), the following proposals were received, opened, and read aloud in the office of the Fire Commissioner, 115 Southampton street, Boston, for furnishing and delivering to the Boston Fire Department uniform overcoats, sack coats, and trousers in accordance with an advertisement in the *City Record* of June 24, 1961:

J. Hollis Company, Inc.—60 overcoats at \$22 each, \$320; 75 officers' sack coats at \$17 each, \$1,275; 155 privates' sack coats at \$17 each, \$2,635; 600 pairs trousers at \$4.25 each, \$2,550; total, \$7,080.

Smith & Bennett, Inc.—60 overcoats at \$20 each, \$1,200; 75 officers' sack coats, at \$16 each, \$1,200; 155 privates' sack coats at \$16 each, \$2,480; 600 pairs trousers at \$4 each, \$2,400; total, \$7,280.

Subsequent to the opening, an examination of the foregoing bids disclosed that there was an obvious mathematical error in the bid of J. Hollis Company, Inc., in the first item. Sixty overcoats at \$22 each amounts to a total of \$1,320, and not \$320 as stated in the bid. J. Hollis Company, Inc., has confirmed the error in writing to this department stating that their bid for making sixty overcoats at \$22 each should have been in the amount of \$1,320, and not \$320.

In view of the foregoing facts, and subject to your Honor's approval, I will award a contract for doing the foregoing work to the lowest bidder, Smith & Bennett, Inc., 100 Summer street, Boston, Mass., for the sum of \$7,280.

Respectfully yours,

THOMAS J. GRIFFIN,
Fire Commissioner.

HOSPITAL DEPARTMENT.

Electric Service

MY DEAR MAYOR COLLINS:

Your Honor's permission is respectfully requested to award a contract, without public advertising, to the Boston Edison Company to run a 75-kilowatt, three-wire, 120/240-volt direct current electric service from the street to the Boston City Hospital's emergency motor generator unit at a cost of \$3,162.

This unit is the hospital's only stand-by facility for the furnishing of emergency d.c. power in the event of failure of the hospital's power plant. The proper operating condition of this unit has been a serious and continuing problem. Of three possible solutions the most reliable is the Boston Edison proposal. This arrangement will keep the emergency unit in operating condition until the completion of the hospital's a.c. distribution system for which work your Honor signed a contract yesterday.

The Trustees voted to request the award of this contract, without public advertising, since this involves a public utility service for which

the Boston Edison Company is the only supplier.

Respectfully yours,

WILLIAM H. ELLIS, JR.,
President.

**PUBLIC WORKS DEPARTMENT.
Centrifugal Pump**

DEAR MR. MAYOR:

On July 14, 1961, bids were opened for work on No. 2 horizontal centrifugal pump at Calf Pasture Pumping Station. Invitations to bid were sent to: General Ship and Engine Works, Beacon Piping Company, A. S. Peterson, Theodore Adamski, Nap J. Hudon & Son, Inc.

The only proposal submitted was by Nap J. Hudon & Son, Inc., in the amount of \$2,345.

As this work is vital for the protection of public health, I respectfully request permission of your Honor to dispense with further public advertising and award a contract to Nap J. Hudon & Son, Inc., for the specific work in a total amount not to exceed the sum of \$2,345.

Yours truly,

JOHN F. FLAHERTY,
Acting Commissioner of Public Works.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Mascot street as hereby widened is bounded: Southwesterly by the northeasterly line of Mascot street as it existed prior to this order, thirteen and 00-100 feet; northwesterly by Mountain avenue, thirteen and 00-100 feet, and northeasterly by the northeasterly line of Mascot street as hereby widened, twenty and 42-100 feet on a curve of thirteen and 00-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

SOUTHEAST CORNER OF MOUNTAIN AVENUE.

The highway named Mascot street is hereby widened at the southeast corner of Mountain avenue, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Murray I. and Ruth Fishman, trustees, bounded:

Northwesterly by Mountain avenue, four and 55-100 feet; northeasterly by the southwesterly line of Mascot street as it existed prior to this order, four and 05-100 feet, and southeasterly by the southeasterly line of Mascot street as widened under this order, five and 07-100 feet on a curve of three and 77-100 feet radius, containing four square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Mascot street as hereby widened is bounded: Northwesterly by Mountain avenue, four and 55-100 feet; northeasterly by the southwesterly line of Mascot street as it existed prior to this order, four and 05-100 feet, and southeasterly by the southeasterly line of Mascot street as hereby widened, five and 07-100 feet on a curve of three and 77-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

ACTION ON DAMAGES

Voted, That this commission determines that the undermentioned persons sustain damages in their estates by the making of the public improvement consisting of the widening and construction of Mascot street, Dorchester district, under an order of the commission of June 21, 1961, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Murray I. and Ruth Fishman, trustees, 4 square feet, \$1.

George V. and Virginia M. Ward, 78 square feet, \$1.

John S. and Margaret A. Pumphret, 21 square feet, \$1.

Goldie Katzeff, 36 square feet, \$1.

IMPROVEMENTS VOTED

The Mayor and Public Improvement Commission have approved the following:

CHESTERFIELD STREET, PRIVATE WAY

That in accordance with the provisions of chapter 117 of the Acts of 1947, permission is hereby granted to Wm. Merola, Inc., to prepare for public travel Chesterfield street, Hyde Park district, from Manila avenue to Vialero road, provided that the construction of said Chesterfield street shall be in accordance with the City of Boston plans and specifications for the construction of private ways opened for public travel as shown on a plan entitled "Details and Specifications for Construction of Private Ways Opened to Public Travel, December 1, 1960, Frederick L. The Commissioner of Public Works of the City of Boston, Room 511 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for highway reconstruction in Beech street (part), Cliffmont street, Dana avenue (part), Greenfield road, Hollingsworth street, Lockwood street, Osceola street, Rector road, Rockdale street, Rosewood street, Rugby road, and Seminole street, Public Works 8, Dorchester and Hyde Park. A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and each in the sum of 100 per cent of the contract price, less the amount of \$7,500, will be required of the successful contractor. Forms of proposals may be obtained at Room 511 (Contract Office), City Hall Annex. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Highway Reconstruction in Beech Street (Part), Cliffmont Street, Dana Avenue (Part), Greenfield Road, Hollingsworth Street, Lockwood Street, Osceola Street, Rector Road, Rockdale Street, Rosewood Street, Rugby Road, and Seminole Street, Public Works 8, Dorchester and Hyde Park," and left at Room 511 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. (Eastern Daylight Saving Time) of FRIDAY, SEPTEMBER 1, 1961, with a certified check for FIVE THOU-

SAND (5,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 511, City Hall Annex. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract, shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 316 OF THE ACTS OF 1959, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals, or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

DEPARTMENT OF SCHOOL BUILDINGS.

INVITATION FOR GENERAL BIDS FOR REPAIRING
AND RETUBING BOILERS IN VARIOUS
SCHOOLS, BOSTON, MASS., DISTRICT A.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairing and retubing boilers in various schools, Boston, Mass., District A.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, August 29, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, in-

clusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Superintendent of Construction of the Department of School Buildings designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

Plans and specifications and other documents may be obtained at the office of the Awarding Authority.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do, in accordance with section 44D, chapter 149, of the General Laws, as amended.

REVIEW OF CITY BUILDING CODE UNDERTAKEN

A committee to review and update the Building Code of the City of Boston, under the chairmanship of C. Clark Macomber, prominent builder, was announced on August 23, by Mayor John F. Collins.

The code has been criticized frequently on the grounds that many of its sections are outmoded and out of date and, as a result, it costs much more to build a building in Boston than it does elsewhere.

"Mayor Collins is desirous of having the code checked," Macomber said, "so that he can either answer these complaints as being groundless or can correct whatever inadequacies, unfairnesses, or specific handicaps to builders and property holders may be revealed by authoritative study."

Widespread Demand

The generalized demands for a new code have come from various organizations such as the Boston Real Estate Board and developers of property such as Prudential, West End Development, and other important investors in Boston real estate construction such as the Babson group with their Beacon Street Apartment House.

Objections to the present code have also been raised by finance groups such as the mortgage and commercial bankers and such construction organizations as the Boston Society of Civil Engineers and the Boston Chapter of the American Institute of Architects.

Mayor Collins and Macomber feel that protests from groups of such civic importance deserve careful investigation.

Last Study in 1955

In a meeting held in the Mayor's office, Macomber said that concern about the problem is not new. "In 1955," he said, "Mayor Hynes appointed eight or nine specific technical committees to suggest changes of certain specific sections of the Building Code. A very substantial amount of fine technical work was done by these groups. We of this general committee are anxious to see the fulfillment of their fine work by having it made a part of the code."

Among the active groups was a committee on Part 29 of the code dealing with excavations and foundations, named by the Boston Society of Civil Engineers. A proposed complete revision of Part 29 was published by this committee in the journal of the Boston Society of Civil Engineers in its edition of July 29, 1960. The new General Committee has begun its work with this already well-developed study.

The committee will then proceed to Part 28, commonly known as the Steel and Iron Section, proposed revisions of which were also published in the same journal.

"It is the thought of the General Committee," said Macomber, "that the work done by these two subcommittees has been excellent and that promptly we will accomplish a coordinated review and make our recommendation for adoption to the Mayor and the City Council."

Committee Members

Members of the new Boston Building Code Advisory Committee under Mr. Macomber's chairman-

ship include: Col. Robert York, Building Commissioner of the City of Boston; Neil MacKenzie, President of the Stone and Marble Masons Union No. 9, as representative of Labor; Frederick W. Westman of Whelan & Westman, as representative of the Boston Chapter of American Institute of Architects; Edward C. Keane of Fay, Spofford & Thorndike, Inc., as representative of the Boston Society of Civil Engineers; Frank Marston of Metcalf & Eddy and Steven Ladoulis, Assistant Corporation Counsel of the City of Boston.

City Drafts List Of Employees In Military Reserves

Director of Administrative Services, Henry A. Scagnoli, on August 17, sent the following directive to all department heads:

¶ My attention has been directed to the fact that accurate records concerning the status of city employees, and department heads, in some instances, who are members of the various Military Reserves, are not available in this department where central controls should be retained on all such information.

¶ World tensions, as indicated recently by President Kennedy, may require the calling of certain Reserve Units to active duty in the near future. In the event this should occur, we must be prepared to fill any vacancies on a temporary basis in an efficient and businesslike manner. In order to plan for such

CITY DEPARTMENTS TO OBSERVE NEW CODE OF ETHICS

Director of Administrative Services Henry A. Scagnoli, on August 21, sent the following directive to all department heads:

¶ This is to call to your attention, and direct you to call to the individual attention of each and every officer and employee in your department, that, as the City of Boston is a political subdivision of the Commonwealth, chapter 610 of the Acts of 1961 has set forth the following Code of Ethics for the city's officers and employees:

¶ No officer or employee should have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his duties in the public interest.

Independence of Judgment

¶ No officer or employee should accept other employment which will impair his independence of judgment in the exercise of his official duties.

¶ No officer or employee should accept employment or engage in any business or professional activity which will require him to disclose confidential information which he has gained by reason of his official position or authority.

¶ No officer or employee should disclose confidential information acquired by him in the course of his official duties nor use such information to further his personal interests.

¶ No officer or employee should use or attempt to use his official position to secure unwarranted privileges or exemptions for himself or others.

No Family Tie-In

¶ No officer or employee should engage in any transaction as representative or agent of the city with any business entity in which he, his spouse, any of his children, or any spouse of any of his children, has a direct or indirect financial interest that might reasonably tend to conflict with the proper discharge of his official duties.

¶ An officer or employee should not by his conduct give reasonable basis for the impression that any person can improperly influence him or unduly enjoy his favor in the performance of his official duties, or that he is unduly affected by the kinship, rank, position, or influence of any party or person.

No Personal Investments

¶ An officer or employee should abstain from making personal investment in enterprises which he has reason to believe may be directly involved in decisions to be made by him or which will otherwise create substantial conflict between his duty in the public interest and his private interest.

¶ An officer or employee should endeavor to pursue a course of conduct which will not raise suspicion among the public that he is likely to be engaged in acts that are in violation of his trust.

Must Notify

" . . . and that under the Charter of the city (St. 1909, c. 486, s. 8), it is unlawful for any officer or employee of the City directly or indirectly to make a contract with the City or with the County of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such officer or employee immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the Mayor, City Council, and Finance Commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the City in reference thereto; provided, however, that when a contractor with the City or County is a corporation or voluntary association, the ownership of less than five per cent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the

contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract."

¶ It is therefore requested that you canvass your department to ascertain the number of employees who are members of the Military Reserve and their present status, and notify the Personnel Division of this office at the earliest possible date. In the event the number of individuals involved is found to be substantial, arrangements will be made to have a standard form established for the reporting of this information.

TRAFFIC RULINGS

Temporary

The Traffic Commission has voted as follows:

That as urgently required by considerations of public safety and convenience, the Traffic Rules and Regulations of the City of Boston are amended as follows, from August 1, 1961, to August 31, 1961, inclusive:

The provisions of Article IV, Section 15A, prohibiting parking on alternate sides of the street on alternate days outside the downtown area of the city are suspended and the following regulation is substituted therefor:

Parking of vehicles is prohibited between 12.01 A.M. and 8 A.M. on the even-numbered side of all streets outside the downtown area of the city; provided that this regulation shall not apply on the even-numbered side of any street where parking is prohibited at all times on the odd-numbered side of such street, unless parking is otherwise prohibited.

BIG WATER LOSSES IN CLEVELAND

In Cleveland, city utilities director, Bronis Klementowicz, ordered repair of 29 underground water lines where leaks are said to be wasting more than 1,000,000 gallons of water a day. The leaks were discovered by a New York firm of water waste engineers. Plugging the leaks will save \$20,000 a year in revenue, the director said. The study cost was \$10,000.

FINDING OF THE FIN. COM. ON SCHOOL FIRE ALARM PROBE

August 23, 1961.

To the Governor,
To the General Court,
To the Mayor,
To the City Council.

GENTLEMEN:

INTRODUCTION

A. The Finance Commission of the City of Boston was asked to investigate and comment upon the Department of School Buildings' request to award, without advertisement, to American Service Company, Inc., a contract for emergency repairs to the fire alarm systems in the Boston public school buildings for an amount not to exceed \$20,000. The Commission inquired as to the necessity for such emergency repairs and received from the Board of Commissioners of School Buildings a report of a survey on the fire alarm systems which had been conducted by American Service Company, Inc. The report showed the school fire alarm systems to be in a shocking state of disrepair and the Finance Commission immediately began an investigation to determine:

1. The actual condition of fire alarm systems in Boston public school buildings (Section I of this report); and

2. The responsibility for the condition of the fire alarm systems in Boston public school buildings (Section II of this report); and

3. The action taken by the Department of School Buildings at the request of the Finance Commission to restore the operating efficiency of the fire alarm systems in time for the Boston schools to open on September 7, 1961. (Section III of this report.)

B. At the outset of the Commission's investigation, it became apparent that certain collateral issues had to be investigated such as:

1. The accuracy of the survey report by American Service Company, Inc. (Section I of this report); and

2. The use of the \$41,457.11 which had been expended in the past four years for maintenance and repair of the school fire alarm systems (Section I of this report); and

3. Possible conflicts of interest on the part of certain public officials (Section IV of this report).

C. The Commission's investigation included the following:

1. The interrogation of the following technicians and persons connected with fire alarm systems in Boston public school buildings:

Bernard A. Fitzgerald, President, American Service Company, Inc.

Albert L. O'Banion, Superintendent, Fire Alarm Division, Boston Fire Department.

William A. McPherson, Superintendent of Construction, Department of School Buildings.

Paul Mooney, Engineer, Boston School Committee.

Charles A. Callanan, Former Superintendent of Construction, Department of School Buildings.

Harold Timmins, Principal Electrical Engineer, Department of School Buildings.

Thomas H. Buckley, Chairman, Board of Commissioners of School Buildings.

John E. Clougherty, Assistant Chief, Director of Fire Prevention Bureau, Boston Fire Department.

Francis P. Graham, Building Inspector, Massachusetts Department of Public Safety.

Thomas F. Donnelly, Principal Electrical Engineer, Fire Alarm Unit, Department of School Buildings.

William Moran, Former Senior Electrical Engineer, Fire Alarm Unit, Department of School Buildings.

Bernard V. Cullen, Head of Electrical Division, Department of School Buildings.

Charles D. Smith, District Manager, Gamewell Company.

G. A. Swim, Executive Vice President, Gamewell Company.

Christopher Pappas, President, Alerting Signals Company.

Michael F. Rich, President, Atlas Alarm Corporation.

Frank D. Chase, Vice President, Automatic Fire Alarm Company.

2. Review of inspection and maintenance procedures used for fire alarm systems in Boston public school buildings.

3. Determination of legal and administrative responsibility for fire alarm systems in Boston public school buildings.

4. An analysis of pertinent reports, forms, and communications bearing on the subject of school fire alarm systems.

5. Examination of expenditures in recent years for the maintenance of school fire alarm systems.

6. Field inspections to determine

a. The actual amount of correction required to restore fire alarm systems to operative efficiency.

b. The relation of maintenance work performed in recent years to the deficiencies enumerated in the survey report.

D. The Finance Commission trusts that the results of this investigation will be of assistance to the Governor, the General Court, the Mayor of Boston, the City Council, and other City officials, and of interest and importance to the taxpayers of the City, already heavily burdened by the high costs of necessary public services.

E. The Finance Commission entered this investigation to guarantee to the school children of Boston the safety precautions for which taxes have been paid over the years. In performing its duty, the Commission has employed all available resources to determine the facts. We must be content to let these facts speak for themselves. Contained herein are findings and specific recommendations of the Commission. What is to be done thereafter must be left to the determination of those public officials charged with enforcing the criminal and conflict of interest statutes, and those public officials charged with the direct responsibility for safety in our public buildings.

I. Actual Condition of Fire Alarm Systems in School Buildings

A. The survey report of American Service Company, Inc., filed with the Department of School Buildings on June 14, 1961, in substance indicated that fire alarm systems in 169 of a total of 205 school buildings were defective. Despite

MAYOR COLLINS' COMMENT ON FIRE ALARM REPORT

See Page 678

the defects reported by American Service Company, Inc., the Commission's investigation revealed that in the event of a fire, children and adult personnel could have been evacuated with safety in all of the 205 school buildings and fire equipment could have been called through the master box to Fire Alarm Headquarters in all but 7 of the 205 school buildings. Even in the case of the 7 school buildings where the master box could not be tripped, other means of communication, such as the telephone, though not as instantaneous, could have been used successfully. The Commission's investigation further revealed that where the system had been called "defective," the so-called defect could be corrected by making minor repairs and adjustments. Thus it appears that the deficiencies reported would not have rendered the systems inoperative. It is not the intent of the Finance Commission to minimize the seriousness of the condition of fire alarm systems in the school buildings. However, it appears to the Commission that the impact upon the public as to the imminent danger to the safety of school children and personnel has been exaggerated.

B. The Commission's investigation revealed that from 1957 to 1960, inclusive, the Department of School Buildings expended \$41,457.11 for equipment and electrical repair service in 100 of the 205 Boston public school buildings.

The Commission finds that \$13,055 of the total spent was expended primarily for the purchase of master boxes, gongs, and batteries. The remainder was spent for electrical repair work consisting of the relocation of master boxes from the outside to the inside of the school buildings, and the replacement and repair of underground cables leading to master boxes.

The Commission finds that the expenditure of \$41,457.11 was reasonable for the equipment purchased and the electrical repair service performed in the four-year period.

II. *Responsibility for the Conditions of Fire Alarm Systems in Boston Public School Buildings*

A. The responsibility for the inspection, maintenance, and repair of fire alarm systems in Boston public school buildings is that of the Department of School Buildings, which is under the charge of a Superintendent of Construction who is elected by the Board of Commissioners of School Buildings and serves at the pleasure of the Board.

1. Despite the clear statutory delineation of authority and responsibility, Thomas H. Buckley, Chairman of the Board of Commissioners of School Buildings, contended at the hearing before this Commission that the Board of Commissioners of School Buildings has no responsibility for the condition of the fire alarm systems because the Board's sole responsibility by law is the election of the Superintendent of Construction. The Com-

WELFARE COSTS AND CASELOAD CLIMB IN JULY

Following is a summary of the Welfare Department's report for July, 1961:

¶ The Department expended \$3,218,243 during July, an increase of \$19,257 over the previous month. Almost two thirds of the total was paid directly to recipients; the remainder was primarily spent for medical services and paid to the vendor. The caseload showed a rise of 365 cases, all categories showing an increase with the exception of General Relief. Actually, there were 1,286 applications approved and 921 cases closed. In addition 338, or 20 per cent of the requests for assistance were rejected or withdrawn.

¶ Old Age Assistance: A slight increase in both expenditures and caseload was noted during the month. Depletion of resources coupled with loss of employment due to illness were the major reasons for approving applications. There were 40 cases transferred to Medical Assistance for Aged. The average cost per case was \$83.83 for the month, exclusive of any other resources. The caseload was 12,436 as of the end of the month.

¶ Medical Assistance for Aged: Expenditures for this category amounted to \$716,809 which was granted in behalf of 3,534 clients. Practically all of these people are in nursing homes or chronic hospitals. The average monthly cost was \$202.23. During the month, 381 applications were processed of which 258 were approved and 123 rejected. With 141 cases closed, the caseload showed an increase of 117.

¶ Aid to Dependent Children: A rise in the caseload of 273 was caused primarily by the effects of new legislation which made eligible those families who previously would have been placed on General Relief. There were 102 "unemployment" Aid to Dependent Children cases added. Others were approved without the waiting period which previously was required. There were 5,702 cases representing 18,643 persons for which a total \$925,557 was expended.

¶ Disability Assistance: There were 110 applications approved and 98 cases closed resulting in a net increase of 12 cases. Expenditures amounted to \$394,786, an average of \$131.24 for 3,005 cases. Loss of employment due to illness was the principle factor for acceptance of cases in this category. Of the 63 applications which were rejected, more than one half did not meet the medical eligibility requirements.

¶ General Relief: This was the only category to experience a decrease in caseload. As mentioned above, changes in the Aid to Dependent Children laws were reflected in fewer applications for General Relief. There were 327 cases added and 399 closed, a decrease of 72 which brought the caseload down to 1,533 as of the end of the month. The total cost was \$129,027 for an average of \$64.09 per case.

mission does not agree with Mr. Buckley.

2. The Board of Commissioners of School Buildings has three members: one is appointed by the Mayor; one is appointed by the School Committee; and the third is in turn chosen by the two appointees. Present members of the Board are Thomas H. Buckley, appointed by the School Committee; Isadore H. Y. Muchnick, appointed by Mayor John F. Collins; and James F. Dinneen, chosen by Commissioners Buckley and Muchnick.

3. The Superintendent of Construction of the Department of School Buildings for the period October 15, 1956, to March 31, 1961, was Charles A. Callanan. He was succeeded by William A. McPherson who first served as Acting Superintendent and subsequently was appointed by the Board as Superintendent.

4. The head of the Electrical Division of the Department of School Buildings is Bernard V. Cullen who has served in that capacity since 1950. The electrical engineers who were assigned the job of inspecting, maintaining, and repairing fire alarm systems were William Moran who performed said function for 22 years, and Thomas F. Donnelly who performed said function for 10 years, the last five years of which he was in charge of the Fire Alarm Unit.

B. We find that:

1. The system for inspection, maintenance, and repair of fire alarm systems in Boston public school buildings is inadequate. From the present condition of the fire alarm systems, it is apparent that the inadequate procedures for inspection, maintenance and repair have existed for more than 20 years.

2. Thomas F. Donnelly and William Moran were negligent in the performance of their duties.

3. As a practical matter, a Fire Alarm Unit consisting of two men cannot adequately perform the duties assigned to it.

4. Thomas H. Buckley, Isadore H. Y. Muchnick, and James F. Dinneen as members of the Board of Commissioners of School Buildings; Charles A. Callanan as former Su-

perintendent of Construction, Department of School Buildings, and Bernard V. Cullen as head of the Electrical Division, Department of School Buildings, must share the responsibility for the condition of the fire alarm systems because of their supervisory positions in relation to the Fire Alarm Unit.

5. The Superintendent of Construction serves at the pleasure of the Board of Commissioners of School Buildings and makes periodic reports of the department's operations to said Board. The Board's authority to discharge the Superintendent of Construction carries

with it the responsibility of supervision.

6. The members of the Board of Commissioners of School Buildings were negligent in the exercise of their executive responsibility in not maintaining closer supervision over the activities of the Superintendent of Construction of the Department of School Buildings. Had that been done, an earlier disclosure of the dangerous condition of the fire alarm systems would have resulted.

Electrical Division, Department of School Buildings, were negligent in the performance of their duties in connection with school fire alarm systems.

C. We therefore recommend that the Mayor, School Committee, and Superintendent of Construction, Department of School Buildings, take appropriate disciplinary action against Thomas H. Buckley, Isadore H. Y. Muchnick, James F. Dinneen, Charles A. Callanan, Bernard V. Cullen, Thomas F. Donnelly, and William Moran.

III. Action Taken by the Department of School Buildings at the Request of the Finance Commission to Restore Operating Efficiency of Fire Alarm Systems

A. During the course of the Finance Commission's investigation the American Service Company, Inc., under a verbal contract to repair school fire alarm systems, stopped work and refused to complete repairs thereby threatening the opening of the Boston public

schools on September 7, 1961. The Finance Commission interviewed and recommended to the Department of School Buildings several fire alarm firms which were competent and willing to complete the repairs by September 7, 1961, in time for the official opening of school. The Department of School Buildings thereupon entered into contracts with the Automatic Fire Alarm Company and the Atlas Alarm Corporation. Both companies are presently performing the necessary repairs and have given every assurance that the repairs will be completed prior to September 7, 1961, in order that pupils will be able to return to safely equipped schools.

B. The Finance Commission will continue to make periodic checks to observe the progress of such repairs until their completion.

IV. Conflict of Interest

A. In the course of the investigation and hearing on the fire alarm matter, the Finance Commission

was once again faced with the problem of conflict of interest. It is a problem which confronts our nation, state, and city, and gnaws the moral fiber of our civilization. Mayor John F. Collins has shown recognition of the problem and has taken steps to create a "clean image" of Boston. However, the problem is immense and requires the daily attention of all citizens. The overwhelming majority of the employees of the City of Boston possess honor and devotion which are above suspicion. However, honest and efficient government, dedicated to the public interest, must have full compliance with the highest possible standards of ethics and morality by all public servants. On May 5, 1961, President John F. Kennedy issued Executive Order No. 10939 to provide a guide on ethical standards for government officials. Said order prohibits the acceptance by certain officials of any fee, compensation, gift, payment of expenses, or any other thing of monetary value in circumstances in which acceptance may result in, or create the appearance of resulting in:

1. Use of public office for private gain
2. An undertaking to give preferential treatment to any person
3. Impeding government efficiency or economy
4. Any loss of complete independence or impartiality
5. The making of a Government decision outside official channels, or
6. Any adverse effect on the confidence of the public in the integrity of the Government.

The Finance Commission recommends the President's Executive Order and House Bill No. 8140, 87th Congress, First Session, to the Mayor and City Council for study with a view toward the enactment of conflict of interest rules and regulations for City of Boston employees.

B. In the case of Thomas H. Buckley, Chairman, Board of Commissioners of School Buildings, City of Boston:

1. Thomas H. Buckley, Chairman, Board of Commissioners of School Buildings, and a member

of that Board by appointment of the Boston School Committee, wrote insurance for which he received commissions while a member of said Board for three companies doing business with the City of Boston. One of those companies, the American Service Company, Inc., received contracts from the Department of School Buildings for surveying and repairing fire alarm systems in the Boston public school buildings.

2. The Commission finds no evidence of an intent or of an overt act by Buckley to warrant a finding that the commissions he received for writing such insurance were factors exerting a material influence upon his official conduct.

3. Chapter 486, section 8, of the Acts of 1909, as amended, so far as is material to this investigation, provides that "it shall be unlawful for any employee of the city, directly or indirectly, to make a contract with the city or to receive any commission from, or any share in, the profits of any person or company making or performing such contract unless said employee immediately upon learning of the existence of such contract, or that such contract is proposed, shall notify in writing the Mayor, City Council, and Finance Commission of such contract and of the nature of his interest in such contract and abstain from doing any official action on behalf of the City not referred thereto."

4. Buckley testified that he had no knowledge of the existence of said law, but that he would have complied with its terms had he known of it. Ignorance of the law is no excuse. Buckley, as Chairman of the Board of Commissioners of School Buildings, should have known the law governing the proper conduct of public officials. Any statement to the contrary is not acceptable.

5. General Laws (Ter. Ed.), chapter 268, section 10, so far as is material to this investigation provides that "a member of a City Council or any branch thereof, or a municipal board of a city, who is personally interested directly, or indirectly, in a contract made by the City Council or by any branch

thereof or by such board, or by an authority derived therefrom in which the city is an interested party" shall be punished.

6. The Finance Commission finds that:

a. Thomas H. Buckley in failing to disclose the fact that he received commissions on insurance written by him for the said three companies while a member of the Board of Commissioners of School Buildings, with full knowledge that said companies were doing business with the City of Boston, is in violation of chapter 486, section 8, of the Acts of 1909, as amended.

b. Thomas H. Buckley is in violation of General Laws (Ter. Ed.), chapter 268, section 10, as amended, in that he stood to derive pecuniary benefits from the contracts entered into by three companies with the City of Boston even though the record indicates the pecuniary benefits to be small.

7. The Commission therefore recommends that proper disciplinary action be taken against Thomas H. Buckley by the Boston School Committee.

C. In the case of Albert L. O'Banion, Henry M. Lyons, John Chinetti, Edward F. Loonie, James N. Fix, Edward F. McDonald, Paul D. Hackett, and Edward C. O'Hehir, Members of the Boston Fire Department:

1. The Commission's investigation reveals that Albert L. O'Banion, Henry M. Lyons, John Chinetti, Edward F. Loonie, James N. Fix, Edward F. McDonald, Paul D. Hackett, and Edward C. O'Hehir are "full time" employees of the Boston Fire Department and "part time" employees of the American Service Company, Inc., which company was awarded contracts by the City of Boston to survey and make repairs of fire alarm systems in the Boston public school buildings.

2. Our investigation further reveals that working "part time" jobs in addition to working "full time" for the City is common practice in many city departments including the Fire and Police De-

partments. It appears that many city employees are confused as to whether they can legally hold "after hours" jobs. It is doubtful that a city employee, or any employee for that matter, would hold two or more jobs unless it was absolutely necessary. On the other hand, the interests of the City must be protected and if the second or third job is detrimental to, or in conflict with, the city job, the employee must be given an opportunity to choose between jobs. We think that each individual case must be judged on its merits.

3. The rules and regulations of the Boston Fire Department established by the Commissioner on December 31, 1947 (Section 406-I) and not changed, altered or amended, provide that "members shall not be employed in or give personal attention to any other business."

4. The Commission finds that Albert L. O'Banion, Henry M. Lyons, John Chinetti, Edward F. Loonie, James N. Fix, Edward F. McDonald, Paul D. Hackett, and Edward C. O'Hehir are in violation of Section 406-I of the rules and regulations of the Boston Fire Department established by the Commissioner on December 31, 1947.

5. We recommend that:

a. Proper disciplinary action be taken against Albert L. O'Banion, Henry M. Lyons, John Chinetti, Edward F. Loonie, James N. Fix, Edward F. McDonald, Paul D. Hackett, and Edward C. O'Hehir by the Boston Fire Commissioner.

b. The rules and regulations of the Boston Fire Department be amended and that a policy be adopted in all city departments permitting all city employees to undertake supplemental part-time employment in activities not in conflict with, or in association with, their official duties, provided such employee obtains written authorization from his department head after full disclosure in writing by the employee of the type of business and employer involved in such part-time employment; it being understood that any permission

so granted may be withdrawn by said department head if the employee fails to perform properly his duties as a city employee.

D. In the Case of Albert L. O'Banion, Superintendent, Fire Alarm Division, Boston Fire Department

1. Testimony before our Commission reveals that the conduct of Albert L. O'Banion, Superintendent, Fire Alarm Division, Boston Fire Department, since 1939, raises serious questions of conflict of interest.

2. In the case of Albert L. O'Banion, the Commission makes the following findings:

a. O'Banion had a definite financial interest in two fire alarm companies which were doing business with the City of Boston for a period of more than 15 years.

b. O'Banion was a "silent partner" of and the beneficial owner of one-third interest in Signals Systems Engineering Company, Inc., which had fire alarm contracts with the City of Boston during the period of O'Banion's part ownership.

c. From August 30, 1957, to July 29, 1961, O'Banion was a creditor of American Service Company, Inc., which had fire alarm contracts with the City of Boston, including the recent survey and repair contracts for the Boston public school buildings.

d. O'Banion has been employed by American Service Company, Inc., for the last four years as a "part time" consulting engineer and he has received fees for his services at the rate of \$50 per day.

e. In many cases, O'Banion acted in dual capacities as Boston Fire Alarm Division Superintendent and as consulting engineer for American Service Company, Inc. In such cases, O'Banion, as an official of the City of Boston, inspected and approved the same fire alarm installations upon which he had given professional advice as a private consultant for American Service Company, Inc.

f. By the use of official influence, strong recommendations, and arbitrary enforcement of Fire Alarm Division requirements compiled by him, O'Banion contributed substantially to the virtual monopoly of American Service Company, Inc., in the fire alarm business in Boston.

g. O'Banion signed an agreement in 1957 in which he personally agreed not to enter into, nor be employed directly or indirectly, in any business of a nature similar to that carried on, or to be carried on, by American Service Company, Inc., for a period of five years within a radius of 50 miles of the State House in Boston, nor to solicit such business for any other firm than American Service Company, Inc.

h. O'Banion violated chapter 486, section 8, of the Acts of 1909, as amended, by his failure to disclose to the Mayor, City Council, and Finance Commission, his personal interest in Signals System Engineering Company, Inc., and American Service Company, Inc.

i. O'Banion's testimony is interwoven with inconsistencies and fabrications.

3. In view of the serious nature of O'Banion's offenses, the Commission recommends that Albert L. O'Banion be dismissed from public service.

V. Additional Recommendations

In the course of this investigation certain matters came to the attention of the Finance Commission in relation to which the following recommendations are considered appropriate:

A. That the Mayor direct the Corporation Counsel to draft legislation to be presented to the next session of the General Court providing for the following:

1. Revision of all General Laws applicable to personal private interests in public activities, particularly chapter 268 of the General Laws (Ter. Ed.), to conform with the intent of Executive Order No. 10939, dated May 5, 1961, referred to in Section IV, Paragraph A, of this report.

2. A mandatory requirement that the fire alarm systems in all public school buildings be tested monthly.

3. A mandatory requirement that a secondary source of power be available in the event of regular power failure in fire alarm systems in all public school buildings, such as is now required in the case of lighting in places of public assembly.

B. That the Superintendent of Construction, Department of School Buildings, create a Fire Alarm Unit in the Department of School Buildings, consisting of a foreman and four men who shall be qualified in the testing, maintenance, and repair of fire alarm systems and who shall be directly responsible to the Superintendent of Construction. The duties of said Fire Alarm Unit shall be inspecting, maintaining, and making minor repairs on school fire alarm systems.

C. That the School Committee and Department of School Buildings adopt a five-year program of modernization of school fire alarm systems in conjunction with the City's urban renewal and redevelopment program, such five-year program to include the following:

1. The installation of sprinkler systems in all new school building construction.

2. The installation of heat detection systems in all school buildings with a life expectancy of more than ten years.

3. The use of the best equipment available to insure maximum operating efficiency in all school buildings with a life expectancy of less than ten years.

D. That the School Committee and the Superintendent of Construction, Department of School Buildings, draft forms for the daily report of the activities of the Fire Alarm Unit in the Department of School Buildings, the monthly report of the school principal, and the quarterly report signed jointly by the school principal, custodian, and Fire Department official, to include a report on the operating efficiency of all of the elements of the fire alarm systems.

VI. Distribution of Report

A. In accordance with statutory direction, this report is being dis-

tributed to the Governor and General Court of the Commonwealth, and the Mayor and members of the City Council of the City of Boston.

B. In addition, copies of this report are being distributed to the following:

Attorney General, District Attorney, Suffolk County; Boston School Committee, Board of Commissioners of School Buildings, Public Safety Commissioner, Boston Fire Commissioner, City Corporation Counsel, Police Commissioner,

Superintendent of Construction, Department of School Buildings; and all persons whose names appear in this report.

Respectfully submitted,

EDWARD W. BROOKE, *Chairman*,
ROGER J. ABIZAID, M.D.,
MAXWELL B. GROSSMAN,
JOSEPH P. McNAMARA,

The Finance Commission.

THOMAS J. MURPHY,
Executive Secretary.

COMMENTS OF MAYOR COLLINS ON THE SCHOOL FIRE ALARM REPORT

Following are the remarks of Mayor John F. Collins regarding the Finance Commission Report of August 23, 1961:

¶ I have read the well-prepared report of the Boston Finance Commission and find it helpful in many respects. Our endeavor to raise the standard of service rendered to the public by our municipal employees is a continuing one and the problem as described by the Finance Commission "is immense and requires the daily attention of all citizens."

¶ I also appreciate the statement of the Finance Commission "that the Mayor has shown recognition of the problem and has taken steps to create 'a clean image' of Boston."

Orders Hearing

¶ Now, as to certain sections of the report:

¶ I have directed Fire Commissioner Thomas J. Griffin to take immediate action under Civil Service regulations for a hearing for the possible suspension or removal, as the evidence may indicate, of Superintendent of Fire Alarm Division Albert L. O'Banion. Mr. O'Banion, as you know, is a civilian career employee. It is anticipated that the hearing will be held in the early part of next week. I have suggested Commissioner Griffin invite Mr. Brooke and members of the Finance Commission to appear at this public hearing and testify.

¶ It is also my understanding that following completion of the contemplated O'Banion hearing, Commis-

sioner Griffin will hold public hearings for such disciplinary action as called for, for those members of the Fire Department which the Finance Commission charges engaged in outside work activities.

Outside Work

¶ Regarding outside work activities by members of the Fire Department, I have appointed Thomas C. Healey, secretary-treasurer of Newspaper Drivers Local 259 and secretary of Teamsters Joint Council No. 10, to head a seven-man committee to make recommendation for revision of departmental rules pertaining to outside employment.

¶ Mr. Healey will be the chairman of this labor study committee. The other members will be three union members and three members of the Firefighters Union. It is expected that this survey will be concluded in 30 days.

¶ Turning now to another matter: The question of "conflict of interest" occupied attention of the Legislature for a considerable period of time during the last session and it would appear that some clarifying amendments to the existing law are called for and I strongly urge passage of such an amendment or amendments.

Board Defended

¶ Now I would like to call attention to one additional section of the Finance Commission report, notably that which deals with inadequate procedures for the inspection, maintenance, and repair of fire

alarm systems in schools existing for more than 20 years. I would also like to call attention to that section of the report recommending disciplinary action against the Board of Commissioners of School Buildings as a result of the above-mentioned long standing inadequate procedures.

¶ I think it is most important to point out that while many employees of this department charged with the responsibility for fire alarm systems have been with the department over a period of up to 20 years, the only member of the Board of Commissioners of School Buildings appointed by the mayor, Mr. Isadore H. Y. Muchnick, was appointed on September 30, 1960. The third member of this board, Attorney James F. Dinneen, was appointed by Messrs. Muchnick and Thomas H. Buckley on December 30, 1960, and Mr. Dinneen was not sworn in until January 3, 1961.

¶ Thus, it would appear that for disclosing the lamentable state of fire alarm repairs, that the members of the Board of Commissioners of School Buildings should be commended for their alertness in instituting action by their vote on March 23, 1961, less than three months after the formation of their commission.

FIRE DEPARTMENT ORDERS

August 22.

General Order No. 35.

I. HUGH E. MacKINNON.

It is with deep regret that the Fire Commissioner announces the death on August 15, 1961, of Fire Fighter Hugh E. MacKinnon of Ladder Company 18. Fire Fighter MacKinnon was appointed to the department on January 29, 1947.

The funeral was held from the Mulry Funeral Home, 223 Neponset avenue, Dorchester, at 8 A.M., August 19, 1961, followed by a Solemn High Mass of Requiem at St. Ann's Church, Neponset avenue, Dorchester, at 9 A.M.

The chief of department made the customary detail to act as funeral escort, and members of Ladder 18 were excused from duty to attend the services.

II. RETIREMENTS.

The following retirement, in accordance with section 7, chapter 32 of the General Laws, as amended, which will become effective at 8 A.M., Friday, September 1, 1961, is hereby announced:

Fire Fighter Bernard L. O'Connor, 23 Boylston street, Jamaica Plain, of Ladder Company 10.

The following retirement, in accordance with section 53, chapter 32 of the General Laws, as amended, which became effective at 8 A.M., Wednesday, August 16, 1961, is hereby announced:

Principal Fire Alarm Operator John M. McCarthy, 15 Surrey street, Allston, Fire Alarm Division.

Fire Fighter O'Connor was appointed to the department on October 25, 1950. Principal Fire Alarm Operator McCarthy was appointed on May 31, 1929. He was promoted to the grade of operator on May 20, 1942, and to principal operator on December 11, 1946.

Both of the foregoing-named members leave the department with the best wishes of their associates.

III. RESIGNATION.

The following resignation became effective at 8 A.M., Wednesday, August 16, 1961:

Fire Fighter Benjamin H. Fiske, Ladder Company 20.

IV. ASSIGNMENT AS FIRE FIGHTER (ENGINEER, MOTOR SQUAD).

The following assignment which became effective at 8 A.M., August 9, 1961, is hereby announced:

Fire Fighter Alphonse J. Jackmauh, 130 O street, South Boston, to fire fighter (engineer, Motor Squad).

V. CHANGE IN DESIGNATION OF FIRE ALARM BOX.

Fire Alarm Box 4151 has been relocated from Summer and School streets to Summer and Elm streets. The designation of this box will be changed to read as follows:

4151, Summer and Elm streets.

Company commanders will make the above change in designation on assignment cards for Box 4151.

VI. BOSTON AUTOMATIC ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the Boston Automatic Company in this department:

Signal 244, 28-32 Midway street. Apparatus to respond: Engine 39, Ladder 18, District 6. Nearest box is 7131.

VII. HIGH COMMENDATION.

At 7.43 P.M., July 20, 1961, the department responded to an alarm from Box 1371 (four alarms) for a fire at 138-144 Bowdoin street, Boston.

Upon arrival of the department, Fire Fighter Robert F. Mackey, 145 Trenton street, East Boston, of Engine Company 3, assisted in running a 2½-inch line in rear of fire building and then took a 2½-inch line over the fire escape to the fourth floor. As the result of his exertion, the All-Service mask was ineffectual. On reaching the landing at the fourth floor, Fire Fighter Mackey was

notified that an occupant of one of the apartments on the fifth floor was unaccounted for. He raced up the fire escape to the fifth floor and, after forcing a metal framed window which opens outward by means of a screw handle on the inside, he entered and searched many of the rooms in the four apartments located on this floor. All of these rooms were heavily charged with smoke, gases, intense heat and fire burning in the ceiling overhead. He succeeded, however, in locating an unconscious man near a radiator in a room adjacent to the fire escape. With considerable difficulty, Fire Fighter Mackey removed the man to the fire escape where he was assisted by other members in carrying the victim to the street.

Because of the fact that Fire Fighter Mackey performed this rescue without the protection of a mask or water line,

under extremely difficult conditions, and without regard for his own personal safety, the Fire Commissioner is pleased to commend him highly, and his case is referred to the Board of Merit for further consideration.

VIII. COMMENDATIONS.

On July 21, 1961, at 6.42 P.M., Ladder Company 31, Engine Company 54 and Engine Company 47 responded on a still alarm for a boat fire at a location opposite the Nike site on Long Island. A road at this point led down to the water front from which a 1½-inch line was advanced by Fire Fighter Frank E. Williams, 19 St. Rose street, Jamaica Plain, of Ladder Company 31, through the surf to a 75-foot cabin cruiser about 150 feet off shore containing considerable amounts of gasoline and fuel oil and which was fully involved in fire. Aided by a stream being operated from a small Coast Guard fireboat, Fire Fighter Williams was able to climb aboard and knock down the main body of the fire. Due probably to a leaking gas line allowing the escaping gasoline to be reignited by the hot engine, the fire flared up again, and Fire Fighter Williams went over the side and secured the burning boat to the Coast Guard vessel which towed it out to deeper water where Engine Company 47 completed extinguishment.

Fire Fighter Williams is hereby commended for his actions under adverse circumstances which required great physical effort and obvious risk.

Fire Fighter James T. Shea, 111 Magnolia street, Dorchester, attached to Ladder Company 19, is hereby commended for responding to and working at fire, still alarm, 3 Gustin street, South Boston, on July 28, 1961, while off duty.

ANNAPOLIS ST. REPAIRS

Dorchester

The Mayor and Public Improvement Commission have approved the following:

That this commission having passed the order of notice relating to the public improvement hereinafter described, and having caused a copy of said order to be published February 18 and February 21, 1961, in the *Boston Globe* and the *Boston American*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public necessity and convenience require, does hereby order that specific repairs be made in Annapolis street, Dorchester district, on the northeasterly side, consisting of increasing the width of the existing roadway and the installation of an artificial stone sidewalk, as shown on a plan marked "City of Boston, Public Works Department, Engineering Division, Specific Repair Plan, Annapolis Street, Dorchester, May 8, 1961, John J. McCall, Division Engineer," and on file in the office of said department.

August 17.

General Order No. 938.

The following-named persons, honorably discharged veterans having arrived at the ages stated, having been in the service of the City of Boston for the years set forth, and having requested retirement under provisions of section 58, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, The Boston Retirement Board having approved the same, said persons will be retired from active duty in the Police Department, effective Tuesday, August 22, 1961, at 5:45 o'clock P.M.:

Lieut. Robert E. Bowes, Division 11, age 64, 41 years of service.

Patrolman Herbert J. Small, City Prison, age 65, 30 years of service.

August 21.

General Order No. 939.

The following communication received from Mr. Henry A. Scagnoli, Director of Administrative Services, City of Boston, is published for the attention of all members of this department:

CITY OF BOSTON,
ADMINISTRATIVE SERVICES DEPARTMENT,
ADMINISTRATIVE DIVISION.

August 17, 1961.

To All Department Heads.

My attention has been directed to the fact that accurate records concerning the status of city employees, and department heads, in some instances, who are members of the various Military Reserves, are not available in this department where central controls should be retained on all such information.

World tensions, as indicated recently by President Kennedy, may require the calling of certain Reserve Units to active duty in the near future. In the event this should occur, we must be prepared

to fill any vacancies on a temporary basis in an efficient and businesslike manner. In order to plan for such an eventuality, it is imperative that certain information be made available at the earliest possible date.

It is therefore requested that you canvass your department to ascertain the number of employees who are members of the Military Reserve and their present status, and notify the Personnel Division of this office at the earliest possible date. In the event the number of individuals involved is found to be substantial, arrangements will be made to have a standard form established for the reporting of this information.

Your immediate attention to this matter is respectfully requested.

Commanding officers of all divisions and units will prepare a special report to be forwarded on or before September 1, 1961, listing all members under their command who are on a Military Reserve status.

This report will contain the name, departmental rank or designation and their military rank, unit or organization and present reserve status.

August 21.

General Order No. 940.

The resignation of Patrolman John J. Hurley, Division 8, having been presented, it is hereby accepted to take effect Monday, August 21, 1961, at 7:45 o'clock A.M.

EXTENSION OF CONTRACT

The Mayor has approved extension of the time limit on completion of the following contract:

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor approved the award of contracts, without advertising, based on the following communications:

DEPARTMENT OF SCHOOL BUILDINGS.

School Fire Alarm Repairs

DEAR MR. MAYOR:

A recent survey of the fire alarm systems in the school buildings of the City of Boston has shown that many systems are in urgent need of repair. A considerable amount of repairs, replacements, and corrections must be made to make these systems safe by school opening date, September 7, 1961. After many attempts it has proved impossible to secure the services of a company which has the resources, workmen, and ability to perform all the work in the schools on or before September 7, 1961, as the time left does not give any one company sufficient time. Also no company has been found that can furnish any parts for these systems in doing this work. Therefore it will be necessary for the city to furnish all parts for same. After a careful examination of the background of the Atlas Alarm Corporation of 519 East street, East Weymouth, Mass., I have come to the opinion that said company is familiar and has the experience with the problem and can do an adequate job.

Therefore, as it is of the utmost urgency that these fire alarm repairs and replacements be carried out as rapidly and as efficiently as possible due to the fact that these schools must be ready for occupancy on September 7, 1961, and since the above firm is likewise skilled and experienced in making fire alarm system repairs and replacements, it is my considered opinion that it would best serve the interests of the city to enter into a contract with the Atlas Alarm Corporation in a sum not to exceed five thousand dollars (\$5,000) for the repair of the fire alarm systems in forty-six schools in the city enumerated in the attached list, and to dispense with advertising in connection therewith, for the reasons appearing in the foregoing. It is further to be noted that public advertising in any case would not necessarily assure that we would obtain as the low bidder a firm having the knowledge, ability, trained staff, and experience which is so vital to the successful performance of these services.

In view of the foregoing, your Honor's authorization is respectfully requested to dispense with a public solicitation of proposals in the City Record and to enter into a contract in the sum not to exceed five thousand dollars (\$5,000) with the Atlas Alarm Corporation for the performance of the aforementioned repairs, replacements, and corrective work on the aforementioned fire alarm installations.

Respectfully yours,

W. A. MCPHERSON,
Superintendent of Construction.

The schools to be serviced under the contract are as follows:

William E. Endicott, William E. Russell, Williams, Woodrow Wilson, Roger Wolcott, William L. Garrison, Girls' High, New Boston Technical High, Aaron David, Albert Palmer, Asa Gray, Dearborn and Annex, Dillaway, Dudley, Ellis Mendell, Farragut, Horace Mann, Hyde.

J. P. Timilty, Julia Ward Howe, Lewis, M. G. Godvin, Nathan Hale, Ralph W. Emerson, S. W. Mason, Sarah Baker, Sherwin, Theodore Roosevelt, W. L. P. Boardman, South Boston High, Benjamin Dean, Bigelow, Choate Burnham, Gaston.

G. F. Hoar, J. B. O'Reilly, John A. Andrew, J. Tuckerman, Norcross, M. J. Perkins, P. F. Gavin, T. N. Hart, Robert G. Shaw, Sophia Ripley, Rochambeau, William Bradford.

Fire Alarm Repairs

DEAR MR. MAYOR:

A recent survey of the fire alarm systems in the school buildings of the City of Boston has shown that many systems are in urgent need of repair. A considerable amount of repairs, replacements, and corrections must

be made to make these systems safe by school opening date, September 7, 1961. After many attempts it has proved impossible to secure the services of a company which has the resources, workmen, and ability to perform all the work in the schools on or before September 7, 1961, as the time left does not give any one company sufficient time. After a careful examination of the background of the Automatic Fire Alarm Company of 61 Battery-march street in Boston, I have come to the opinion that said company is familiar and has the experience with the problem and can do an adequate job.

Therefore, as it is of the utmost urgency that these fire alarm repairs and replacements be carried out as rapidly and as efficiently as possible due to the fact that these schools must be ready for occupancy on September 7, 1961, and since the above firm is likewise skilled and experienced in making fire alarm system repairs and replacements, it is my considered opinion that it would best serve the interests of the city to enter into a contract with the Automatic Fire Alarm Company in a sum not to exceed fifty-one hundred dollars (\$5,100) plus 25 per cent of the said sum for the repair of the fire alarm systems in forty-seven schools in the city, enumerated in the attached list, and to dispense with advertising in connection therewith, for the reasons appearing in the foregoing. It is further to be noted that public advertising in any case would not necessarily assure that we would obtain as the low bidder a firm having the knowledge, ability, trained staff, and experience which is so vital to the successful performance of these services.

In view of the foregoing, your Honor's authorization is respectfully requested to dispense with a public solicitation of proposals in the *City Record* and to enter into a contract in the sum of not to exceed fifty-one hundred dollars (\$5,100) plus twenty-five per cent (25%) of the said sum with the Automatic Fire Alarm Company for the performance of the aforementioned repairs, replacements, and corrective work on the aforementioned fire alarm installations.

Respectfully submitted,

WILLIAM A. MCPHERSON,
Superintendent of Construction.

McCall, Division Engineer, Engineering Division," and on file in the office of said department.

SILVIA COURT

That in accordance with the provisions of chapter 117 of the Acts of 1947, permission is hereby granted to Stony Brook Village Corporation to prepare for public travel Silvia Court, Hyde Park district, from Raldne road, approximately 300 feet westerly, in accordance with the City of Boston's plans and specifications for the construction of private ways open for public travel, as shown on a plan entitled "Details and Specifications for Construction of Private Ways Opened to Public Travel, December 1, 1960, Frederick L. Garvin, Acting Division Engineer, Engineering Division, Public Works Department," to the lines and grades as shown on a plan dated June 22, 1960, by Norwood En-

gineering Company, Inc., Civil Engineers, filed in the Public Works Department, City of Boston.

ORGAN PARK STREET SEWER

West Roxbury

The Mayor and Public Improvement Commission have approved new sewerage works for Organ Park street, West Roxbury.

The project is described as follows:

A parcel of land, owners unknown, being the private way known as Organ Park street, bounded: Northerly by Catherine street, thirty-five and 00-100 feet; easterly by the easterly line of Organ Park street, eighty-five and 50-100 feet; north-easterly by the northeasterly line of Organ Park street, one hundred eighty-eight and 00-100 feet; southeasterly by the southeasterly line of Organ Park street, thirty-five and 00-100 feet; south-westerly by the southwesterly line of Organ Park street, two hundred one and 34-100 feet, and westerly by the westerly line of Organ Park street, one hundred and 00-100 feet, containing ten thousand fifty square feet, more or less.

The sewerage works to be constructed are as follows: 130 linear feet of 10-inch pipe sewer at an estimated cost of \$1,600; 136 linear feet of 10-inch pipe surface drain and two catch basins at an estimated cost of \$2,050. Total estimated cost \$3,650.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this commission estimates that the abutting parcels of land situated on the northeasterly side of said Organ Park street will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; said parcels in the amounts hereinafter respectively set against them; said parcels and the supposed owners thereof being shown on the aforesaid plan and on file in the office of this department.

N. Y. CITY BATTLES EXHAUST FUMES

New York City is going to test a new device designed to reduce automobile exhaust fumes by as much as 30 per cent.

Mayor Wagner announced recently that the device, called a crankcase blowby, will be installed on 50 city-owned cars for a check on its performance. The device operates by piping crankcase vent gases back into the engine intake rather than letting them escape into the air.

The Mayor said that if the gadget proves its value the city will consider installing it on all new cars it purchases.

STANIFORD STREET WIDENING

Boston Proper

The Mayor and Public Improvement Commission have approved the widening, relocation, and construction of Stanford street, Boston Proper district, from Cambridge street to Lowell street.

The project is described as follows:

The highway named Stanford street is hereby widened and relocated from Cambridge street to Lowell street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

DEPARTMENT OF SCHOOL BUILDINGS.

INVITATION FOR GENERAL BIDS FOR CARPENTRY WORK AT VARIOUS SCHOOLS.

The City of Boston, acting by the Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for carpentry work at various schools.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, September 5, 1961, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$100. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded), from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Superintendent of Construction of the Department of School Buildings designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

Plans and specifications and other documents may be obtained at the office of the Awarding Authority.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do, in accordance with section

44D, chapter 149, of the General Laws, as amended.

CITY OF BOSTON,
WILLIAM A. MOPHERSON,
Superintendent of Construction.

CITY OF BOSTON.

PARKS AND RECREATION DEPARTMENT.

INVITATION FOR GENERAL BIDS FOR CONSTRUCTING A SHELTER BUILDING AT WEST NEWTON STREET PLAY AREA, SOUTH END, BOSTON, MASS.

The City of Boston, acting by the Commissioner of Parks and Recreation, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for constructing a shelter building at West Newton Street play area, South End, Boston, Mass. General bids will be received until 2 o'clock p.m. (Eastern Daylight Saving Time), Tuesday, September 12, 1961, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on forms obtained at the Engineer's office of the Parks and Recreation Department, 33 Beacon street, Boston, Mass. Each copy of the general bid shall be properly filled out, signed, enclosed in an envelope, sealed and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$2,400. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany or be submitted with either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

The general bids and subbids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Awarding Authority as designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority at the above address before 12 o'clock noon (Eastern Daylight Saving Time), Tuesday, September 5, 1961, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: title of work; subtrade for which subbid submitted; subbidder's name; subbidder's business address.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount as specified in the following for the various subtrades, as listed below, shall be submitted by each subbidder with his subbid as filed with the Awarding Authority:

Miscellaneous steel and iron.....	\$200
Plumbing.....	\$150
Heating.....	\$100
Electric work.....	\$150

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbid filed by (a) the three lowest responsible and eligible subbidders for a subtrade nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of a subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Plans and specifications and other documents may be obtained at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., upon deposit of a certified check for \$25 per set of plans and specifications, payable to the City of Boston. The amount of the deposit per set of plans and specifications will be refunded upon return thereof in good condition not later than thirty days after the opening of general bids (Saturdays, Sundays, and legal holidays excluded).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that only one such subbid was received and that the price is not reasonable for acceptance without competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

POLICE INSTRUCTED ON NEW TRAFFIC VIOLATION LAW

The following Police Order was promulgated, on August 22, by Police Commissioner Leo J. Sullivan:

General Order No. 941.

Chapter 592, Acts of 1961, a copy of which is forwarded herewith, provides that a police officer who halts a motorist for violation of any law relative to the operation or control of a motor vehicle (except parking violations, defective equipment violations or in any case where an actual arrest is made) shall make out and sign a four-part notice of such violation and refer the same to his commanding officer. The commanding officer of the Traffic Division and the commanding officers of Divisions 1 to 19, inclusive (except Division 8), are hereby authorized to endorse these notices in accordance with the provisions of the statute. The commanding officer shall make one of three recommendations:

1. Written warning to offender.
2. Refer to Registrar of Motor Vehicles.
3. Apply for summons.

The four-part notice shall be completely filled out, signed by the officer, endorsed and signed by the commanding officer and distributed as follows:

1. Original to be mailed directly to the offender.
2. Court copy to be returned to the court having jurisdiction of the offense.
3. Registry copy to be forwarded to the Registrar of Motor Vehicles.
4. Department copy to be retained and filed at the local police division.

These prenumbered books of violation notices will be provided by the various courts but will not have the name of the court printed thereon. It is therefore very important that all packages of books received by division commanders from their local court or courts, be carefully marked on the outside of each package with the name of the court and all books forwarded immediately to the Central Records Bureau, fourth floor, Police Headquarters. The commanding officer of the Central Records Bureau will record all books received against the court of issue, distribute the books to the various divisions and provide a prenumbered, pre-punched IBM violation card and docket sheets for each citation distributed. Division commanders will issue these departmental IBM violation cards to motorcycle officers, radio-car officers, and officers specifically assigned to the enforcement of motor vehicle laws and will maintain a record of the issuance of these violation cards to their individual members. The departmental IBM violation card will be carefully and completely filled out by the officer at the time of violation and at or before the completion of his tour of duty he will also fill out and sign the corresponding four-part notice. All copies will then be turned in to his duty supervisor for the attention of his commanding officer. The commanding officer will, not later than three days after the date of violation, make his recommendation and sign the IBM violation card and the four-part notice. The

IBM violation card will be returned to the Central Records Bureau and the four-part notice distributed as previously indicated.

It will be carefully noted that the statute provides for a quarterly audit by the courts and every violation notice whether issued to an offender, voided, mutilated, or destroyed must be accounted for. If a notice is to be voided it must be marked "void," signed by the commanding officer, and returned to the court. The corresponding IBM violation card, similarly marked and signed, must be returned to the Central Records Bureau. It shall be the responsibility of each division commander to maintain a docket sheet, in duplicate, showing the departmental disposition of every four-part notice issued to his division. When a docket sheet is completed the original shall be certified and forwarded to the Central Records Bureau and the copy retained on file at the division subject to subsequent audit.

Officers of other units who, while on duty, note a serious infraction of the motor vehicle law will go to the division where the offense was committed and fill out the necessary forms. These notices will then be processed as above outlined.

It is most important to note, especially those divisions whose boundaries are within the jurisdiction of more than one court, that a violation notice must be written from the books issued by

New Law . . .

(Continued from front page.)

the court having jurisdiction of the offense.

The following memorandum prepared by Boston Municipal Court officials and acceptable to the Administrative Committee of the District Courts for the guidance of court personnel is also published herewith for the further instruction of members of this department.

MEMORANDUM

BOSTON MUNICIPAL COURT

1. Under the provisions of chapter 592 of the Acts of 1961 the method heretofore employed in the apprehension of offenders against our motor vehicle laws will be revised and the method of summoning offenders into court will be based on the use by the police of four-way automobile violation citation books. These citation books will be available before the end of the current month (August) and it is hoped that the supply will be adequate for the requirements. Enforcement agencies will be supplied with these as soon as they are available, the books being issued by the various district courts.

2. The distribution of these books is the responsibility of the clerks of the district courts who should be reminded to keep a careful record of all books distributed, the numbers of same, and especially to obtain receipts from those to whom they are distributed acknowledging the receipt of same.

3. The statute requires that a copy of each citation issued by any law enforcement officer be returned to the district court having jurisdiction of the violation and the court is required to maintain a record of these citations. Emphasis should be placed on the fact that officers to whom these books are issued can only use them for violations within the jurisdiction of the court which issued the books. It is important that each district court provide a bound docket to record the receipt by the clerk's office of the citation returned by the police and also that such bound docket record the issuance of books to the police.

4. Emphasis must be placed on the fact that the summonses issued under provisions of this act are not applicable where an arrest has actually been made for such offenses as operating under the influence of liquor, for an out-of-state traffic violator, for parking violations, or for using defective equipment.

5. It is important that no complaint issue under this law except upon the presentation to the court of the clerk's copy of the citation showing that a summons has been recommended by the chief or department head.

6. The practice of forwarding to the Registrar of Motor Vehicles abstracts pertaining to offenses continues as in the past.

7. The Registrar of Motor Vehicles will supply the clerks with cards to be used for suspending and reinstating licenses as provided under this law and the size and color will be similar to those now used in the parking law.

8. In view of the fact the clerks of court will keep a record of all four-way books issued to enforcing agencies and the further fact that some of those citations may be voided for various reasons, it is important that such voided certificates be returned to the clerk of court who originally issued them so that the records may be kept complete.

AN ACT RELATIVE TO SUMMONSES FOR VIOLATIONS OF THE MOTOR VEHICLE LAWS, REQUIRING FILING OF COPIES THEREOF AND PROVIDING FOR AN AUDIT SYSTEM IN CONNECTION THEREWITH.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide a system of summonses for violations of the motor vehicle laws, requiring filing of copies thereof and providing for an audit system in connection therewith, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public safety and convenience.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. Chapter 90 of the General Laws is hereby amended by striking out section 27 and inserting in place thereof the following section:—

Section 27. Whenever a person operating a motor vehicle is halted by a police

officer or registry of motor vehicles supervisor, investigator or examiner for any violation of any statute, bylaw, ordinance or regulation relating to the operation or control of motor vehicles other than violations of section twenty A, the police officer or registry of motor vehicles supervisor, investigator or examiner shall make out a notice of such violation and such notice shall be referred forthwith to the chief of police or chief administrative officers of the traffic enforcement agency who shall take one of the following actions:

1. Send a written warning.
2. Refer to the registrar of motor vehicles for action.

3. Apply for a summons to the district court having jurisdiction.

All copies of such notice shall be signed by the officer and endorsed by the head of the department or a person authorized by the head of the department. Upon the issuance of three warnings within a year it shall be mandatory for the registrar of motor vehicles to suspend the license for a period of thirty days.

Such notice shall be consecutively numbered and consist of four parts: (1) notice to the operator of the action to be taken; (2) copy to the district court having jurisdiction; (3) copy to the registrar of motor vehicles; (4) copy to be retained by the police department or registry of motor vehicles supervisor, investigator or examiner. Such notice shall be on a uniform traffic ticket, the form of which shall be approved by the administrative committee of the district courts, the chief justice of the Boston municipal court, the registrar of motor vehicles and a chief of police designated by the Governor. Such notice shall contain name and address of the offender, the number of his license, if any, to operate motor vehicles, his date of birth, the registration number of the vehicles involved, the time and place of such violation, and the specific offense charged.

At or before the completion of each tour of duty, the police officer, or registry of motor vehicles supervisor, investigator or examiner observing such violation, shall give to the chief of police or chief administrative officer of the traffic enforcement agency or division the copies of each notice of such violations.

When a summons is requested and issued, if any person fails to appear in accordance with the requirements of such summons, the clerk shall, in the case of a first or second offense committed by such person within the jurisdiction of the court, but for no subsequent offense, send such person, by registered mail, return receipt requested, a notice that the complaint is pending, and if the person fails to appear within twenty-one days from the sending of such notice, a warrant for his arrest shall be issued, and the registrar of motor vehicles notified to suspend his right or license to operate motor vehicles. If any person fails to appear within twenty-one days from the sending of such notice, or in accordance with the summons issued, as the case may be, the court shall issue a

warrant for his arrest, and the clerk shall notify the registrar, who shall forthwith suspend the right of such person to operate motor vehicles, or his license, if any, to operate the same, and shall not reinstate such right or license or issue a renewal thereof to such person until after notice from the clerk of the court having jurisdiction of such complaint that the same has been disposed of in accordance with law; and it shall be the duty of the clerk of the court having jurisdiction of such complaint to notify the registrar forthwith that such case has been disposed of.

Every district court and the Boston municipal court shall provide uniform traffic citations, meeting the requirements of this article, in books to the chief of police or chief administrative officers of the traffic agency and officers of every traffic enforcement agency serving the court district.

The chief of police or chief administrative officer of the traffic enforcement agency of every such traffic enforcement agency shall be responsible for the issuance of such books and shall maintain a record of every such book and each citation contained therein issued to individual members of the traffic enforcement agency and shall require and retain a receipt for every book so issued.

The chief of police or chief administrative officer of the traffic enforcement agency shall require the return to him of all copies of every citation which has been spoiled or upon which any entry has been made and not completed.

The chief of police or chief administrative officer of the traffic enforcement agency shall also maintain or cause to be maintained in connection with every traffic citation a record of the disposition of the charge.

Every record of traffic citations required of the chief of police or chief administrative officer of the traffic enforcement agency shall be audited quarterly by the court to which said summonses are returnable. Such audit shall contain information as to (1) tickets assigned, (2) tickets issued by police officers, (3) tickets disposed of, with disposition thereof, (4) tickets still pending, (5) void, mutilated or destroyed tickets. A summary of such audit and a summary of the disposition of traffic citations received by such court shall be reported quarterly to the administrative committee of the district courts, the chief justice of the Boston municipal court, and the registrar of motor vehicles on a form approved by the administrative committee of the district courts, the chief justice of the Boston municipal court, the registrar of motor vehicles and a chief of police designated by the governor.

The first judge of a district court and the chief justice of the municipal court of the city of Boston shall maintain or cause to be maintained a record of every such traffic violation notice deposited with or presented to said court, and shall maintain a record of every official action by said court in reference thereto, in-

cluding but not limited to a record of every conviction, forfeiture of bail, judgment or acquittal, and amount of fine or forfeiture resulting from every such traffic complaint deposited with or presented to said court.

Within ten days after the conviction or forfeiture of bail of a person upon a charge of such violation, such judge or clerk of such court shall prepare and immediately forward to the registry of motor vehicles the abstract of the record of said court covering the case in which said person was so convicted or forfeited bail, which abstract shall be certified by the person so required to prepare the same to be true and correct. Said abstract shall be made on the registry of motor vehicles copy of the complaint and shall include the name and address of the person charged, the number, if any, of his license to operate motor vehicles, his date of birth, the registration number of the vehicle involved, the specific offence, the date of the hearing, the plea, the judgment, or whether bail forfeited, and the amount of the fine or forfeiture, as the case may be.

Every court shall also forward a like report to the registry of motor vehicles of the conviction of any person of manslaughter or other felony in the commission of which a vehicle was used.

The registrar shall keep all abstracts received hereunder at his main office. Courts shall, upon their own initiative or upon the request of the registrar or his agents, furnish to the registrar the details of all particularly flagrant cases which may be heard before them, and they may make such recommendations to the registrar as to the suspension or revocation of the licenses and certificates of registration of the defendants in such cases as they may deem necessary.

It shall be unlawful and official misconduct to dispose of a traffic violation notice or copies thereof or of the record of the issuance of the same in a manner other than as required herein.

Any police officer or registry of motor vehicles supervisor, investigator or examiner who observes any motor vehicle in unsafe condition or not equipped with the following equipment maintained in good order, to wit:—brakes, lights, horn, muffler, steering gear, windshield, windshield cleaner, number plates, rear windows or such other equipment as may be specified by the registrar of motor vehicles, may give notice to the driver on a form provided by the registrar and shall send a copy to the registry of motor vehicles for such action as the registrar may deem necessary.

The procedure described herein shall not otherwise be exclusive of any other method prescribed by law for the arrest and prosecution of a person for an offence of like grade.

Nothing in this act shall be construed to supersede the powers and duties of the registrar as provided in other sections of chapter 90.

SECTION 2. Section twenty-nine A of said chapter ninety is hereby repealed.

POLICE DEPARTMENT ORDERS

August 28.

General Order No. 942.

Lieutenant-Detective John J. Donovan, Detective Bureau; Sergeant Donald D. Penny, Detectives Edward F. Mahoney, Anthony J. DiNatale, James E. O'Hara, Richard F. O'Connor, and Patrolman Walter J. O'Rourke, of Division 7, are hereby commended for meritorious police duty and each is granted three days' additional vacation.

At about 3.30 P.M., Wednesday, July 26, 1961, Mrs. Constance Arpino of 94 Gage avenue, Revere, arrived at Division 7 to report her sister, Kathleen M. Olsen, 18 years, single, of 26 Grady court, East Boston, missing from her home since 1 A.M., Monday, July 24, 1961. Mrs. Arpino was accompanied by one Albert Fayles, 24 years, single, of 115 Everett street, East Boston, who was introduced as the fiance of the said Kathleen Olsen.

Fayles stated he had given Kathleen M. Olsen a diamond engagement ring and they were planning to be married, and that she was employed in a secretarial capacity in the catering service of one of the larger hotels. On Sunday, July 23, 1961, they had gone on a picnic to the Lynn Reservoir, that he had driven her back to her home at about 4.30 P.M. and they later attended the Suffolk Downs Drive-In Theatre in East Boston, leaving there about 12.30 A.M., the following morning, July 24. He stated he drove her back to a point near the entrance to her home, that she alighted from the car and walked toward her home. He stated they parted on good terms although she had decided it would be better to return the engagement ring and get back the deposit of \$100 he had paid on the ring, which was worth \$500, and put the money away for furniture when they married. He further stated she told him to telephone her about 6.30 P.M., on Monday, July 24, but she would not go out with him as she wanted to do some studying in connection with a training course for airline hostess she was taking at the Bay State School on Huntington avenue, Boston.

A physical description of the missing girl and description of the clothing she was wearing when last seen was sent out on teletype.

Detectives Mahoney and DiNatale were assigned to search her home, including the cellar of the project where she lived, and to interview all persons in the area and at her place of employment. This proved fruitless for no one had seen or heard from her, nor had she communicated with any of her fellow employees. All officers were alerted to be on the lookout for this girl.

The jewelry firm of Santisi & Bove, 333 Washington street, Boston, was visited and it was learned that on Monday, July 24, 1961, Fayles had returned a diamond engagement ring and was

Recognized Authority on Subject Pegs Responsibility of Building Officials.

A report was filed recently in the Mayor's office from Edmund J. Morgan, Chief Inspector, Building Department, on his attendance at the 46th Annual Conference of the Building Officials Conference of America, Inc., held in Philadelphia, on May 21-25.

Mr. Morgan, in his report, said he was particularly impressed by the remarks of Dr. Henry D. Harral, Fels Institute of Local and State Government, University of Pennsylvania. Mr. Morgan reports the address as follows:

¶ Dr. Harral said it is well for us to remember that building regulations and the control of building operations are not something that a government seeks to impose upon its citizens, but rather result from a call from the people to their governments to assure their safety and health during the large period of their lives they spend in buildings, buildings in which they live and work and refresh themselves spiritually, physically, and mentally. This is something that should be stressed when some of the public feel that they are being imposed upon.

¶ The building official never stops learning; he reads his technical publications; he keeps a receptive ear for the architect, the engineer, and the master builder who seek to improve the old line structural methods and materials. The larger good, the public good, is served best when the best construction and the cheapest construction become one and the same thing.

¶ Another set of objectives would be to serve the public, the elected

and appointed superiors who look to your carrying out your job in a manner that will stress:

fulfillment, above all else, of the social and economic objectives of your function,
impartial enforcement,
the convenience of those served,
economy of operations, and
coordination with other municipal functions.

¶ Our primary objective as building officials should be to afford people who live and work and play and learn and worship in buildings, protection against the dangers of fire, collapse and panic, and provision of adequate light, air, and of sanitary facilities.

¶ He suggested as the first administrative objective the achievement above all of the purposes for which your function was established. The efficiency expert sometimes forgets this; the sound administrator, never.

¶ Uniformity of treatment is important. Every designer, every owner, every builder, and every supplier of materials has the right to expect of the building administrator and inspector absolute equality of treatment. This means honesty, of course, and the ability of a chief of staff to pick honest people and to discern the slightest trace of dishonesty if such should occur. But honesty is only a part of uniformity of treatment. Required also are clearly presented rules and procedures so that all applicants know what is expected of them.

given back \$90 of the \$100 he had paid on the ring. It was also learned that a Chrysler automobile, Mass. Reg. X-6529, which Fayles stated was his, had been registered to Kathleen M. Olsen. Information was received that Fayles had gone to the hotel where the Olsen girl was employed and talked with some of her fellow employees to learn if she had mentioned any intention of leaving home. It was further learned that Fayles was not working, and was spending his time touring the East Boston district in this automobile, accompanied by a friend, looking for Kathleen Olsen.

He also made several visits during the day to her home and that of her sister, Mrs. Stornuolo of 98 Sumner street, East Boston, for information concerning this girl.

On Friday, July 28, 1961, Fayles was requested to go to the station for further questioning, which he did and he reiterated his previous statements as to his and Kathleen Olsen's activities on Sunday, July 23, until he returned to her home after midnight on Monday, July 24. He was instructed to keep himself available for further questioning and allowed to leave the station.

On Sunday, July 30, 1961, the decomposed body of the missing girl was found concealed in a clump of bushes in a wooded area at the dead-end section of Gladstone street, East Boston, by two young boys. Fayles was again questioned, but stuck to his original story and denied any knowledge of how this girl met her death.

On Monday, July 31, 1961, after intensive questioning by Lieutenant-Detective Donovan of the Homicide Unit and the other officers who had been working on the case, Fayles finally confessed that he had strangled Kathleen Olsen while seated in the Chrysler sedan near her home. He stated he had driven around for a while and finally placed the body in the bushes where it was later found. He refused to give any reason for killing her.

Fayles was then taken to his home by the officers and he turned over to them a diamond friendship ring, which he had given to Kathleen Olsen as a gift and which he had removed from her body. He had concealed the ring in the rafters in the cellar of his home.

The Police Commissioner is pleased to recognize the devotion to duty displayed by these officers who as the result of their thorough investigation and persistent interrogation brought about a confession from a cunning and cruel murderer who believed he had committed the "perfect crime."

August 29.

General Order No. 943.

There is forwarded herewith a copy of the vote of the Boston Traffic Commission establishing a new schedule of fines for violation of parking regulations. Coinciding with the new fine schedule, this department will initiate its revised procedure for processing violation notices effective September 1, 1961. Thereafter, information concerning parking violations shall be recorded on the special forms which have already been supplied to divisions concerned. The completed forms will be forwarded daily to the Parking Notice Unit, fifth floor, Police Headquarters, for processing.

Parking fines were substantially increased to provide a more effective deterrent against increasing numbers of violations. The policy which required the adoption of the new penalties makes it imperative that parking regulations be enforced universally and impartially.

The individual police officer has a special responsibility to personally observe restrictive regulations whose enforcement imposes severe penalties on violators. Department personnel must set the example by scrupulous observance of parking restrictions with reference to both privately-owned and official vehicles.

District inspectors and commanding officers of all divisions charged with parking enforcement will be held strictly accountable for the quality of enforcement in their respective areas.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor approved the award of contracts, without advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

Sign Materials

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Traffic Department for traffic sign materials as manufactured by Minnesota Mining and Manufacturing Company. This company has submitted a letter to this office quoting prices on the materials requested.

Inasmuch as Minnesota Mining and Manufacturing Company is the sole manufacturer of the requested materials, it is my opinion that no advantage would be gained by publicly advertising for prices. Authority is therefore requested to dispense with public advertisement and award a contract, without public advertisement, to Minnesota Mining and Manufacturing Company. By awarding the contract as requested, it is my opinion that the best interests of the city will be served.

Approximate total amount of contract will be \$4,798.89, net.

Respectfully yours,

MICHAEL A. DESIMONE,
Purchasing Agent.

Automatic Fire Alarm Boxes

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Fire Alarm Shop of the Fire Department for fifty (50) Gamewell automatic fire alarm boxes as specified and as manufactured by the Gamewell Company. This company has submitted an informal written quotation.

Inasmuch as the Gamewell Company is the manufacturer of the equipment requested and is also the only source of supply, it is my opinion that no advantage would be gained by publicly advertising for prices. Authority is therefore requested to dispense with public advertisement for prices, and award a contract, without public advertisement, to the Gamewell Company at a total amount of \$9,250, net, 30 days. By awarding the contract as requested, in my opinion the best interests of the city will be served.

Respectfully yours,

MICHAEL A. DESIMONE,
Purchasing Agent.

Volemetron

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Boston City Hospital for one (1) volemetron, complete with cart, and one (1) starting set. Atomium Corporation, the sole manufacturer and distributor of the above equipment, has submitted an informal written quotation.

In view of the foregoing facts, permission is requested to dispense with public advertising for prices and to award a contract, without public advertisement, to Atomium Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$4,000, net, 10 days, from date of invoice.

Respectfully yours,

MICHAEL A. DESIMONE,
Purchasing Agent.

Fluothane

DEAR MR. MAYOR:

This office is in receipt of an estimate from the Boston City Hospital for 500 bottles of fluothane, Ayerst Product No. 3125.

Ayerst Laboratories, Division of American Home Products Corporation, has submitted a written quotation for this product at a price of \$22.05 per bottle. Inasmuch as this company is the manufacturer and sole source of supply of this product, it is my opinion that no advantage would be gained by publicly advertising for prices. Authority is therefore requested to dispense with public advertising for prices and award a contract, without public advertisement, to Ayerst Laboratories, Di-

vision of American Home Products Corporation. It is my opinion that by awarding the contract as requested the best interests of the city will be served.

Approximate total amount of contract will be \$11,025, net. Period of contract will be from August 1, 1961, to March 31, 1962.

Respectfully yours,

MICHAEL A. DESIMONE,
Purchasing Agent.

Typewriters

DEAR MR. MAYOR:

This office is in receipt of several requisitions from various city departments for forty-nine (49) Royal typewriters and thirty-eight (38) Smith-Corona typewriters. Royal McBee Corporation and Smith-Corona Marchant, Inc., manufacturers of the above typewriters have submitted informal written quotations.

Inasmuch as the above-mentioned companies are the manufacturers of the typewriters requested, it is my opinion that no advantage would be gained by publicly advertising for prices. Authority is therefore requested to dispense with public advertising for prices and award contracts, without public advertisement, to the following-named companies in the amounts as designated:

Royal McBee Corporation, \$9,911.25, less trade-in allowance, \$452.50—\$9,458.75, net; Smith-Corona Marchant, Inc., \$7,497, less trade-in allowance, \$745—\$6,752, net.

Respectfully yours,

MICHAEL A. DESIMONE,
Purchasing Agent.

BUILDING DEPARTMENT.

Building Repairs

DEAR MR. MAYOR:

Due to the razing of 6 Sharon street, Ward 8, Roxbury, by this department, with the approval of your Honor, the side wall at 4 Sharon street will be in need of extensive repairs if it is to be left in a weathertight condition.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116d thereof, I have asked and have received your Honor's permission to enter these premises and to repair the structure.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Donahoe, \$6,638; White, \$7,450; Vicari & Salvo, \$6,240.

The firm of Vicari & Salvo has submitted the lowest bid. This contractor is thoroughly familiar with this work; he has done satisfactory work for this department in the past.

Accordingly, the general public safety requiring immediate action, I ask your Honor's approval for the awarding of a contract to Vicari & Salvo in the sum of \$6,240, without advertising, as required in the city charter.

Very truly yours,

ROBERT E. YORK,
Building Commissioner.

Demolition of Old Howard

DEAR MR. MAYOR:

On Wednesday, June 20, 1961, shortly after noon, a disastrous fire occurred in the Howard Athenaeum, 28-38 Howard street, Ward 8.

Upon viewing the site, I immediately obtained your Honor's approval to enter the premises and to take whatever steps should become necessary to protect the public and the surrounding buildings.

The roof structure of the 116-year-old building was completely destroyed. A large section of the roof had fallen in, and the building thereupon became a hazard to the public and to the adjoining properties, because the high masonry walls, front and rear, above the level of the building eaves were left without the lateral support which had been afforded by the roof framing. The walls, particularly the front granite wall which is of massive construction, without adequate lateral support became an extreme hazard. The narrowness of Howard street made the condition even more serious.

In view of all of these circumstances I recognized the imperative necessity for immediate action. I obtained at once the services of the John J. Duane Company, of Quincy,

since Mr. Duane was employed in the vicinity on the Boston Redevelopment project. I directed Mr. Duane to begin at once to remove only those portions of the wall that were an imminent hazard and, in view of the emergency, I authorized him to use all labor and equipment necessary to remove the danger.

Mr. Duane has now submitted bills in the amount of \$2,714.26. I regard these charges as reasonable in the circumstances.

Accordingly, the general public safety so requiring, I ask your Honor's approval of my action in undertaking this work without the customary solicitation of bids and advertising in the *City Record* as required in the city charter, and I request that approval for the payment of \$2,714.26 to the John J. Duane Company, Inc., be granted.

Very truly yours,

ROBERT E. YORK,
Building Commissioner.

Building Demolitions

DEAR MR. MAYOR:

The houses numbered 20, 22, 24, 26, 28, and 30 Vale street, and 18 Notre Dame street, Ward 11, have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. The buildings are a menace to the neighborhood.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116d thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

L & L.—20 Vale street, \$1,000; 22 Vale street, \$800; 24 Vale street, \$800; 26, 28, and 30 Vale street, \$1,200; 18 Notre Dame street, \$400; total, \$4,200.

Mystic.—20 Vale street, \$1,324; 22 Vale street, \$1,324; 24 Vale street, \$1,324; 26, 28, and 30 Vale street, \$2,139; 18 Notre Dame street, \$650; total \$6,761.

Lyons.—20 Vale street, \$900; 22 Vale street, \$900; 24 Vale street, \$900; 26, 28, and 30 Vale street, \$1,100; 18 Notre Dame street, \$109; total, \$3,909.

U.S.—20 Vale street, \$1,200; 22 Vale street, \$1,200; 24 Vale street, \$1,200; 26, 28, and 30 Vale street, \$1,200; 18 Notre Dame street, \$500; total, \$5,300.

Polcari.—20 Vale street, \$1,700; 22 Vale street, \$1,700; 24 Vale street, \$1,700; 26, 28, and 30 Vale street, \$1,700; 18 Notre Dame street, \$800; total, \$7,600.

Central.—20 Vale street, \$1,116; 22 Vale street, \$1,116; 24 Vale street, \$1,116; 26, 28, and 30 Vale street, \$1,350; 18 Notre Dame street, \$490; total, \$5,188.

Berardi.—20 Vale street, \$1,000; 22 Vale street, \$1,100; 24 Vale street, \$1,100; 26, 28, and 30 Vale street, \$1,000; 18 Notre Dame street, \$480; total, \$4,780.

The Lyons Wrecking Company has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bidders were requested to submit an aggregate bid for the entire lot of houses, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

Bids for the demolition of individual houses were not requested because it would be a practical physical impossibility for several different wreckers to conduct efficient wrecking operations simultaneously in individual houses. Under such conditions, there would be much mutual interference, and each wrecker would be exposed to severe hazards not under his control, by the operations of adjacent wreckers. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the lot, and that handling the houses as one unit results in lower administrative costs to the city than would result from handling the houses as six separate bids and contracts. Unit handling results, however, in this case, in a contract price

higher than the \$2,000 statutory limitation upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety requiring immediate action, I ask your Honor's approval for the awarding of a contract to the Lyons Wrecking Company in the sum of \$3,909, without advertising, as required in the city charter.

Very truly yours,

ROBERT E. YORK,
Building Commissioner.

DEAR MR. MAYOR:

The houses numbered 69 Batchelder street and 71 and 73 Batchelder street, Ward 8, have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. The buildings are a menace to the neighborhood.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116d thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the structures.

L & L.—69 Batchelder street, \$1,397.50; 71 and 73 Batchelder street, \$1,397.50; total, \$2,795.

Lyons.—69 Batchelder street, \$1,250; 71 and 73 Batchelder street, \$1,250; total, \$2,500.

Mystic.—69 Batchelder street, \$1,390; 71 and 73 Batchelder street, \$1,390; total, \$2,780.

U. S.—69 Batchelder street, \$1,700; 71 and 73 Batchelder street, \$1,633; total, \$3,333.

Berardi.—69 Batchelder street, \$1,495; 71 and 73 Batchelder street, \$1,495; total, \$2,990.

The Lyons Wrecking Company has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bidders were requested to submit an aggregate bid for the entire lot of houses, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

ROBERT E. YORK,
Building Commissioner.

SUFFOLK COUNTY.

REGISTRY OF PROBATE.

Photographic Paper, etc.

DEAR MR. MAYOR:

On May 13, 1961, bids were invited in the *City Record* for the furnishing of photographic paper, acid and developer to the Suffolk County Registry of Probate for the period of July 1, 1961, to March 31, 1962.

On May 29, 1961, the following bids, as received at the Registry of Probate, were publicly opened and read:

Photostat*—HH paper, \$59.50 per roll, R. paper, \$23.80, developer, \$16.08 per case, developer, \$9.84 per case, acid fixer, \$12.48. *Two per cent, 30 days.

Klondex.—HH paper, \$53.85, R. paper, \$18.70, developer, \$14.95, developer, \$9.20, acid fixer, \$11.70.

Thus, it is to be noted that Klondex, Inc., submitted the lowest unit prices for the subject materials in response to the published invitation for proposals. However, upon investigation, leading to an examination and consideration of the finished product obtained from the use in a photostat machine as used in this Registry (and which incidentally is now being supplemented with a new photostat machine) of the grade HH photographic paper which would be furnished by the Klondex firm, if awarded the subject contract, discloses that it does not in fact, meet all the requirements for this product as designated in the specifications. Since this is so and because this particular grade HH paper item would be employed in the making of permanent Registry records, it is my conviction that it would not be in the best interests of the County of Suffolk to award the contract to Klondex, Inc., and so I propose that the bid of this firm be rejected. I also intend to reject the bid submitted by Photostat Corporation, which action is unavoidable, due to the fact that this company, through inadvertence, filed the duplicate of its bid at the Purchasing Division of the City of Boston, instead of with the City Auditor as required by the city charter.

The aforementioned firm, Photostat Corporation, has supplied the Registry of Probate with the above specified materials for over thirteen years, and their products have been consistently of the highest quality and have always fully met all our requirements.

In view of the foregoing therefore, and having first rejected both formal bids, and Photostat Corporation being willing to deliver at the same price as recited above, I respectfully request your Honor's permission to dispense with public advertising, and to award the contract to Photostat Corporation in the sum of \$5,555, for supplying, during the period July 1, 1961, to March 31, 1962, the above listed items to the Registry, at the same unit prices as originally submitted. It is further requested that the contract, as executed, contain the so-called standard 25 per cent provision allowing a maximum to be expended at the contract unit prices, over and above the contract sum, viz., \$1,389, as will be set forth in the contract.

For the additional information of your Honor, Photostat Corporation will allow a 2 per cent discount upon payment within 30 days from date of City Auditor's receipt of invoices.

Very truly yours,

LOUIS F. MUSCO,
Register.

EXTENSION OF CONTRACTS

The Mayor has approved the extension of the time limit on completion of the following contracts:

DEPARTMENT OF SCHOOL BUILDINGS.

Contract with James S. Kelliher, Inc., for the construction of an elementary school in the Dwight District, extended from August 23, 1961, to November 15, 1961, because demolition of the existing building, paving and ground work will require more time than is allotted.

Contract with John M. Kennedy & Co., Inc., for interior and exterior painting including fire escapes, at the Bunker Hill School, extended from September 1, 1961, to October 15, 1961, because other trades not finished at school and scarcity of skilled painters on account of strike.

PARKS AND RECREATION DEPARTMENT.

Albert C. Graglia Company, Inc., has been granted an extension of time until September 1, 1961, for the completion of its contract for a play area development at West Newton street, South End.

Dominic Pucci has been re-employed for one year, from August 16, 1961, under the provisions of chapter 639 of the Acts of 1950, as amended by chapter 491, the Acts of 1953.

He has been in this department for approximately sixteen years and was retired from active service on July 31, 1961. He will receive a yearly allowance from the Boston Retirement Board of \$1,587.12 per year or \$30.40 per week. The Boston Parks and Recreation Department will pay him \$43.35 per

week, which is the difference between his retirement allowance and his last salary of \$73.75 per week.

He has been attached to Brighton District and is thoroughly familiar with all the playgrounds and play areas in that district. He is a man of unusual accomplishments and would be an asset to the department.

CITY OF BOSTON.

FIRE DEPARTMENT.

INVITATION FOR GENERAL BIDS FOR ERECTING AND COMPLETING A NEW FIRE STATION (FABRICATED) AT GREEN AND CHARDON STREETS, WEST END DISTRICT, BOSTON, MASS.

The City of Boston, acting by the Fire Commissioner, hereinafter referred to as the Awarding Authority, invites sealed general bids for erecting and completing a new fire station (fabricated) at Green and Chardon streets, West End district, Boston, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, September 19, 1961, at the office of the Awarding Authority, second floor, 115 Southamptown street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids shall be submitted in duplicate on the form for general bids obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$4,000. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The plans and specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter

152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The general bids and the subbids will be deemed to relate to that signed set of plans and specifications for the project on file at the office of the Awarding Authority designated above and bidders will act at their own risk if any variance exists between the aforesaid set of plans and specifications and the set (or sets) of plans and specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of plans and specifications furnished to the bidder is a true and complete copy of the set of plans and specifications on file as aforesaid.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority at the office designated above before twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, September 12, 1961, at which hour and place they will be publicly opened and read aloud. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority and any such subbid not filed on the form for subbid so furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amounts specified in the following list for the respective subtrades shall be submitted by each subbidder with his subbid as filed with the Awarding Authority:

Plumbing	\$600
Heating	\$500
Electrical	\$500

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the date fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of a subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Plans and specifications and other contract documents may be obtained at the office of the Awarding Authority upon deposit of a certified check in the amount of \$50 per set of plans and specifications, payable to the City of Boston. The amount of the deposit per set of specifications will be refunded upon return thereof in good condition to the Awarding Authority with the general bid or upon return thereof to the Awarding Authority in good condition not later than thirty (30) days after the opening of general bids (Saturdays, Sundays, and legal holidays excluded).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it is in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

Copies of said schedule may be obtained, without cost, upon application therefor at the Engineer's office of the Parks and Recreation Department.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and each in the sum of 100 per cent of the contract price, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

No. 36

SEVERAL LEGISLATIVE ACTS OF 1961 BENEFIT BOSTON

The Massachusetts Legislature gave considerable assistance this year to the City of Boston in its struggle to emerge from chronic financial difficulties brought on by a narrowing tax base and increased fixed charges. Several acts were passed for the benefit of the city which amounts to a substantial saving for Boston's overburdened real estate taxpayers.

A list of several new acts, which gives direct or indirect financial aid to the city, was published, on September 8, by the Boston Municipal Research Bureau. The more important legislative assists were as follows:

Sewer Charges

Under one of the 1961 acts the city is authorized to levy a sewer service charge. The rates and the total amount of sewer expense to be covered by the charge is the subject of a special survey recently completed. The City Council will be asked to approve this schedule and, if approved, the rates will bring in an estimated \$4 million a year, based on water consumption. This money will be used to maintain sewer lines. All sewer costs will be shifted from the property tax. Most property owners may expect to pay less for sewer expense this way than through the property tax since tax-exempt property will also be taking on the burden of a sewer service charge.

School Building Aid

Another act provides for liberalization of the minimum state grant for school building construction which means increased state aid for Boston. The minimum was raised this year from 20 per cent of ap-

proved project costs to 30 per cent. The city will get \$240,000 more in state aid for the school now under construction in Charlestown and a school about to get underway in Jamaica Plain. The new formula can mean more than \$2.5 million more in state aid for school building projects in the city's capital improvement program.

TB Care By the State

A 1961 law made tuberculosis care and treatment the responsibility of the State Health Department, but it does not become effective, however, until January, 1963. At that time the state will begin paying one half the per diem cost of TB patients. This compares to the present state aid payment of \$5 per week per patient. The Boston Sanatorium may become a state institution at that time if the state agrees to take it over and adequate funds are appropriated by the Legislature. One provision is effective immediately. It calls for 50 per cent state aid for out-patient and diagnostic TB facilities provided by the city. Based on 1961 costs for such service the city should realize about \$105,000 per year. The Legislature, however, failed to appropriate funds to implement this provision.

Urban Renewal Aid

In urban renewal, the state appropriated \$750,000 as the first step in implementing a 1960 law providing state financial assistance for local renewal projects. The city's share of this for the South End and West End renewal projects will be near \$315,000. Total state aid for the two projects will reach

\$3 million pending future appropriations.

Another urban renewal law permits the Boston Redevelopment Authority to acquire, clear, and dispose of land for renewal projects prior to adoption and approval of renewal plans. This is aimed at eliminating unnecessary delays, removing the possibility of land takings and demolition hanging over an area for a long time, and reducing loss of revenue and tenants to business and property owners in the renewal area.

Assist for the MTA

Assisting the city in its burden of the Metropolitan Transit Authority deficit were two new laws. One which raised the children's fares from 5 cents to half the adult fare, and lowered the maximum age at which the children's fare would apply from 14 to 11, will mean an estimated \$1 million a year in new revenue for the MTA.

The other act gave the MTA permission to increase its borrowing authority for purchasing rapid transit cars from \$4 million to \$9 million. The funds will be used to replace over-age equipment on the Dorchester-Cambridge line with 92 new vehicles, the first of which are expected in operation by the fall of 1962.

The Legislature gave the city "home rule" in setting up fines for parking violations. A stiffer fine schedule ranging up to \$15 has been established. It went into effect September and should deter chronic violators and reduce serious parking offenses, especially downtown.

Class of 61 Nurses
In City Hospital
Commencement

A class of 61 young women were presented nursing diplomas at the 82d commencement of the Boston City Hospital School of Nursing at John Hancock Hall, Friday night, September 8.

The nursing school is one of the first established in the United States.

The Commencement Week program began Wednesday, September 6, with baccalaureate services at Immaculate Conception Church, Harrison avenue, with the Very Rev. Francis J. Gilday, S.J., rector and former head of City Hospital chaplains, delivering the sermon. The Rev. Laurence M. Brock, S.J., City Hospital chaplain, offered solemn benediction and the Ladies' Choral Society of Immaculate Conception Church presented the music program.

The traditional Class Night supper was held Thursday, September 7, at the hospital's Vose House with Nils V. Nelson, the speaker.

President William H. Ellis, Jr., of the City Hospital Board of Trustees, presided at the commencement exercises. Candidates for diplomas were presented by Miss Margaret B. Welch, R.N., director of the school of nursing.

His Honor Mayor John F. Collins extended the greetings of the city. Dr. John F. Conlin, director of hospitals and superintendent, presented the scholarship and honor awards. The invocation was offered by Father Brock and the benediction by the Rev. John M. Billinsky. Gray Ladies of the Boston Chapter of the Red Cross served as ushers.

ALL TAX BILLS IN THE MAIL BY SEPTEMBER 1

Mayor John F. Collins, on September 6, stated that for the first time in eight years, the city has completed the mailing of all real estate and personal property bills on time. All billings were completed this year by August 31.

In recent years, the mailing of the last tax bills has frequently been delayed until October. In 1958, the billings were not completed until November 9.

The Mayor said because of this promptness on the part of the personnel of the Tabulating Division of the Assessing Department, no confusion will arise this year over interest already being due on bills before the bills are even received. Administrative chaos in unraveling such cases will be avoided.

There will also be a substantial reduction in interest charges frequently incurred when the City Treasurer has to obtain short-term loans to tide the City Treasurer over until funds can be received into the City Treasury from the payment of tax bills.

BASEBALL OFFICIALS, 1961

The Director of Administrative Services has approved payments to 147 baseball officials who officiated during the 1961 Parks and Recreation Department baseball season from May 17 through August 17.

They were paid for the number of games and rate of games listed opposite their respective names charged to Budget Item No. 11, \$8,962.

WOMEN ON POLICE CAR DUTY

For the first time in Chicago's history policewomen are patrolling the streets. The pistol-packing feminine contingent have moved into the driver's seat of police cars. They carry pistols in shoulder bags.

Working two to a car, they patrol an estimated 50 miles a day, going out on any of the department's shifts. They search for missing persons and also escort women prisoners, as always. But now they also are on the lookout for trouble anywhere, particularly in juvenile hangouts.

HANDSHAKE HANDICAP

A transport firm in Genoa, Italy, was ordered to pay \$6,500 as the result of an accident in which a former French consul-general had sustained a fracture of the index finger of his right hand. A lawyer told the court that the injury had seriously harmed the diplomat's career by making it impossible for him to shake hands.

General Order No. 36.

HEARING ON CHARGES.

As the result of a hearing granted to Superintendent Albert L. O'Banion, Fire Alarm Division, before the Fire Commissioner at Boston Fire Department Headquarters, 115 Southampton street, Boston, commencing at 10 A.M., Wednesday, August 30, 1961, and continuing until about noon on Friday, September 1, 1961, with intervening recesses customary to judicial proceedings, concerning charges preferred against him by the Fire Commissioner, he is hereby notified that he is discharged from his position as Superintendent of Fire Alarm of the Boston Fire Department effective at 5 P.M., Tuesday, September 5, 1961, for the good of the service for the following reasons:

1. Because he did at one or more times during his employment as such superintendent violate a provision or provisions of section 8, chapter 486, of the Acts of 1909.

2. Because he did at one or more times during his employment as such superintendent violate section 406 of the Rules and Regulations of the Boston Fire Department, more particularly the provision thereof prescribing that a member of the Boston Fire Department shall not be employed in, or give personal attention to, any other business.

3. Because at one or more times during his employment as such superintendent he did conduct himself in a manner unbecoming such superintendent for that at one or more times during such employment he did as such superintendent inspect and approve fire alarm installations upon which he had given professional advice as a private consultant for a fee.

4. Because by his recent testimony before the Boston Finance Commission he did demonstrate himself to be unfit to be Superintendent of the Fire Alarm Division of the Boston Fire Department.

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

Mary M. Bergen, 441 Old Colony avenue, South Boston, to be compensated for personal injury caused by a defect on the sidewalk on Eliot street, on September 26, 1960, by payment of \$485.

Stephen G. Kiarsis, 27 Gordon street, Allston, to be reimbursed for personal injuries and damage to his car sustained by him on February 4, 1961, due to an open manhole and a hole around the manhole on Brattle street, opposite No. 2, by payment of \$485.

Joseph Bova, 54 Norman street, Boston, to be reimbursed as the result of an accident on February 5, 1961, who, while in the performance of his duty as an employee of the Public Works Department, Highway Division, and while operating a city-owned vehicle on Shannon street, Brighton, did collide with a parked car owned by James Pucillo, causing damage to said car, by payment of \$55.

Joseph Bova, 54 Norman street, Boston, to be reimbursed as the result of an accident on February 10, 1961, who, while in the performance of his duty as an employee of the Public Works Department, Sanitary Division, and while operating a city-owned vehicle on Foster street, Brighton, did strike a car owned by John J. Corrigan, causing damage thereto, by payment of \$100.

REAL PROPERTY BOARD OF THE CITY OF BOSTON.

INVITATION FOR PROPOSALS FOR LEASING OF PUBLIC PARKING FACILITY AT FORT HILL SQUARE, OLIVER AND HIGH STREETS, BOSTON.

The Real Property Board of the City of Boston, hereinafter called the Board, invites from individual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, proposals for leasing for the term of three (3) years beginning October 2, 1961, and ending September 30, 1964, the public parking facility situated in Boston at Fort Hill square, Oliver and High streets, upon the covenants, agreements, and conditions contained in the form of lease which, with the form of proposal, may be obtained daily (except Saturdays, Sundays, and holidays), between 9 A.M. and 5 P.M., at the office of the Board, Room 311, City Hall Annex, Court street, Boston. The covenants and agreements contained in the lease will require, among other conditions, that the lessee will maintain and operate the parking facility at all times in a manner fully satisfactory to the Real Property Board of the City of Boston and to cause such improvements to be installed in said parking facility as in the opinion of the Real Property Board, will preserve and enhance the facility in the best interests of the city.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed and marked "Proposal for Leasing of Public Parking Facility at Fort Hill Square, Oliver and High Streets." One copy of the proposal shall be filed with the Board at its said office on or before twelve o'clock noon (Eastern Daylight Saving Time) on Tuesday, September 19, 1961, at which time and place all proposals will be publicly opened and read. The copy of the proposal filed with the Board shall be accompanied by a bid deposit of fifteen thousand dollars (\$15,000) made under the terms stated in the form of proposal, in the form of CASH or a CERTIFIED CHECK, payable to the City of Boston, and shall be accompanied by written evidence of the ability of the bidder to furnish the performance bond (or cash in lieu thereof), provided for in the form of lease. The other copy of the proposal shall be filed by the bidder before said day and hour at the office of the City Auditor, City Hall, School street, Boston.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

The Commissioner of Public Works of the City of Boston, Room 511 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for highway reconstruction in Courtland road, Duke street, Fabyan street, Frontenac street, Gilmer street, Goodale road, Greendale road, Hazleton street, Landor road, Livingstone street, Ormond street, Regis road, Wilmore street, and Winston road, Public Works District 7, Dorchester. A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and each in the sum of 100 per cent of the contract price, less the amount of \$7,500, will be required of the successful contractor. Forms of proposals may be obtained at Room 511 (Contract Office), City Hall Annex. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Highway Reconstruction in Courtland Road, Duke Street, Fabyan Street, Frontenac Street, Gilmer Street, Goodale Road, Greendale Road, Hazleton Street, Landor Road, Livingstone Street, Ormond Street, Regis Road, Wilmore Street, and Winston Road, Public Works District 7, Dorchester," and left at Room 511 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. (Eastern Daylight Saving Time) of FRIDAY, SEPTEMBER 22, 1961, with a certified check for FIVE THOUSAND (5,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 511, City Hall Annex. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract, shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the

payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 316 OF THE ACTS OF 1959, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals, or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

WELFARE DEPARTMENT.

INVITATION FOR GENERAL BIDS FOR PAINTING, DECORATING AND INCIDENTAL PREPARING AND REPAIRING OF THE INTERIOR SURFACES OF THE PORTION(S) OF THE BUILDING(S) AT 1481-1491 TREMONT STREET, BOSTON, MASSACHUSETTS, WHICH IS (ARE) USED AND/OR OCCUPIED BY THE BOSTON WELFARE DEPARTMENT AND KNOWN AS THE "ROXBURY CROSSING OFFICE" AND THE "NURSING HOMES AND INSTITUTIONS SECTION."

The City of Boston, acting by the Board of Overseers of the Public Welfare in the City of Boston, hereinafter referred to as

the Awarding Authority, invites sealed general bids for painting, decorating and incidental preparing and repairing of the interior surfaces of the portion(s) of the building(s) at 1481-1491 Tremont street, Boston, Mass., which is (are) used and/or occupied by the Boston Welfare Department and known as the "Roxbury Crossing Office" and the "Nursing Homes and Institutions Section."

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Wednesday, September 13, 1961, at the office of the Awarding Authority, 43 Hawkins street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted in duplicate on the form for general bid obtained from the Awarding Authority. Each copy of the general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500. The other copy of the general bid shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of general bids. The specifications need not accompany, or be submitted with, either copy of the general bid.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, sections 26-27D, inclusive, as amended, a schedule of which rates appears in the specifications.

The successful general bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The general bids will be deemed to relate to that set (or sets) of specifications for the project on file at the office of the Awarding Authority designated above and bidders will act at their own risk if any variance exists between the aforesaid set (or sets) of specifications and the set (or sets) of specifications furnished to the bidder by the Awarding Authority. In short, each bidder has the burden of checking to make certain that the set (or sets) of specifications furnished to the bidder is a true and complete copy of the set (or sets) of specifications on file as aforesaid.

Specifications and other documents may be obtained at the office of the Awarding Authority, 43 Hawkins street, Boston, Mass., on and after Wednesday, August 30, 1961.

A performance bond and also a labor and materials or payment bond, each of surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 per cent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do.

NEW BRANCH LIBRARY OPENED IN ROSLINDALE

A new Roslindale Branch Library was dedicated on Friday, September 15.

The \$300,000 structure replaces the outgrown quarters which served the residents of that section since 1918 at the Municipal Building in Roslindale square. The new library is located at the corner of Washington and Poplar streets, a short distance from the old location.

With 7,500 square feet of public service area and a book shelving capacity for 26,000 volumes, the new facility becomes one of the largest of the city's 26 branch libraries. For a number of years the Roslindale Library has ranked first among the branch libraries of the city in circulation of books.

Architects for the new building were the firm of Isidor Richmond and Carney Goldberg. The contractor was S. Volpe, Inc. The new building contains spacious reading rooms for children, young adults, and adults together with attractive work areas and comfortable staff quarters. It has space for story hours, film showings, meetings of the Friends of the Roslindale Branch Library, and similar activities.

The building is one story in height and semicircular in shape with a low-lying dome surmounting the center of the building. It is completely air conditioned. The interior is generously lighted by large window areas facing Washington and Poplar streets as well as thorough lighting that enters the building from the dome.

The architects have designed the building in the

latest contemporary style, and at the same time have embodied in their design a conservative atmosphere that is pleasantly conducive to reading and study.

An all-purpose room has a seating capacity for more than 150 persons. The seats are of a type that can be quickly cleared away and stacked. The room has its own kitchen facilities and is connected directly

to the outside by two double-door exits on Poplar street. It can be divided into two sections by a retractable folding screen.

The building is equipped with a record-playing machine with earphone attachments for each of the three reading rooms as well as a stereophonic record player for the all-purpose room. For group programs there is a television set and a motion

picture projector with a retractable screen. The latest model photographic book charging machines have been installed.

The Roslindale Branch Library has had a varied and interesting history. In 1878 a delivery station for books from the Jamaica Plain Branch Library was opened in a private home on Florence street. In 1893 it was transferred to a corner of a dry-goods store at 19 Poplar street. In 1896 it moved to a variety store at 25 Poplar street and in 1900 the city opened a reading room in the Wise Building on Washington street. By 1918 the library had long outgrown its quarters and provision was made for more spacious facilities in the construction of the Roslindale Municipal Building which was completed that year.

APPLICATIONS SOUGHT FOR TOP CITY HOSPITAL POSITIONS

Mayor John F. Collins, the Board of Trustees and the Superintendent of the Boston City Hospital announce the establishment of a revised organization of the Hospital. Vacancies exist immediately for positions of Business Manager, General Services Manager, Director of Physical Facilities, Assistant Superintendent for Out-Patient Services, Assistant Superintendent for Medical Services and Assistant Superintendent for Surgical Services. The management consulting firm Cresap, McCormick and Paget has been engaged to conduct the preliminary screening and interviewing for these positions with final selection to be made by the properly constituted appointing authority.

Interested applicants should send a resumé of their experience and qualifications, salary desired, availability date, and five business references to Cresap, McCormick and Paget, 342 Madison Avenue, New York, 17, New York, Attention: Mr. G. S. Conn. Below is a brief description of each of the open positions.

BUSINESS MANAGER

Principal Responsibilities

Directs the functions of admitting, budgeting and accounting, payroll, billing and cashing, credit management services, and property control for the Main Hospital; develops, recommends and, upon approval directs the execution of short- and long-term financial programs for the Department of Hospitals; provides financial services to other institutions of the Department of Hospitals as requested or directed; serves as budget officer of the Main Hospital; and assists the Director of Hospitals in consolidating and formulating the Department of Hospitals budget for presentation to the City.

Minimum Qualifications

Applicant should be 35 to 50 years old with a bachelor-level degree from an accredited college or university. He should have at least ten years progressively more responsible business experience with at least five years as business administrator of a hospital of at least 500 beds or as the financial administrator of a medium to large city government. Applicant should have demonstrated ability as a financial and business administrator with a thorough knowledge of accounting systems, cost control, financial reporting for top management, financial planning, budget administration, property control, office management systems, work measurement, punched-card and other data processing equipment, system review and design and a thorough understanding of the proper relationship of business management services to the line operating elements of a hospital.

Salary

Salary open with the starting salary for successful candidate commensurate with his experience and qualifications.

GENERAL SERVICES MANAGER

Principal Responsibilities

Directs the planning, coordination and supervision of the general and administrative services of the hospital including dietary, housekeeping, laundry, general stores, telephone, information, security and ambulance services; interprets and executes the policies and directives of the Superintendent, Main Hospital and the Board of Trustees; ensures proper discipline, government, and conduct of all subordinate areas.

Minimum Qualifications

Applicant should be 30 to 45 years old with a degree from an accredited college or university desirable but not imperative. He should have at least ten years' experience with progressively more responsibility in hospital or other institutional business activities. Applicant should have demonstrated ability as an administrator of hospital business or general services; special knowledge of personnel administration, public relations, measurement of productivity and staffing requirements, and internal control of property and equipment; thorough understanding of budget preparation and administration, operating problems of areas supervised, and relationship of hospital supporting services to patient care, medical research, education, and business management functions of a hospital.

Salary

Salary open with the starting salary for successful candidate commensurate with his experience and qualifications.

DIRECTOR OF PHYSICAL FACILITIES

Principal Responsibilities

Minimum Qualifications

Applicant should be 30 to 50 years old with a degree of Doctor of Medicine from an accredited medical school desirable but not imperative. He should have at least five years of experience as a line or staff officer in a medium to large hospital, or other institution related to the health or medical fields and, preferably, experience in a large hospital with extensive patient care, teaching education and research functions. The applicant should demonstrate his ability to deal effectively with all levels of organization, especially

with physicians, nurses, and hospital supervisory personnel; be able to adjust to changing demands for service; and to translate concepts of surgical care, education, and research into sound, workable programs.

Fifty Hub Teenagers Benefit From Y.E.A. Scholarship Fund

Five Boston teenagers have been awarded scholarships by the Youth Educational Assistance Foundation established last March by Mayor John F. Collins and a group of leading citizens.

These awards make a total of 50 young people Y.E.A. hopes to place in schools this year to train for careers in the various skilled trades, such as cooking, refrigeration, carpentry, hairdressing, and other occupations for which the candidates have demonstrated their abilities. The average course of study will be ten months and will cost \$1,000 per youth.

Y.E.A. is a charitable foundation "to promote the education and training of worthy young men and women in the trades, business and commercial pursuits."

Mayor Collins points out that, according to the U. S. Department of Labor, only 5 per cent of the jobs available now are unskilled and by 1968 only 2.5 per cent will be unskilled and yet 40 to 50 per cent of the youngsters in the country drop out of school before graduation and without any skill.

In addition to the Mayor, the incorporators of Y.E.A. are:

John P. Gately, Jamaica Plain, Boston Insurance Executive.

Dr. Ray Johns, Newton, General Secretary of the Boston YMCA and Chairman of the Youth Activities Bureau Advisory Committee.

Dr. Agnes C. Lavery, Brighton, retired Boston school principal, member of Advisory Committee on Service to Youth and a member of the Youth Activities Bureau Advisory Committee.

Attorney Henry M. Leen, Dorchester, prominent Catholic layman and Chairman of Committee for Civic Unity.

James A. Travers, Roxbury, Director of City of Boston Youth Activities Bureau.

Attorney William H. Wolf, Newton, Chairman, Detached Worker Committee Jewish Community Center, and a member of the Youth Activities Bureau Advisory Committee.

ASHLAND STREET WIDENING Dorchester

The Mayor and Public Improvement Commission have approved the widening and construction of Ashland street, Dorchester district, at the southwest corner of Park street.

The project is described as follows:

No betterments are to be assessed for the making of the aforesaid improvement.

ACTION ON DAMAGES

Voted, That this commission determines that the undermentioned person sustains damages in his estate by the making of the public improvement consisting of the widening and construction of Sturtevant street, Dorchester district, at the southwesterly corner of Park street, under an order of the commission of August 10, 1961, in the amount hereinafter respectively set against it, and awards said amount therefor.

DeStefano Construction Company, 10 square feet, \$1.

GARDNER ST. SIDEWALK

West Roxbury

The Mayor and Public Improvement Commission have approved the following:

That the installation of artificial stone sidewalks with tree pits and edgestone be constructed in Gardner street, West Roxbury district, on the southerly side, from Baker street to Spring street, at an estimated cost of \$1,165.

Ordered, That this commission estimates that the undermentioned parcel of land situated on the southerly side of Gardner street, as shown on a plan marked "City of Boston, Gardner Street, West Roxbury, Assessment Plan, August 7, 1961, John J. McCall, Division Engineer, Engineering Division, Public Works Department," and on file in the office of this department, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, in the amount hereinafter mentioned.

MAYOR EXTOLS NURSING PROFESSION AT BCH GRADUATION

Following are the remarks of Mayor John F. Collins before the graduating class of the Boston City Hospital School of Nursing on Friday, September 8, 1961, at 8 P.M., at the John Hancock Hall:

¶ Let us begin by talking about trends of concern to nursing. You are aware, I know, of the tremendous increase in hospital construction—there are many new health services and an ever-increasing growth in the complexity of equipment, procedures, and medical treatment. But in all of this technological advance we must not lose sight of the patient as a person. Problems are not becoming more simple but more complex as time goes on. Building will go on as will its staffing problems and there is an increase in service function.

Role of the Nurse

¶ Health needs are going to expand and increase. There is a need for increasing the number of nurses and a need to keep up the quality of care. Salaries must be in keeping with the labor market. And of this I would like to speak to you dedicated nurses, your parents, and friends, tonight. I am fully aware, these past three years have been an investment of heart, energy, and time on the part of all of you. What you have given is "the best of cure." What is this? It is the coordination of cure with the medical and allied professions. It is planning for continuity of cure with the home, and teaching families where necessary. Nursing, with its roots in sadness, is where feelings are touched. It is tending to another, being with, assisting and protecting, it is compassion opposed to suffering, tenderness opposed to stern duty. It is respect and concern opposed to indifference.

¶ Margaret Mead said it well when she said, "the object of nursing is to protect the vulnerable." It is caring for the sick, the disturbed, the infant, the child, the mother, the young, the old, the unwanted, the weak, and those weary of life. Nursing, then, is the interaction

between you and your patients. The concern for his welfare and the intervention in his behalf. Now what makes nursing different from other professions? It is doing for another what he cannot do for himself. Doing the things that contribute to his comfort and well-being. It is building trust and protecting from pain.

Superior Training

¶ Today you graduate with a body of scientific knowledge that must keep pace with the rapid advancement of the times. Boston City Hospital nurses have always exerted leadership at local, national, and international levels. This is your tradition. In today's world you cannot sit back. The rapidly changing world in which we all live will require new activities for the nurse, intelligent, self-directing kinds of behavior. Your role is indeed complex. Patients are more sophisticated about the secrets of medicine than they ever were before. They have a strong motivation for cures, and yet there remains the old desire for care. The contributions to health have been dramatic. No longer do patients come to the hospital to die.

Increased Specialization

¶ Insurance plans and other sponsored health care have increased

your workload tenfold. The trends in infectious disease and increasing life span have done likewise. This is an age of increasing specialization with segmented responsibility which should point up the need for better and better teamwork. Last, but not least, has been the change from acute illness to the prevention of illness, growth in chronic care and rehabilitation techniques.

¶ You will be asked to provide services in all of these as hospital nurses, school nurses, industrial nurses, as visiting nurses in homes working with families, in civilian defense programs, and in your country's service. You may be asked to serve as practitioners, teachers, and supervisors here and abroad.

¶ Be uncomfortable with what you don't know—set up a tentative plan for continuing your education. You are young. Your job today is your professional preparation which you have so admirably embarked upon at this time. You must also concern yourself with your civic responsibilities. Tomorrow your concerns will be with marriage, parenthood, but, always, there is your community.

Never Stop Learning

¶ Do take time out for leisure and for consolidating your resources so that in the sunset years ahead when you come face to face with yourself after years of struggling with life's problems you will not meet a stranger. Your good teachers have given you a solid base upon which to build new learnings. Much of your future learning experiences will be problem rather than subject oriented. We need thinking people in today's shrinking world of different nations, different culture, different ideologies.

¶ This is an age of decisions with important values behind the decisions and mammoth and instant penalties for mistakes. Because you are nurses, and motivated by love, I am confident you will communicate these motivations with all with whom you come in

Life's Real Values Are Eternal

¶ It was St. Paul who said:

"We are afflicted in every way, but not crushed. Perplexed, but not driven to despair. Persecuted, but not forsaken. Struck down, but not destroyed. Sorrowful, yet always rejoicing. Poor, yet making many rich. As having nothing and yet possessing everything.

"For we look not to the things that are seen but to the things that are unseen—for the things that are seen pass away, but the things that are unseen are eternal."

REPAIRS TO DORCHESTER SEWER LINE ORDERED

Mayor John F. Collins, on September 12, requested Public Works Commissioner James W. Haley to move with all deliberate speed to effect repairs to a huge sewer in the Dorchester district.

The Mayor gave this account of the washout and subsequent action taken:

On Saturday, September 9, 1961, at 9.00 A.M., a section of the main intercepting sewer of the Boston Main Drainage System, 10½ feet in diameter, collapsed in the middle of Mt. Vernon street, Dorchester, adjacent to Columbia Station.

This sewer is the main outlet for the entire older section of Boston, including downtown Boston, South Boston, Roxbury, part of West Roxbury, and parts of Jamaica Plain and Dorchester, with a population of over 300,000. The original sewer was built in 1880 of brick masonry.

In the past 48 hours city forces, assisted by personnel from the Boston Edison, Boston Gas, and New England Telephone, have been working round the clock to provide temporary support for the important utilities affected by the washout resulting from the sewer break.

The city has engaged private engineers and private contractors to assist the city forces to make emergency repairs. Preliminary examinations indicate that a substantial section of the sewer may require reconstruction.

Until considerable emergency work is completed, the city will be unable to determine the extent of work required. However, it undoubtedly will be a very expensive proposition costing several hundred thousand dollars.

ISSUES MEMORANDUM ON FIRE PREVENTION PARADE

Director of Administrative Services Henry A. Scagnoli, on September 7, sent the following memorandum to all department heads:

¶ On Sunday, October 8, the Boston Fire Department will conduct its annual Fire Prevention parade through the streets of Boston.

¶ This would appear to be an excellent opportunity for many city departments to participate with floats, both to assist in the Fire Prevention picture as well as to illustrate their departments. Certainly, many, if not all city departments, have a close relationship with the Fire Department in their activities, and through the means of a float may better drive home to the people of Boston the assistance of all departments in Fire Prevention.

¶ If you plan to assist kindly contact Fire Commissioner Griffin as soon as possible.

MAYOR WOULD UTILIZE CITY HALL TO PRESERVE PRESIDENTIAL PAPERS

Mayor John F. Collins, on September 12, sent the following letter to President John F. Kennedy:

¶ DEAR MR. PRESIDENT:

¶ Many of your friends and admirers here in Boston feel that the Boston City Hall would be an appropriate place to house your Presidential papers.

¶ The Boston City Hall was built in 1861 and is scheduled to be abandoned for that use in 1964 when a new City Hall will be finished in the Government Center area.

¶ Many of our most distinguished citizens have urged me to preserve the existing City Hall as an architectural and historical monument of

an important period in the life of our city.

¶ The City Hall is well located with respect to the educational institutions of the Greater Boston area, and being in the central part of the city is readily accessible to citizens of the area, and is convenient as well to tourists. It has the added advantage of being on the historic Freedom Trail and is only a few blocks from where you have your voting residence. And, of course, it is the very building where your grandfather served as Mayor in 1906-1907 and 1910-13.

¶ While, from your point of view, it may be too early to make a commitment on such a matter, I hope you will keep your mind open while we explore it further and present you with a more detailed proposal.

¶ My very best wishes.

Sincerely,

JOHN F. COLLINS, *Mayor*.

FIRE DEPARTMENT ORDERS

September 6.

General Order No. 37.

I. REINSTATEMENT.

The following reinstatement, which will become effective at 8 A.M., Wednesday, September 6, 1961, is hereby announced:

Fire Lieutenant John B. Hoar, Jr., 8 Asticou road, Jamaica Plain, to Headquarters.

II. RETIREMENT.

The following retirement in accordance with section 58, chapter 32 of the General Laws, as amended, which will become effective at 8 A.M., September 6, 1961, is hereby announced:

Fire Fighter John J. McCue, 32 Eastman street, Dorchester, of Headquarters.

Fire Fighter McCue was appointed to the department on August 24, 1928, and he leaves the department with the best wishes of his associates.

III. FIRE ALARM BOXES ESTABLISHED.

In the near future the following fire alarm boxes will be installed:

3637, Ormond street, opposite Outlook road.

VI. A. D. T. DISCONTINUANCE.

Notice has been received from the American District Telegraph Company that the following signal has been discontinued:

Signal 274, Harry Freedman, 3-7 Commercial street.

POLICE DEPARTMENT ORDERS

September 1.

General Order No. 944.

The Annual Ball of the Boston Police Relief Association will be held in the Boston Garden, Tuesday evening, December 5, 1961.

The proceeds of the ball, as members of the department know, are added to the funds of the association and are used for the payment of sick and death benefits to members of the association and their families.

It is the desire of the Commissioner, the Superintendent, and the Board of Directors of the Association that all members of the Force interest themselves and make a special effort to dispose of the tickets for the ball, and thereby make it such a success that the finances of the association will remain on a sound basis, so that the good work accomplished by the association in assisting its members in time of sickness or death since it was organized in 1871 may be continued.

The tickets for the ball will be distributed to each station by the treasurer, Patrolman George M. Walsh, Traffic Division, who will receive a receipt therefor. Captains of divisions will distribute the tickets to their officers and keep a correct list of the number of tickets given to each man. Each officer will make a daily return to his captain of the number of tickets he has sold, together with the name and address of the purchaser, and will return the money received to his captain.

POLICE DEPARTMENT ORDERS

(Continued from previous page.)

All officers will be held strictly responsible for tickets allotted to them.

Captains will collect each day all money received by officers in the sale of tickets. This money will be converted into a check made payable to George M. Walsh, Treasurer, B.P.R.A., and forwarded to the Superintendent by morning mail the following day. A correct list containing the ticket numbers, together with the names and addresses of purchasers of tickets, shall be kept on file at the various divisions. In this way, it is expected that a complete canvass of the city will be made and a substantial increase in the sale of tickets will be accomplished.

All tickets that remain unsold on December 6, 1961, will be collected by the captain of each division and returned to Patrolman Walsh, Traffic Division, who will furnish a receipt therefor.

September 6.

General Order No. 945.

The Department of Civil Service and Registration will hold an examination for promotion to the grade of captain in the Boston Police Department, according to the following notice received at this office.

This examination will be held on Saturday, November 18, 1961, and is open to the persons in the Boston Police Department, who have been employed in the grade of permanent lieutenant,

after certification, for at least one year prior to the date of examination.

"MASSACHUSETTS CIVIL SERVICE EXAMINATION FOR PROMOTION TO POLICE CAPTAIN, BOSTON POLICE DEPARTMENT, NOVEMBER 18, 1961.

Salary: \$8,000 a year.

Vacancies: From time to time.

Eligibility: This examination is open to the permanent lieutenants in the Boston Police Department, who have been employed in this grade, after certification, for at least one year *prior to the date of examination.

*Including periods, if any, during which the applicant was temporarily or provisionally promoted therefrom as provided in section 15F of chapter 31 of the General Laws.

Duties: The regular duties of a police captain.

Subjects and Weights: Experience, 3; report, 2; practical questions, 10; total 15.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Applications: Application blanks may be obtained from the office of Mr. Leo J. Sullivan, Police Commissioner, 154 Berkeley street, Boston. When completed, applications should be sent to the Division of Civil Service, Room 148, State House, Boston. Applications must be placed on file not later than Monday, October 30, 1961.

Military Absentees: Under the provisions of chapter 708 of the Acts of 1941, as amended, persons unable to compete in a competitive promotional examination because of absence in military or naval service may be given a qualifying promotional examination if request in writing is made within six months after the termination of such service.

Applicants will be notified of the time and place of examination.

THOMAS J. GREEHAN,
Director of Civil Service.

This poster issued on September 8, 1961."

It will noted particularly that applications, when completed, are to be returned to the Division of Civil Service not later than Monday, October 30, 1961.

Commanding officers will promulgate this order not only by reading it at roll call, but by posting a copy thereof in a conspicuous and accessible place in each station house, where it may be easily read, and it shall remain posted until after the date of examination.

Commanding officers will secure a fresh copy from the Superintendent's Office if the posted copy becomes mutilated or destroyed.

CLEANUP WESTERN CITIES

Eighteen State of Washington cities received awards recently for cleanup and city beautification. The awards climaxed a two-year campaign to prepare the state for visitors expected in 1962 at the Century 21 International Exposition to be held in Seattle.

MAPES ST. WIDENING

Dorchester

The Mayor and Public Improvement Commission have approved the widening and construction of Mapes street, Dorchester district, at the southeasterly corner of Park street.

The project is described as follows:

Southeast Corner of Park Street

The highway named Mapes street is hereby widened at the southeasterly corner of Park street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to New York, New Haven & Hartford Railroad, bounded:

Northerly by Park street, thirteen and 96-100 feet; westerly by the easterly line of Mapes street as it existed prior to this order, thirteen and 96-100 feet, and southeasterly by the southeasterly line of Mapes street as widened under this order, twenty and 90-100 feet on a curve of twelve and 34-100 feet radius, containing forty-three square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Mapes street as hereby widened is bounded:

Northerly by Park street, thirteen and 96-100 feet; westerly by the easterly line of Mapes street as it existed prior to this order, thirteen and 96-100 feet, and southeasterly by the southeasterly line of Mapes street as hereby widened, twenty and 90-100 feet on a curve of twelve and 34-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

Southwest Corner of Park Street

The highway named Mapes street is hereby widened at the southwesterly corner of Park street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to James F. Kearney, bounded:

TRAFFIC RULINGS

Temporary

The Traffic Commission has voted as follows:

That as urgently required by considerations of public safety and convenience, the Traffic Rules and Regulations of the City of Boston are amended as follows, from September 1, 1961, to September 30, 1961, inclusive:

The provisions of Article IV, Section 15 A, prohibiting parking on alternate sides of the street on alternate days outside the downtown area of the city are suspended and the following regulation is substituted therefor:

Parking of vehicles is prohibited between 12.01 A.M. and 8 A.M. on the even-numbered side of all streets outside the downtown area of the city; provided that this regulation shall not apply on the even-numbered side of any street where parking is prohibited at all times on the odd-numbered side of such street, unless parking is otherwise prohibited.

That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations of the City of Boston are amended as follows, effective September 5, 1961:

POLICE DOGS IN CHICAGO

The Chicago Police Department has sent six officers and ten dogs to St. Louis for a 14-week training course to establish a canine corps that is planned to have eventually 150 man-dog teams. When they return to Chicago they will instruct other officers in this highly specialized police operation which St. Louis adopted in 1958. St. Louis now has 27 man-dog teams.

HOSPITAL DEPARTMENT.**Professional Services**

DEAR MR. MAYOR:

The Trustees of Boston City Hospital have voted to request your Honor's permission to award contracts, without public advertising, to the firm of Anderson-Nichols & Co., Inc., 150 Causeway street, Boston, for architectural and engineering services in connection with certain projects at Boston City Hospital.

It is proposed to rehabilitate the Heart Station and Heating System in the Burnham Building at an estimated cost of \$114,000 and to do pointing, patching, and repairing of exterior masonry and stone work on the Ma-

ternity Building and Children's Building at an estimated cost of \$175,000.

Since these proposed contracts involve professional architectural and engineering services and the fees are standard, there is no advantage to be gained to the city by public advertising.

Respectfully yours,

WILLIAM H. ELLIS, JR.,
President, Board of Trustees.

DEAR MR. MAYOR:

The Trustees of Boston City Hospital have voted to request your Honor's permission to award contracts, without public advertising, to the firm of Whitney, Atwood, Norcross Associates, Inc., 265 Boylston street, Boston, for architectural and engineering services in connection with certain projects at Boston City Hospital.

It is proposed to make additions and alterations to the Administration Building at an approximate total cost of \$475,000; to expand the hospital's Central Sterile Supply unit at an estimated cost of \$85,000; to rehabilitate the hospital's Tunnel System at an estimated cost of \$165,000, and to make alterations to the hospital's kitchen and cafeteria at an estimated cost of \$135,000 (including \$33,500 equipment).

Since these proposed contracts involve professional, architectural, and engineering services, and the fees are standard, there is no advantage to be gained to the city by public advertising.

Respectfully yours,

WILLIAM H. ELLIS, JR.,
President, Board of Trustees.

PUBLIC WORKS DEPARTMENT.**Engineering Services**

DEAR MR. MAYOR:

On Saturday, September 9, 1961, at 9 A.M., a section of the main intercepting sewer of

the Boston Main Drainage System, 104 feet in diameter, collapsed in the middle of Mt. Vernon street, Dorchester, adjacent to Columbia Station.

This sewer is the main outlet for the entire older section of Boston, including downtown Boston, South Boston, Roxbury, part of West Roxbury, and parts of Jamaica Plain and Dorchester, with a population of over 300,000. The original sewer was built in 1880 of brick masonry.

In the past 48 hours city forces, assisted by personnel from the Boston Edison, Boston Gas, and New England Telephone, have been working round the clock to provide temporary support for the important utilities affected by the washout resulting from the sewer break.

As the outlet for the Boston Main Drainage System, it is imperative that immediate measures be taken to restore this section to normal operation. Any extended interruption of the flowage through this structure could create a health menace of major proportion. Furthermore, the highway washout resulting from this sewer failure threatens the main 13,800 V. power lines feeding our Main Drainage Pumping Station where any interruption would likewise cause an intolerable health situation.

I have already engaged Camp, Dresser & McKee, a leading sewerage and sanitation engineering firm, to make preliminary studies. Inasmuch as time will not permit the normal solicitation of bids, and public health and safety require immediate restoration of this sewer section, I have negotiated for construction of a cofferdam and supporting piling at the location and accordingly, your approval is requested for the award of a contract, without advertising, to Salah & Pecci, Inc., for this necessary preliminary work at a cost not to exceed \$34,680.

Respectfully,

JAMES W. HALEY,
Commissioner of Public Works.

TREND TOWARD POLICE DOGS

At least 24 police agencies throughout the nation, mostly municipal departments, are known to be using all-purpose police dogs for law enforcement, according to the recent report, *Dogs in Police Work*, issued by Public Administration Service.

CLAYTON ST. WIDENING

Dorchester

The Mayor and Public Improvement Commission have approved the widening and construction of Clayton street, Dorchester district, at the northeasterly corner of Park street.

The project is described as follows:

The highway named Clayton street is hereby widened at the northeasterly corner of Park street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Robert E. Perry, bounded:

Southerly by Park street, fifteen and 07-100 feet; westerly by the easterly line of Clayton street as it existed prior to this order, fifteen and 07-100 feet, and northeasterly by the northeasterly line of Clayton street as widened under this order, twenty-one and 70-100 feet on a curve of twelve and 17-100 feet radius, containing fifty-one square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty (30) days following the city's recording of this order.

Said Clayton street as hereby widened is bounded:

Southerly by Park street, fifteen and 07-100 feet; westerly by the easterly line of Clayton street as it existed prior to this order, fifteen and 07-100 feet, and northeasterly by the northeasterly line of Clayton street as hereby widened, twenty-one and 70-100 feet on a curve of twelve and 17-100 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

ACTION ON DAMAGES

Voted, That this commission determines that the undermentioned person sustains damages in his estate by the making of the public improvement consisting of the widening and construction of Clayton street, Dorchester district, at the northeasterly corner of Park street, under an order of the commission of August 10, 1961, in the amount hereinafter respectively set against it, and awards said amount therefor.

Robert E. Perry, 51 square feet, \$1.

EXTENSION OF CONTRACTS

DEPARTMENT OF SCHOOL BUILDINGS.

The Mayor has approved the extension of the time limit on completion of the following contracts:

Contract with Puritan Plumbing and Heating Company for modernization of plumbing facilities at the Theodore Parker School, extended from September 1, 1961, to October 13, 1961, because of a strike by tile companies.

Contract with Avondale Painting Company, Inc., for interior painting and painting of fire escapes at the Christopher Gibson School, extended from September 1, 1961, to September 25, 1961, because of delay in receipt of contract.

Contract with Avondale Painting Company, Inc., for interior painting at the Donald McKay School, extended from September 8, 1961, to October 27, 1961, because of delay in receipt of contract.

Contract with John F. Hynes, Inc., for new classrooms at the Manassah Bradley and Patrick Gavin Schools, extended from September 1, 1961, to October 16, 1961, because of delay in getting heating units and blackboard trim from the factory.

Contract with L & L Building Wrecking for demolition in the Lowell District, extended from August 1, 1961, to November 1, 1961, because one of the tenants was late in leaving the property.

Contract with T. Mickle & Son, Inc., for interior and exterior painting at the George H. Conley School, extended from August 15, 1961, to October 31, 1961, because of difficulty in obtaining necessary painters.

Contract with T. Mickle & Son, Inc., for interior and exterior painting at the Grover Cleveland School, extended from August 15, 1961, to October 31, 1961, on account of school being in summer session.

Contract with J. J. Reddington Electric Service Company for electrical and motor work at various schools, extended from September 11, 1961, to November 15, 1961, because Brown & Sharpe Manufacturing Company cannot supply motor for their equipment until that date.

Contract with John R. McCarthy for furniture repairs in various schools in District 5, extended from September 1, 1961, to October 31, 1961, because of difficulty in getting material.

Contract with Kabot Painting Company, Inc., for interior and exterior painting at the John Boyle O'Reilly School, extended from August 21, 1961, to September 16, 1961, due to painters' strike.

Contract with Sellars Oil Burner Service, Inc., for furnishing and installing oil burner equipment at the Boston Trade High School, extended from August 31, 1961, to September 29, 1961, due to delay in delivery of material.

Contract with Joseph & Nicholas Bello for interior and exterior painting at the Nathaniel Hawthorne School, extended from September 1, 1961, to October 2, 1961, due to shortage of painters.

Contract with Kabot Painting Company, Inc., for interior and exterior painting, including fire escapes, at the Charles Bulfinch School, extended from September 1, 1961, to October 15, 1961, due to painters' strike.

Contract with D & M Construction Company, Inc., for alterations and repairs at Boston Technical High School, extended from September 2, 1961, to December 1, 1961, as insufficient time was allowed to complete work.

Contract with Sellars Oil Burner Service, Inc., for installing oil burning equipment in the Boston School of Business Education, extended from August 26, 1961, to September 29, 1961, due to delay in delivery of material.

AMENDMENTS TO ORIGINAL AWARDS OF DAMAGES

The Mayor and Public Improvement Commission have approved the following:

That the amount of \$125 is awarded to Michael J. and Barbara G. Corrao for all damages sustained under the order of the Public Improvement Commission and Mayor of May 20, 1959, for the laying out and construction of Oakcrest road, Hyde Park.

That the amount of \$202.50 is awarded to Anthony and Rose Randazzo for all damages sustained under the order of the Public Improvement Commission and Mayor of May 20, 1959, for the laying out and construction of Oakcrest road, Hyde Park.

That the amount of \$345.50 is awarded to Abraham and Muriel Marcus for all damages sustained under the order of the Public Improvement Commission and Mayor of March 30, 1960, for the laying out and construction of Itasca street, Dorchester.

That the amount of \$66 is awarded to Clifford D. and Mary T. Noreen for all damages sustained under the order of the Public Improvement Commission and Mayor of April 8, 1959, for the laying out and construction of Salman street, West Roxbury.

That the amount of \$85 is awarded to George E. and Barbara M. Williams for all

damages sustained under the order of the Public Improvement Commission and Mayor of April 8, 1959, for the laying out and construction of Salman street, West Roxbury.

That the amount of \$301.50 is awarded to Margaret E. McLaughlin, Mary E. Higgins, and Charles L. Coughlan by Margaret E. McLaughlin, administrator, for all damages sustained under the order of the Public Improvement Commission and Mayor of August 6, 1958, for the laying out and construction of Faunce road, Dorchester.

PRIVATE WAYS APPROVED

The Mayor and Public Improvement Commission have approved the following:

Westmoor Road

That in accordance with the provisions of chapter 117 of the Acts of 1947, permission is hereby granted to Frank Losordo Sons, Inc., on behalf of Sevenel, Inc., to prepare for public travel Westmoor road, West Roxbury district, from Woodley avenue approximately 1,044 feet northeasterly, provided that the construction of said Westmoor road shall be in accordance with the City of Boston plans and specifications for the construction of private ways opened for public travel, Class B, with 1½-inch bituminous concrete pavement in lieu of peastone surface treatment, as shown on a plan entitled "Details and Specifications for Construction of Private Ways Opened to Public Travel, December 1, 1960, Frederick L. Garvin, Acting Division Engineer, Engineering Division, Public Works Department," in accordance with the lines and grades as shown on a plan dated June 24, 1961, by Francis S. Chapman, Civil Engineer, filed in the Public Works Department.

Woodley Avenue

That in accordance with the provisions of chapter 117 of the Acts of 1947, permission is hereby granted to Frank Losordo Sons, Inc., on behalf of Sevenel, Inc., to prepare for public travel Woodley avenue, West Roxbury district, from De Soto road approximately 1,460 feet northeasterly, provided that the construction of said Woodley avenue shall be in accordance with the City of Boston plans and specifications for the construction of private ways opened for public travel, Class B, with 1½-inch bituminous concrete pavement in lieu of peastone surface treatment, as shown on a plan entitled "Details and Specifications for Construction of Private Ways Opened to Public Travel, December 1, 1960, Frederick L. Garvin, Acting Division Engineer, Engineering Division, Public Works Department," in accordance with the lines and grades as shown on a plan dated April 8, 1961, by Francis S. Chapman, Civil Engineer, filed in the Public Works Department.

GAS MAIN PERMIT

The Mayor and Public Improvement Commission have approved the following:

That permission be granted to Boston Gas Company to lay and maintain an underground structure (75 feet of 6-inch steel low pressure gas main) in Glendon road, West Roxbury district, substantially as shown on a plan marked "Proposed Location of 6-Inch Gas Main in Glendon Road, West Roxbury, Boston Gas Company, June 27, 1961," and on file in the office of the Commissioner of Public Works.

TREE TRIMMING AFTER BLACKOUT

The Cleveland, Ohio, Illuminating Company has ordered work crews to begin a stepped-up program of trimming trees along its thousands of miles of high lines.

This action came as the result of a serious blackout caused by a tree limb that rubbed against a power line in a thunder storm, shutting down a large segment of the system for several hours.

CURB BUILDING HEIGHTS NEAR
AIRPORT

Immediate zoning of the area within about a three-mile radius of the proposed Jetero airport at Houston has been recommended to City Council by engineers.

The zoning would restrict the height of buildings on approaches to proposed runways.

This can be done through an airport zoning commission which can be created under state law, or by the council if the city annexes the area involved.

RECORD NEW YORK CITY BUDGET
SEEN

Forty New York City agencies and departments have asked the city planning commission for record allocations of \$1.3 billion in the 1962 capital budget. This is \$181,419,436 more than they sought for this year.

PEDESTRIAN PARADISE

A census of the Town of Boston in 1768 revealed that there were only 22 people who owned carriages of any kind, including chaises, coaches, and other types. One hundred years before that, 1668, there was only one private carriage in all Boston.

Saddle horse was the chief mode of transportation for the early Bostonians. Coastal vessels, small boats and canoes on the rivers provided most of the transportation between the settlements and the colonies.

HURRICANE FAILS TO HIT MOBILIZED CITY

The City of Boston underwent an all-out mobilization on September 20 and 21 to cope with the forecasted Hurricane Esther which broke up off Cape Cod before hitting the metropolitan area.

In Boston, a few fallen branches, a few downed wires, a couple of flooded streets, were virtually the only troubles presented to the 700 Public Works employees, 200 Park Department workers, 1,200 firefighters, and 1,750 police standing by for the emergency.

The Weather Bureau officially ordered hurricane warnings switched to gale warnings at 6 P.M. on September 21. Every resource of city government had been mobilized for the worst.

In charge of the massive effort was Brig. Gen. Charles W. Sweeney, Boston's Civil Defense head, who directed a staff of 70 Civil Defense volunteers and 10 employees from headquarters at White Stadium, Franklin Park. Mayor Collins was at his desk at 7 A.M., Thursday, to keep a close watch on developments.

Some highlights were:

Tidewaters flooded Boston's giant incinerator on Southampton street with 3 feet of water putting a halt to burning of refuse.

Floodwaters covered the Veterans of Foreign Wars Parkway, between Gardner and Baker streets, barring traffic part of the day and forcing a rerouting of cars.

An ambulance, carrying victims of a South Boston auto accident, bogged down in Southampton street floodwaters last night. The victims were shifted to a second ambulance and taken to Boston City Hospital.

Public Works Department sewer crews were dispatched to about 50 homes to pump out flooded cellars.

MTA patronage dropped by 50 per cent as hundreds of companies gave their employees a storm holiday.

Dozens of pleasure boats were washed ashore at Malibu Beach. Police arrested one youth as he looted the cabins of the vessels.

Boston public and parochial schools remained closed throughout the day.

Power failure struck hundreds of West Roxbury homes during the morning.

Streets and highways were uncrowded even at rush hours although increasing numbers of the curious drove along shore roads during the afternoon and evening.

By mid-afternoon on Thursday, city officials, advised that Esther wasn't coming, began to dismiss standby forces.

Police whose regular shifts were scheduled to begin shortly after midnight were sent home at 4.20 P.M. to get sleep after being on duty 16 hours.

Brigadier General Sweeney dismissed his staff at 7.30 P.M., leaving Civil Defense employee Edward C. Debonise to man the White Stadium switchboard for emergency calls until midnight.

Public Works Commissioner James W. Haley dismissed all personnel except the Sewer Division at 8.30 P.M.

Official preparations for the promised hurricane began Wednesday with an afternoon session of city department heads summoned by Deputy Mayor Henry A. Scagnoli.

Final plans were made at a 7 A.M. meeting on September 21 in which Mr. Scagnoli, Fire Commissioner Thomas J. Griffin, Traffic Commissioner Thomas Carty, Park Commissioner Martin Walsh, Fire Chief John Martin, and Public Works Commissioner Haley took part.

All departments offered their employees and equipment to Brigadier General Sweeney who headed the emergency operation as Civil Defense director.

Firefighters on night shift were kept on duty through the day and off-duty police were summoned to work.

LAW DEPT. DISAPPROVES 98 CLAIMS AGAINST CITY

In recent months the Law Department has disapproved 98 claims against the city, 48 of them against the Public Works Department arising mostly from alleged defects in streets and sidewalks.

Claims against other departments included:

Building Department, 3; Fire Department, 14; Hospital Department, 3; Licensing Board, 1; Park Department, 8; Penal Institutions Department, 2; Police Department, 16; School Committee, 1, and Suffolk County Courthouse, 2.

Credit Union Shares Open for Purchase

The City of Boston Employees Credit Union has issued the following notice to all city employees:

¶ The Board of Directors are pleased to announce that the sale of shares will continue. It was voted to sell shares in the following manner. Between August 15, 1961, and ending October 31, 1961, members may purchase a total of ten (10) shares (\$50) or any part thereof. Shares may be purchased by mail but *every transaction must be accompanied by the passbook.*

¶ New members are welcome to join and may do so by a visit to the Credit Union Office, Room 37, City Hall.

PAUL L. CARTY, *Clerk.*

FREEDOM TRAIL TO HAVE SPECIAL LITTER DETAIL

In anticipation of a heavy influx of tourists to Boston this autumn, Public Works Commissioner James W. Haley stated, on September 16, he is assigning a special detail

of cleanup workers to constantly supervise sanitary conditions along the Freedom Trail.

Commissioner Haley said the men will pick up litter along the Trail on an hourly basis.

BACK BAY ZONING VARIANCE PETITION IS DISMISSED

The Board of Zoning Adjustment, on September 17, published the following:

NOTICE OF DECISION:

¶ This is to inform you that Petition No. 467, filed for Fred Podren, by Franklin H. Flashhner, attorney, requesting an extension of the R-155 (Residential, 155 feet in height) zone at Dartmouth street in Boston in an easterly direction so as to include an area zoned as R-80 (Residential, 80 feet in height) and bounded as follows:

On the north by the center line of Back street;
On the east by the center line of Embankment road;
On the south by the center line of Beacon street;
On the west by the center line of Dartmouth street;

has been DISMISSED WITHOUT PREJUDICE since the Supreme Judicial Court has held that a prior decision of the Board of Zoning Adjustment was legal and valid with respect to the area subject to the above petition and therefore the questions raised by the petition are now moot.

POLICE DEPARTMENT ORDER

September 14.

General Order No. 946.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department, effective Wednesday, September 20, 1961, at 7.45 o'clock A.M.:

Patrolman Michael J. Stapleton, Division 1, 40 years of service.

Patrolman John J. Carey, Division 2, 41 years of service.

Patrolman Albert L. McGeorge, Division 6, 41 years of service.

Patrolman Harold J. Martin, Division 15, 41 years of service.

Patrolman Michael J. Conway, Bureau of Criminal Investigation, 40 years of service.

General Order No. 947.

Editor's Note.—This order, containing approximately 6,500 words, gives specific instructions to the police officials and patrolmen assigned to the various polling places on Preliminary Election Day, September 26.

The instructions set forth are essentially the same for every primary and

election day. To save excessive printing costs the text of General Order No. 947 is not printed herewith. Anyone wishing to examine this order may do so at the "City Record" Office, Room 35, City Hall, Boston, between the hours of 9 a.m. and 5 p.m., on regular business days.

FIRE DEPARTMENT ORDERS

September 13.

General Order No. 38.

HEARING ON CHARGES.

A hearing was held at the office of the Fire Commissioner at 9.30 A.M., Tuesday, September 12, 1961, concerning the charge by the Fire Commissioner that the following-named members of the department, at one or more times during their employment in the Fire Department violated Rule 406, Section I, of the Rules and Regulations of the Boston Fire Department, to which charge they pleaded guilty, more particularly the provision thereof prescribing that a member of the Boston Fire Department shall not be employed in, or give personal attention to any other business:

Fire Lieutenant Edward F. Loonie, Engine Squad 29.

Fire Fighter-Aide to Deputy Edward M. McDonald, Ladder Company 8.

Principal Fire Alarm Operator Henry M. Lyons, Fire Alarm.

Principal Fire Alarm Operator Edward C. O'Hehir, Fire Alarm.

Senior Fire Alarm Operator James N. Fix, Fire Alarm.

Senior Fire Alarm Operator John H. Chinetti, Fire Alarm.

Working Foreman Lineman and Cable Splicer Paul D. Hackett, Fire Alarm.

All the foregoing-named members were found guilty of violation of Rule 406, Section I, and are hereby reprimanded.
